VECELO full bed frame with storage

VECELO Full Size Bed Frame with Storage Drawers and Wingback Headboard Instruction Manual

Model: full bed frame with storage

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Do not exceed the maximum load capacity of **1200 lbs**. Overloading can cause damage to the bed frame and potential injury.
- Exercise caution when using the integrated charging ports. Ensure cables are not pinched or damaged.
- Handle wooden slats and metal legs carefully during assembly to prevent injury.
- Be aware of heat generated by the LED lights during prolonged use. Ensure proper ventilation.
- Keep small parts away from children during assembly.
- Ensure all bolts and screws are securely tightened before using the bed. Periodically check and re-tighten if necessary.

2. PRODUCT OVERVIEW AND COMPONENTS

The VECELO Full Size Bed Frame is designed for comfort and convenience, featuring an upholstered wingback headboard, integrated LED lighting, USB and Type-C charging ports, and two storage drawers.

2.1 Key Features

- **Upholstered Wingback Headboard:** Provides comfort and prevents pillows from falling.
- **Integrated LED Lighting:** Multi-color and mode options controllable via app or remote.
- **Dual Charging Ports:** Two USB and two Type-C ports for convenient device charging.
- **Two Storage Drawers:** Spacious drawers with wheels for under-bed storage.
- **Side Pockets:** Convenient storage for small items like remotes or phones.
- **Sturdy Construction:** Metal frame with 10 wooden slats and 9 support legs for stability.
- **No Box Spring Needed:** Mattress can be placed directly on slats.

2.2 Package Contents

The package includes the bed frame components, an accessory bag with hardware, and this assembly instruction manual.

