PawHut D51-453V00BK

PawHut Modular Cat Cage Instruction Manual

Model: D51-453V00BK

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your PawHut Modular Cat Cage, Model D51-453V00BK. Designed to offer a safe and comfortable environment for 1-3 cats, this multi-level enclosure features a customizable modular design, multiple access points, and integrated play accessories. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

SAFETY INFORMATION

- Ensure all connectors are securely fastened during assembly to prevent collapse.
- Place the cage on a flat, stable surface to avoid tipping.
- Do not allow children to climb on or play inside the cage unsupervised.
- Regularly inspect the cage for any damaged parts or loose connections. Replace or repair as necessary.
- This product is designed for indoor use only.
- Keep small children and pets away from small parts during assembly.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

- Modular panels (49 pieces)

- Connectors
- Jumping platforms (3 pieces)
- Ramps
- Hammock
- Non-slip feet
- Assembly tools (e.g., small hammer, cable ties)

SETUP AND ASSEMBLY

The PawHut Modular Cat Cage features a DIY design, allowing for flexible configurations. Follow these general steps for assembly:

1. **Unpack Components:** Carefully remove all panels, connectors, and accessories from the packaging.
2. **Plan Your Layout:** Decide on the desired configuration for your cat cage. The 49 panels can be arranged to suit your space and your cat's needs.
3. **Assemble the Base:** Connect the bottom panels using the provided connectors to form the base of the cage. Ensure all connections are firm.
4. **Build Upwards:** Continue adding panels and connectors layer by layer, following your planned design. Use the small hammer to gently tap connectors into place for a secure fit.
5. **Install Platforms and Ramps:** Integrate the jumping platforms and ramps as you build, ensuring they are securely attached to the panels at appropriate heights for your cat.
6. **Attach Hammock:** Hang the hammock in a desired location for your cat's comfort.
7. **Secure Doors:** Ensure all 5 access doors are properly installed and can be securely closed.
8. **Add Non-slip Feet:** Attach the non-slip feet to the bottom connectors to protect your floor and provide stability.

OPERATING INSTRUCTIONS

Once assembled, the PawHut Modular Cat Cage is ready for use. Its design prioritizes ease of access and pet comfort.

- **Placing Your Cat:** Gently introduce your cat to the cage. Provide familiar bedding, toys, and a litter box to help them adjust.
- **Access Doors:** The cage features 5 lockable doors for easy interaction, feeding, and cleaning. Ensure doors are securely latched when your cat is inside.
- **Utilizing Levels:** Encourage your cat to explore the multiple levels, platforms, and ramps. The hammock provides a comfortable resting spot.
- **Ventilation:** The open wire design ensures good air circulation throughout the cage.

MAINTENANCE

Regular cleaning and maintenance will ensure the longevity and hygiene of your cat cage.

- **Daily Cleaning:** Remove any waste, clean the litter box, and wipe down soiled surfaces with a pet-safe cleaner.
- **Weekly Deep Clean:** For a thorough cleaning, you may disassemble sections of the cage. Wash panels, platforms, and ramps with mild soap and water. Rinse thoroughly and dry completely before reassembly.
- **Hammock Care:** The hammock can be removed and machine washed according to its care label.
- **Inspection:** Periodically check all connectors and panels for wear, damage, or looseness. Tighten connections as needed.

Image: The base design allows for easy placement and removal of a litter box for cleaning.

TROUBLESHOOTING

If you encounter issues with your cat cage, refer to the following common problems and solutions:

- **Cage feels unstable:** Ensure all connectors are fully engaged and securely fastened. Check that the cage is placed on a level surface.
- **Panels not fitting:** Verify that you are using the correct panels and connectors for each section. Apply gentle pressure or use the small hammer to ensure a snug fit.
- **Cat not using accessories:** Some cats may need time to adjust. Place treats or familiar toys on platforms and in the hammock to encourage exploration.
- **Difficulty cleaning:** The modular design allows for partial disassembly to access hard-to-reach areas for cleaning.
