## PawHut D30-905V00LG

# PawHut 70-inch Multi-Level Cat Tree Tower Instruction Manual

Model: D30-905V00LG

## INTRODUCTION

Thank you for choosing the PawHut 70-inch Multi-Level Cat Tree Tower. This cat tree is designed to provide a comprehensive activity center for your feline companions, featuring multiple levels, cozy resting spots, and robust scratching surfaces. Please read this manual thoroughly before assembly and use to ensure safe and correct installation and operation.

## SAFETY INFORMATION

- Always place the cat tree on a flat, stable surface to prevent tipping.
- Ensure the anti-tip strap is securely fastened to a wall for enhanced stability, especially in multi-cat households or with active cats.
- Regularly check all screws and connections to ensure they remain tight. Loose parts can compromise stability.
- This cat tree is suitable for cats up to 10 lbs (5 kg). Do not exceed the recommended weight limit.
- Keep small children away from the cat tree during assembly and ensure they do not climb on it.
- Inspect the cat tree periodically for any damage or wear. Discontinue use if significant damage is found.

### PACKAGE CONTENTS

Before beginning assembly, please verify that all components are present and undamaged. The package should contain:

- All necessary cat tree parts (posts, platforms, condos, perches, hammock, scratching board).
- Dangling toy balls.
- Assembly hardware (screws, Allen wrench).
- Instruction Manual.

### ASSEMBLY INSTRUCTIONS

This cat tree is designed for effortless assembly. Please follow the detailed step-by-step instructions provided in the included printed user manual. Assembly typically takes less than 45 minutes. It is recommended to have a second person assist during certain steps for easier handling and stability.

1. Unpack all components and lay them out on a clean, flat surface.
2. Identify each part using the provided parts list in the manual.
3. Begin by attaching the base platform to the lowest support posts.
4. Continue building upwards, connecting platforms, condos, and perches as indicated in the manual diagrams.
5. Secure all scratching posts firmly.
6. Attach the hammock and dangling toy balls.
7. Once fully assembled, position the cat tree in its desired location and secure it to a wall using the anti-tip strap.

## OPERATING (USAGE)

The PawHut Multi-Level Cat Tree Tower provides a variety of activities for your cat:

- **Climbing and Jumping:** Multiple platforms and levels encourage natural climbing and jumping behaviors, providing exercise and mental stimulation.
- **Scratching:** Sisal-wrapped posts and scratch boards offer designated areas for scratching, helping to maintain claw health and protect your furniture.
- **Resting and Cuddling:** Two plush top perches, two enclosed cat condos, and a comfortable hammock provide soft, secure spaces for napping, observing, and relaxing.
- **Play:** Dangling toy balls attached to the tree encourage playful interaction and hunting instincts.

## MAINTENANCE

To ensure the longevity and hygiene of your cat tree, follow these maintenance guidelines:

- **Cleaning:** Spot clean only. Fur and debris can be easily removed with a lint roller or a vacuum cleaner with a brush attachment. Do not use harsh chemicals or immerse in water.
- **Inspection:** Periodically check all structural components, including posts, platforms, and connections, for any signs of wear, damage, or loosening. Tighten any loose screws.
- **Sisal Posts:** The sisal scratching posts are designed to withstand scratching. If they become heavily frayed, they may need replacement to maintain their effectiveness.

## TROUBLESHOOTING

If you encounter any issues with your PawHut Cat Tree, consider the following:

- **Instability:** Ensure all screws are tightened and the anti-tip strap is securely anchored to a wall stud.

Verify the cat tree is on a level surface.

- **Missing Parts:** If any parts are missing upon arrival, please contact customer support with your purchase details.
- **Cats Not Using the Tree:** Encourage your cat by placing treats or familiar toys on different levels. Some cats may need time to adjust to a new structure.