FULL

Capacity

1 Hour Assemble

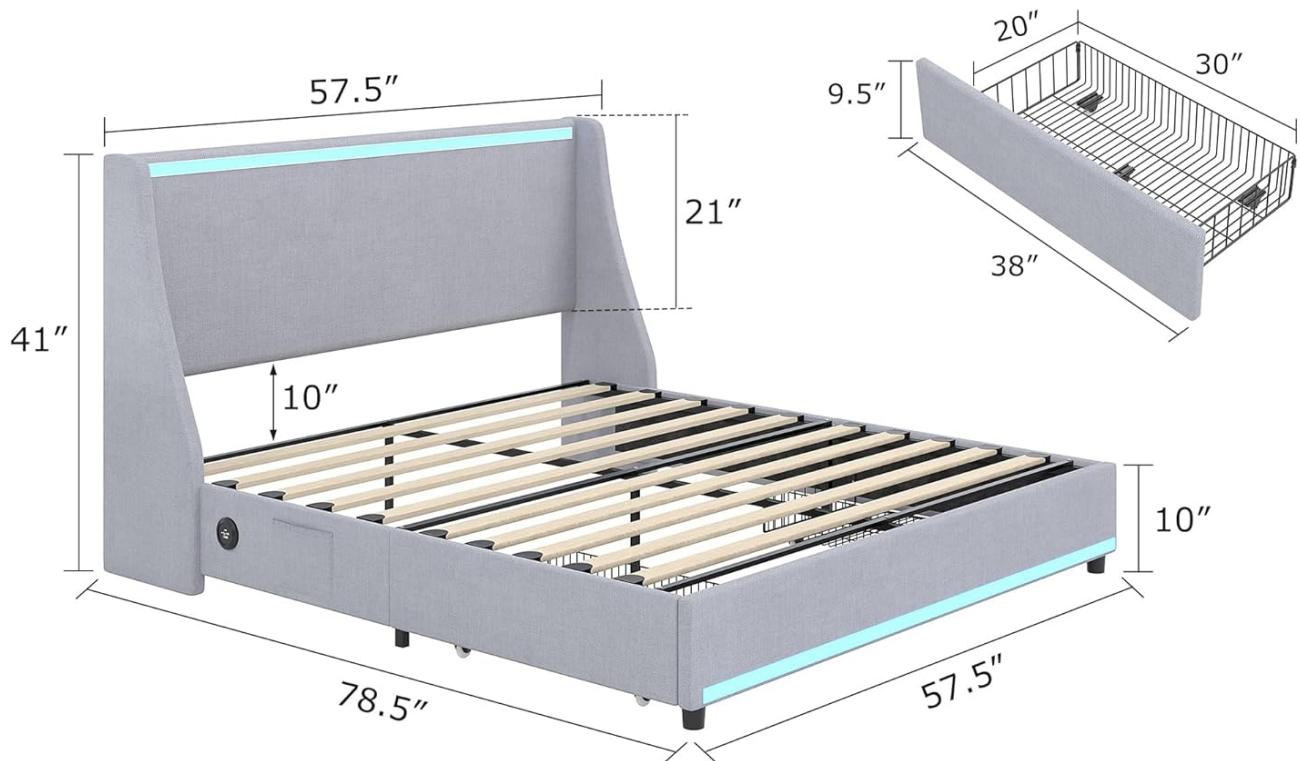

Figure 1: VECELO Full Size Bed Frame dimensions and components. The diagram shows the overall length of 78.5 inches, width of 57.5 inches, and headboard height of 41 inches. It also details the two storage drawers, each 38 inches long, 20 inches wide, and 9.5 inches deep.

3. ASSEMBLY INSTRUCTIONS

All parts are neatly packed in one box with clear labels. Follow the instructions carefully for a smooth assembly process. It is recommended to assemble with two people.

3.1 Before You Begin

- Clear a spacious area for assembly.
- Unpack all components and verify against the parts list (usually provided in the included manual).
- Ensure all hardware is present.

3.2 Step-by-Step Assembly (General Guide)

1. **Assemble the Headboard:** Attach the wingback sides to the main headboard panel using the provided hardware.
2. **Assemble the Footboard and Side Rails:** Connect the footboard and side rails to the assembled headboard. Ensure all connections are secure.

- 3. Install Center Support Beam and Legs:** Attach the central metal support beam and its legs to the bed frame.
- 4. Insert Wooden Slats:** The wooden slats feature a bolt-free, quick-lock assembly system. Snap them into place across the bed frame. Ensure they are evenly spaced and securely seated.

