HOMCOM 820-459V80WT

HOMCOM Modern Fireplace Mantel (Model 820-459V80WT) Instruction Manual

Brand: HOMCOM | Model: 820-459V80WT

1. INTRODUCTION

Thank you for choosing the HOMCOM Modern Fireplace Mantel. This freestanding fireplace surround is designed to enhance the aesthetic of your living space, whether paired with an electric fireplace or used as a standalone decorative piece. Its clean, minimalist design and sturdy construction ensure both style and durability.

This manual provides essential information for the safe assembly, installation, and maintenance of your new fireplace mantel. Please read all instructions carefully before beginning assembly.

2. SAFETY INFORMATION

- **General Safety:** Always handle components with care. Ensure all fasteners are tightened securely during assembly.
- **Material Warning:** This fireplace mantel is constructed from engineered wood and fir wood. MDF is considered a combustible material. Heat clearances must be adhered to. Before installing, check your local building codes and the manufacturer's instructions for your specific fireplace insert or stove.
- **Anti-Tipping Kit:** An anti-tipping kit is included to secure the mantel to the wall, preventing accidental tipping. Always install this kit for safety.
- **Mounting Hardware:** The mounting hardware for the mitered wood hanger board is not included with your purchase, as different wall mediums require different types of hardware. Please consult a professional for appropriate hardware selection and installation.
- **Two-Person Assembly:** It is recommended that two people be available for the installation of your fireplace mantel surround to ensure safety and ease of assembly.

3. PACKAGE CONTENTS

Verify that all components listed below are present and undamaged before proceeding with assembly.

- Fireplace Mantel Top Board
- Fireplace Mantel Legs (2 pieces)
- Assembly Hardware (screws, bolts, etc.)
- Anti-Tipping Kit (wall anchor, strap)

- 3-piece scribe moulding set (to hide gaps, if applicable)

4. SETUP AND ASSEMBLY

Follow these steps to assemble and install your fireplace mantel. Refer to the diagrams and videos for visual guidance.

1. **Prepare the Components:** Unpack all parts and lay them out on a soft, clean surface to prevent scratches. Identify the mantel top, legs, and hardware.
2. **Assemble the Mantel Structure:** Attach the legs to the top piece using the provided assembly hardware. Ensure all connections are firm and stable.
3. **Measure and Mark for Hanger Board:** Once the main mantel structure is assembled, place it on the ground. Measure the necessary height on your wall where the mitered hanger board will be mounted. Ensure the legs of the surround will sit flush to your hearth or floor.
4. **Install Hanger Board:** Drill pilot holes into the mitered hanger board. Mount the hanger board to the wall using

appropriate hardware for your wall material (not included). Ensure the hanger board is level and flush to the wall. Going into wall studs is recommended if possible.

5. **Mount the Mantel:** Carefully lift the assembled mantel and align it with the installed hanger board. Using your fist, firmly tap down all along the back edge of the top of the mantel (next to the wall) until the two mitered hanger boards are securely seated together and your mantel is flush to the wall.
6. **Install Anti-Tipping Kit:** Secure the fireplace mantel to the wall using the included back anti-tipping kit for enhanced stability and safety.
7. **Scribe Moulding (Optional):** Your purchase may include a 3-piece scribe moulding set designed to hide any gaps between the front of the mantel and the material behind it. Cut and/or place scribe moulding pieces if necessary. Legs may need to be readjusted for scribes to fit securely. Finish nails or construction adhesive (not included) may be needed for attaching the scribes. Please consult a professional if unsure.

5. USAGE GUIDELINES

This fireplace mantel is designed for decorative purposes and to frame electric fireplaces. It is not intended for use with traditional wood-burning fireplaces unless explicitly stated by the electric fireplace manufacturer and local building codes.

- **Decorative Top Surface:** The spacious top board is ideal for displaying photos, vases, and other decorative items.
- **Placement:** Position the mantel in a suitable indoor location, ensuring it is stable and securely mounted to the wall.

Figure 3: Decorative top surface for personalized display.

6. MAINTENANCE

- **Cleaning:** Wipe the mantel surface with a soft, damp cloth. Avoid using abrasive cleaners or harsh chemicals, as these may damage the finish.
- **Inspection:** Periodically check all fasteners and the anti-tipping kit to ensure they remain tight and secure.
- **Avoid Moisture:** Keep the mantel away from excessive moisture or direct heat sources to prevent warping or damage to the wood.

7. TROUBLESHOOTING

- **Mantel is Unstable:** Ensure the anti-tipping kit is correctly installed and tightened. Verify that the hanger board is securely mounted to the wall.
- **Parts Do Not Fit:** Double-check the assembly instructions and diagrams to ensure all parts are oriented correctly. Do not force components together.
- **Minor Cosmetic Imperfections:** Small paint imperfections may occur. These can often be touched up with appropriate paint if desired.

8. SPECIFICATIONS

- **Brand:** HOMCOM
- **Model Name:** Fireplace Mantel
- **Model Number:** 820-459V80WT
- **UPC:** 196393094204
- **Overall Dimensions:** 44.7" W x 9.3" D x 40" H
- **Material:** Engineered Wood, Fir Wood
- **Finish Type:** Powder Coated
- **Color:** White
- **Item Weight:** 22 Pounds
- **Weight Capacity:** 66 lbs (Top Surface)
- **Installation Type:** Wall Mount (with anti-tipping kit)
- **Specific Uses For Product:** Indoor
