

Turtlebox Turtlebox Grande

Turtlebox Grande Outdoor Portable Bluetooth Speaker Instruction Manual

Model: Turtlebox Grande | Brand: Turtlebox

INTRODUCTION

The Turtlebox Grande is a rugged, waterproof, and ultra-portable Bluetooth speaker designed for outdoor use. It delivers powerful, distortion-free sound with deep bass, suitable for various environments. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your speaker.

WHAT'S IN THE BOX

- Turtlebox Grande Speaker
- Power Cable

SETUP

Initial Charge

Before first use, fully charge your Turtlebox Grande using the provided power cable. The battery indicator lights on the control panel will show charging progress.

Powering On/Off

- To power on, press and hold the power button () on the control panel until the indicator light illuminates.
- To power off, press and hold the power button until the indicator light turns off.

3 DAY BATTERY LIFE

OPERATING INSTRUCTIONS

Bluetooth Pairing

1. Ensure the Turtlebox Grande is powered on.
2. Press the Bluetooth button () on the control panel. The Bluetooth indicator light will flash, indicating it's in pairing mode.
3. On your device (smartphone, tablet, laptop), navigate to Bluetooth settings and select "Turtlebox Grande" from the list of available devices.
4. Once connected, the Bluetooth indicator light will remain solid.

Volume Control and Track Navigation

- Use the - and + buttons on the control panel to adjust the volume.
- Use the ◀▶ buttons to skip tracks forward or backward.

Party Mode (Multiple Speaker Pairing)

Party Mode allows you to connect multiple Turtlebox Grande speakers for a synchronized audio experience. To activate:

1. Ensure all speakers are powered on and not currently paired to a device.
2. On the primary speaker (the one you want to control), press the Party Mode button (*).
3. On each additional speaker, press the Party Mode button. They will automatically connect to the primary speaker.
4. Once connected, pair your device to the primary speaker via Bluetooth as described above.

Using Mic & Auxiliary Inputs and USB-C Output

The Turtlebox Grande features a sealed compartment for additional connectivity:

- **Mic Input:** Connect a standard 3.5mm microphone. This input functions even when playing music via Bluetooth.
- **Auxiliary Input:** Connect devices using a 3.5mm audio cable for wired playback.
- **USB-C Output:** Use this port to charge external devices, effectively turning your speaker into a portable power bank.

“Not only does it produce a booming 120db of sound thanks to a larger amp and driver, but it’s also waterproof and rugged enough to take the party anywhere.”

KEY FEATURES

- **High Output Audio:** Delivers up to 126 decibels of sound with a 10-inch woofer and 1.25-inch titanium tweeter.
- **Rugged Construction:** Built with metal, plastic, and rubber enclosure materials, featuring reinforced corner bumpers and a durable handle.
- **Waterproof & Dustproof:** IP67 rated, making it fully submersible and protected from dust.
- **Extended Battery Life:** Provides up to 25 hours of continuous playtime on a single charge.
- **Tie-Down Anchors:** Integrated stainless steel tie-downs allow secure mounting to UTVs, boats, or other surfaces.
- **Pro Audio Mount:** A built-in mounting interface on the bottom for use with speaker stands or tripods.

MAINTENANCE

- **Cleaning:** Wipe the speaker with a damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure all ports are sealed before cleaning with water.
- **Storage:** Store the speaker in a cool, dry place when not in use. For long-term storage, ensure the battery is partially charged (around 50%) to prolong its lifespan.
- **Battery Care:** Avoid fully discharging the battery frequently. Recharge as needed.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker does not power on.	Low battery.	Charge the speaker using the provided power cable.

Problem	Possible Cause	Solution
Cannot pair via Bluetooth.	Speaker not in pairing mode; device too far; interference.	Ensure speaker is in pairing mode (flashing Bluetooth light). Move device closer. Turn off other Bluetooth devices.
No sound or low volume.	Volume too low on speaker or device; incorrect input selected.	Increase volume on both speaker and connected device. Check if Bluetooth is connected or if Aux/Mic cables are properly inserted.
Party Mode not connecting.	Speakers not in Party Mode; too far apart.	Ensure all speakers are in Party Mode. Keep speakers within range of each other.