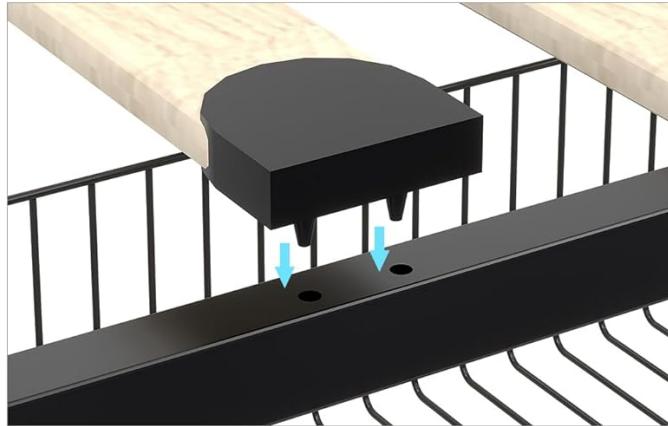

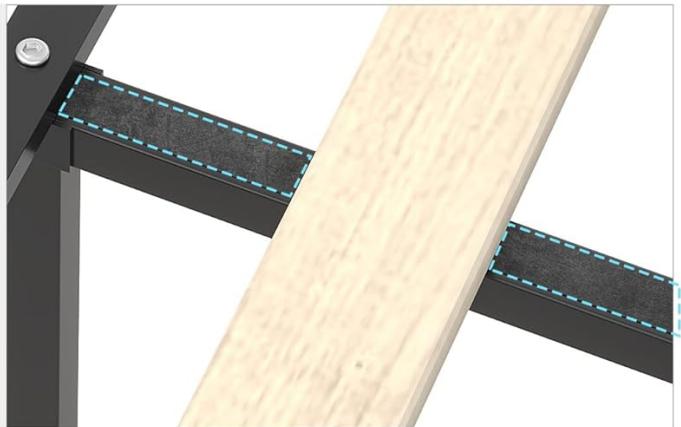

Sturdy Metal and Wood Slats Support

Metal frames and wooden slats provide strong and stable support

EVA Mute Sponge

Eliminates extra noise between slats to provide a quiet sleeping environment

Easy to Attach Slats

Snap-on slat design for easily assemble and disassemble

Figure 2: Details of the bed frame's support system, including metal and wood slats, EVA mute sponge, and the snap-on slat design for easy assembly.

- 5. Assemble Storage Drawers:** Follow the specific instructions for assembling the two storage drawers. Attach the wheels to the bottom of each drawer.

2 Large Drawers with Wheels

Figure 3: Illustration of the large storage drawers with smooth-rolling wheels, designed for easy access and storage under the bed.

6. **Connect LED Lighting and Charging Ports:** Connect the wiring for the LED lights and charging ports as indicated in the detailed manual. Ensure all connections are firm.
7. **Final Check:** Double-check all bolts and screws to ensure they are tightened. Place your mattress directly on the slats.

4. OPERATING INSTRUCTIONS

4.1 LED Lighting System

The integrated LED lights on the headboard and footboard can be controlled via a dedicated remote control or a smartphone application.

- **Remote Control:** Use the provided remote to power on/off, change colors, adjust brightness, select lighting modes (e.g., static, flash, fade), and set timing functions.
- **Smartphone App:** Download the recommended app (refer to the included LED light manual for app name and QR code). The app allows for more advanced customization, including music synchronization, mic mode, and dynamic lighting effects.

