LUXOAK 47" Makeup Vanity Desk with Large Mirror & LED Lights

Model: CNS184 | Brand: LUXOAK

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your LUXOAK 47" Makeup Vanity Desk. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The vanity desk features a large mirror with LED lights, a tempered glass top, seven storage drawers, and an integrated charging station. Its fluted design offers a modern aesthetic suitable for various room decors.

IMPORTANT SAFETY INFORMATION

- Always assemble with two people to avoid injury.
- Be cautious of sharp edges during assembly and usage.
- Do not exceed the weight limit of the vanity.
- Keep electrical components dry and away from heat sources.
- Always unplug the vanity when not in use.
- Ensure the vanity is placed on a stable, level surface to prevent tipping.

ASSEMBLY INSTRUCTIONS

Assembly is required for this vanity desk. It is recommended that two people complete the assembly process. Power tools can make assembly easier, but hand tools are sufficient. The estimated assembly time is approximately one hour for two people.

Assembly Video Guide

Video 1: Step-by-step assembly instructions for the LUXOAK Vanity Desk. This video provides a visual guide to complement the written instructions.

Follow the detailed steps provided in the video and accompanying diagrams to ensure correct and secure assembly of all parts. Pay close attention to the orientation of panels and the correct hardware for each step.

OPERATING INSTRUCTIONS

LED Mirror Lights

► 3 Light Modes & Adjustable Brightness ◀

Figure 2: The LED lights offer three color modes and adjustable brightness for optimal illumination.

The large mirror is equipped with LED lights offering three lighting modes: Cool White (3000K), Warm White (4500K), and Warm Light (9000K). Use the inline control switch to cycle through the modes and adjust the brightness to your preference. Ensure the USB power cable for the lights is securely connected to the integrated charging hub or another suitable USB power source.

Integrated Charging Station

Charge Everything Right Here

FCC & UL Certified Charging Hub with 59" Heavy-duty Cable

Figure 3: The built-in charging hub provides convenient power access for various devices.

The vanity includes an FCC & UL certified charging hub with two AC outlets, one USB port, and one Type-C port. This allows you to power and charge electronic devices directly from the vanity. The power cord is 4.9 feet long. Always ensure the vanity is unplugged when not in use.

Hair Dryer Holder

Keep Your Hair Dryer Within Easy Reach

Figure 4: The metal hair dryer holder keeps your styling tools organized and within easy reach.

A dedicated metal holder is provided on the side of the vanity to store your hair dryer or other styling tools, keeping them organized and easily accessible.

Storage Drawers and Tempered Glass Top

Figure 5: The vanity offers ample storage with seven drawers and a clear tempered glass top for visible organization.

The vanity features seven drawers for ample storage of cosmetics, jewelry, and accessories. The tempered glass top allows for easy visibility of items stored in the top compartments, combining style with practical organization. The drawers operate on smooth metal slides for quiet and effortless opening and closing.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish or glass.
- **Glass Care:** For the tempered glass top, use a glass cleaner and a lint-free cloth.
- **Dusting:** Regularly dust the vanity with a dry, soft cloth.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the engineered wood.
- **Electrical Components:** Ensure all electrical connections are secure. Do not attempt to repair electrical components yourself; contact qualified personnel.

TROUBLESHOOTING

- **Lights Not Working:** Check if the USB power cable is securely connected to a power source. Ensure the inline control switch is turned on. If the issue persists, the cable or bulbs may need replacement.
- **Drawers Sticking:** Ensure the metal slides are properly aligned and free of obstructions. Check that all screws securing the slides are tightened.
- **Vanity Wobbles:** Verify that all assembly screws are tightened. Ensure the vanity is on a level surface; use shims if necessary to stabilize.
- **Damaged Parts:** If any parts are damaged upon arrival or during assembly, contact customer support for assistance.
