

Diversey Taski Sprint Flower E1E

Diversey Taski Sprint Flower E1E Permanent Perfumed Surface Cleaner 5 L User Manual

Model: Taski Sprint Flower E1E | Product Code: 70024259

1. INTRODUCTION

The Diversey Taski Sprint Flower E1E is a professional-grade, permanent perfumed surface cleaner designed for effective cleaning and deodorizing of various washable hard surfaces. This concentrated formula provides powerful cleaning action while leaving a long-lasting floral scent, creating a fresh atmosphere in commercial and institutional environments. Its no-rinse formulation saves time and effort, making it an efficient solution for maintaining hygiene across large areas.

2. SAFETY INFORMATION

Always read the product label and Safety Data Sheet (SDS) before use. Adhere to all local regulations regarding chemical handling and disposal.

- **Keep out of reach of children.**
- **Avoid contact with eyes and skin.** In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- **Do not ingest.** If swallowed, seek medical advice immediately and show the container or label.
- **Use in well-ventilated areas.**
- **Wear appropriate personal protective equipment (PPE)** such as gloves and eye protection during handling and application.
- **Do not mix with other cleaning products** unless specifically instructed, as this may cause dangerous reactions.

3. PRODUCT OVERVIEW

Diversey Taski Sprint Flower E1E is a highly effective, concentrated liquid cleaner and deodorizer. It is formulated to deliver superior cleaning performance on a wide range of hard surfaces without leaving streaks or residue. The product's key features include:

- **Powerful Cleaning:** Effectively removes dirt and grime from various surfaces.
- **Long-Lasting Fragrance:** Imparts a pleasant, enduring floral scent.
- **No-Rinse Formula:** Eliminates the need for rinsing, saving time and labor.
- **Versatile Application:** Suitable for use on parquet, ceramic, PVC, laminate, and marble surfaces.
- **Concentrated:** Offers economical use with high cleaning performance from small quantities.
- **Automatic Dosing Compatible:** Can be used with professional automatic dosing systems.

4. PREPARATION AND DILUTION

Taski Sprint Flower E1E is a concentrated product and must be diluted before use. Proper dilution ensures optimal cleaning performance and cost-effectiveness.

1. **Consult the Product Label:** Always refer to the specific dilution instructions provided on the product label for accurate ratios based on the level of soiling and surface type.

2. **Prepare Solution:** Add the recommended amount of Taski Sprint Flower E1E to a bucket or spray bottle, then fill with water to the desired volume.
3. **Mixing:** Gently mix the solution. Avoid excessive agitation to prevent foaming.

Typical dilution ratios may vary, but a common starting point for general cleaning is 0.5% to 1% (5-10 ml per liter of water). Adjust as needed based on soil level.

5. OPERATING INSTRUCTIONS (APPLICATION)

Follow these steps for effective cleaning:

1. **Pre-clean (Optional):** For heavily soiled areas, remove loose debris or dust before applying the cleaning solution.
2. **Apply Solution:** Apply the diluted solution to the surface using a mop, cloth, or spray bottle. Ensure even coverage.
3. **Dwell Time:** Allow the solution a short contact time (e.g., 1-5 minutes) to penetrate and loosen dirt, especially for stubborn stains.
4. **Wipe Clean:** Wipe the surface with a clean mop or cloth. The no-rinse formula means you do not need to follow with clean water.
5. **Air Dry:** Allow the surface to air dry. The floral fragrance will become more noticeable as it dries.

Note: Always test the product on an inconspicuous area first to ensure compatibility with the surface material, especially on delicate or new surfaces.

6. MAINTENANCE (STORAGE AND HANDLING)

Proper storage and handling are essential to maintain product efficacy and ensure safety.

- **Storage:** Store the product in its original, tightly sealed container in a cool, dry, and well-ventilated area. Protect from extreme temperatures (freezing or excessive heat).
- **Handling:** Handle containers carefully to prevent spills. In case of a spill, contain the liquid and absorb with inert material (e.g., sand, earth, vermiculite). Dispose of absorbed material according to local regulations.
- **Disposal:** Dispose of unused product and empty containers in accordance with local environmental regulations. Do not pour into drains or waterways.

7. TROUBLESHOOTING

If you encounter issues during use, consider the following:

- **Poor Cleaning Performance:**
 - Ensure correct dilution ratio as per product label. Insufficient concentration may lead to poor results.
 - For heavy soiling, a higher concentration within the recommended range or a longer dwell time may be required.
 - Ensure cleaning tools (mops, cloths) are clean and not saturated with old dirt.
- **Streaks or Residue:**
 - Excessive product concentration can sometimes leave streaks. Reduce the dilution ratio.
 - Ensure the surface is wiped thoroughly.

- **Faint Fragrance:**
 - Ensure proper dilution. Over-dilution can reduce the scent's intensity.
 - Ensure the area is well-ventilated during and after cleaning to allow the fragrance to disperse naturally.

8. SPECIFICATIONS

Attribute	Detail
Brand	Diversey
Model	Taski Sprint Flower E1E
Product Code	70024259