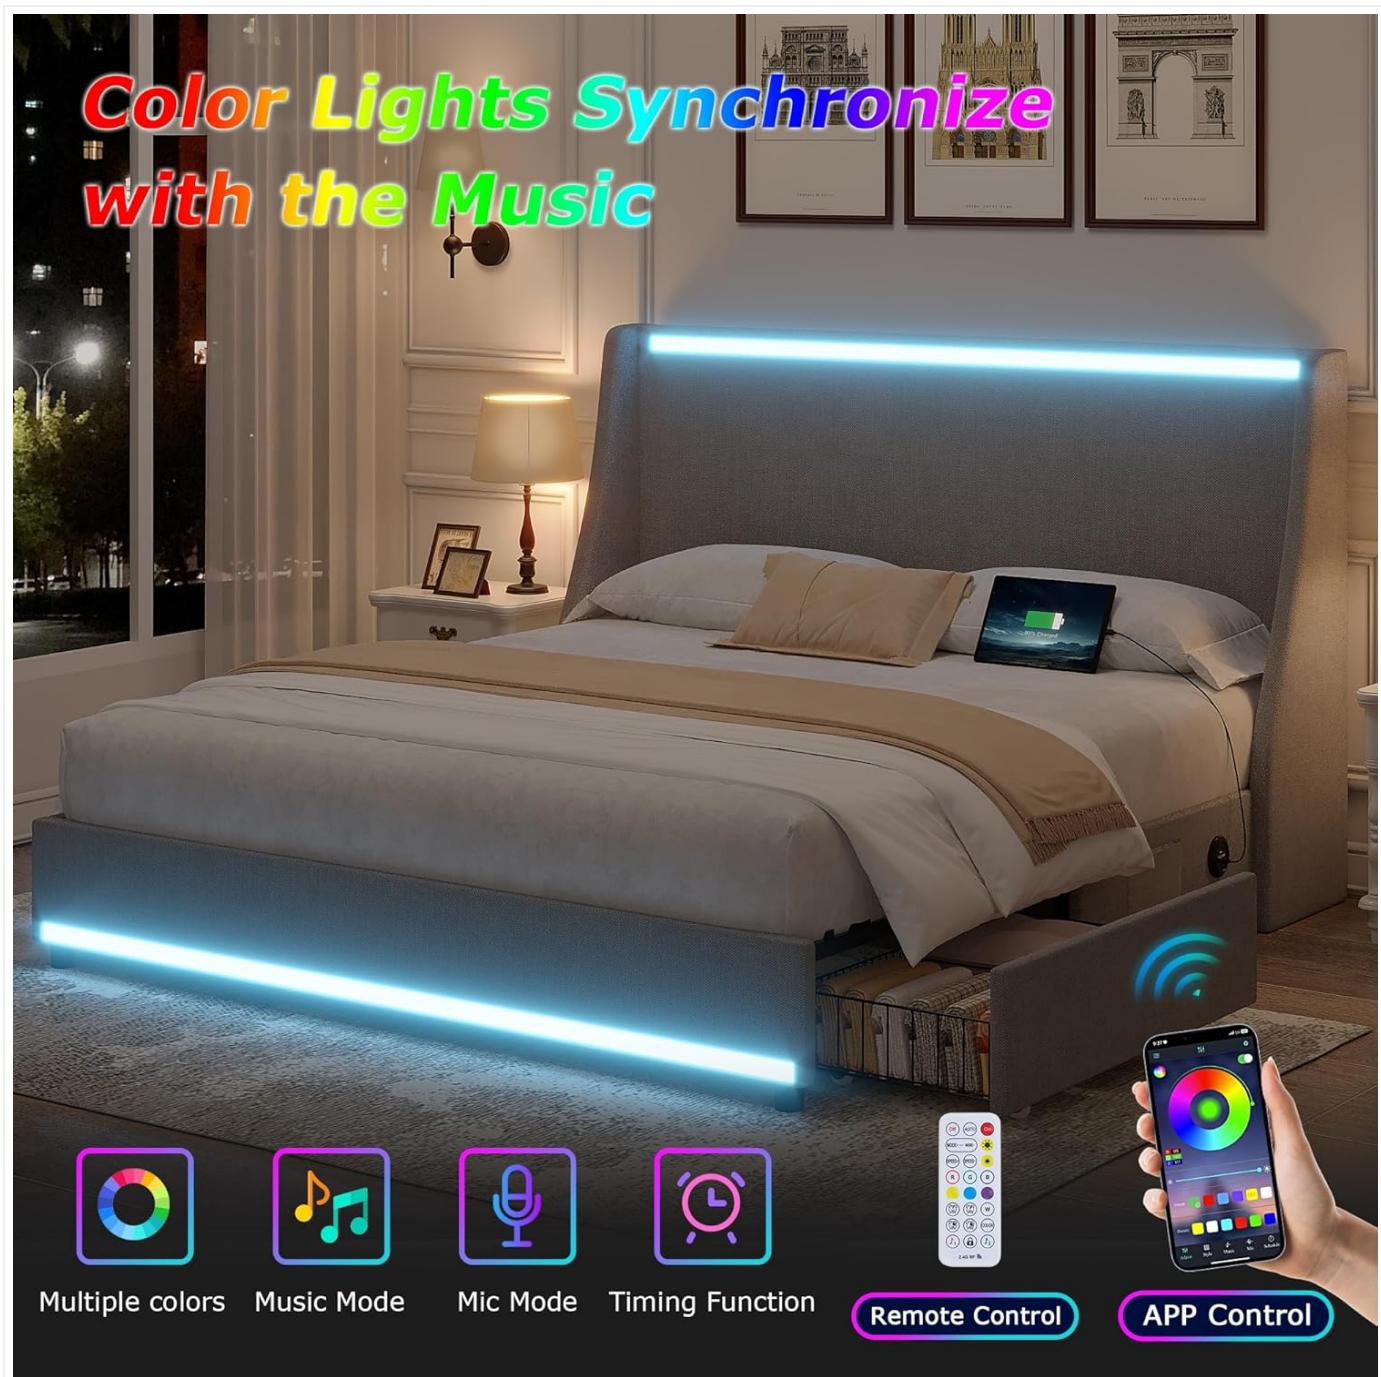

Figure 4: Control options for the LED lighting system, including the remote control and smartphone application, demonstrating various modes and color synchronization.

4.2 Charging Ports

The bed frame features two built-in charging stations, each with a USB port and a Type-C port, located on the side rails.

- Simply plug your device's charging cable into the appropriate USB or Type-C port.
- These ports are designed to charge phones, tablets, and other small electronic devices.
- Avoid plugging in high-power devices that exceed the port's capacity.

Figure 5: Detail of the integrated USB and Type-C charging ports and convenient side pockets.

4.3 Storage Drawers and Side Pockets

- **Storage Drawers:** Pull the drawers out from under the bed to access storage space for blankets, linens, or other items. The wheels ensure smooth operation.
- **Side Pockets:** Use the fabric pockets on the side of the bed frame to store small items like remote controls, magazines, or your phone for easy access.

5. MAINTENANCE AND CARE

Proper maintenance will ensure the longevity and appearance of your VECELO bed frame.

- **Cleaning the Upholstery:** For general cleaning, wipe the linen fabric with a dry cloth. For spills or stains, gently wipe with a damp cloth and mild soap, then blot dry immediately. Avoid harsh chemicals.
- **Metal and Wood Components:** Wipe metal and wood parts with a dry cloth to remove dust.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if any looseness is

detected to maintain stability.

- LED Lights:** The LED strips are designed for long life. If an issue occurs, consult the troubleshooting section or contact customer support. Do not attempt to repair the LED strips yourself.
- Charging Ports:** Keep the charging ports free of dust and debris. Do not force plugs into the ports.

6. TROUBLESHOOTING

This section addresses common issues you might encounter with your bed frame.

Problem	Possible Cause	Solution
Bed frame feels unstable or wobbly.	Loose bolts or screws; uneven floor; incorrect assembly of support legs.	Ensure all assembly hardware is fully tightened. Check that the center support legs are properly installed and making contact with the floor. Move the bed to a level surface or use shims under legs if the floor is uneven.
Squeaking noises from the bed frame.	Loose connections; friction between slats and frame; mattress movement.	Re-tighten all bolts and screws. Ensure the EVA mute sponges are correctly placed between slats and the frame to reduce friction. Check if the mattress itself is causing the noise.
LED lights are not working.	Power connection issue; remote control battery dead; app not connected.	Verify that the LED light power cable is securely plugged into a working outlet and connected to the bed frame. Replace the battery in the remote control. Ensure your smartphone app is correctly paired with the LED system.
Charging ports are not providing power.	Power cable disconnected; device cable faulty; port malfunction.	Check that the bed frame's main power cable (if applicable for charging ports) is plugged in. Try a different charging cable and device to rule out cable/device issues. Ensure the charging port connections within the bed frame are secure (refer to assembly manual).
Drawers are difficult to open/close.	Obstruction; damaged wheels; uneven floor.	Check for any items obstructing the drawer's path under the bed. Inspect the wheels for damage or debris. Clean if necessary. Ensure the bed frame is on a level surface.

7. SPECIFICATIONS

Feature	Detail
Size	Full
Product Dimensions (L x W x H)	78.5" x 57.5" x 41"

Color	Classic Grey
Material	Linen, Metal, Wood
Height of Headboard	41 inches
Max Load Capacity	1200 lbs
Product Weight	92 pounds
Box Spring Required	No
Number of Slats	10 PCS
Special Features	Charging Station (USB & Type-C), LED Lighting, Storage Drawers, Wingback Headboard
Assembly Required	Yes
Included Components	Bed Frame, Accessory Bag, Assembly Instructions
