COZIWOW CW12E0776-SFA09

COZIWOW Floor-to-Ceiling Cat Tree Instruction Manual

Model: CW12E0776-SFA09

INTRODUCTION

Thank you for choosing the COZIWOW Floor-to-Ceiling Cat Tree. This adjustable 5-tier cat tower is designed to provide a safe and engaging environment for your cats, maximizing vertical space in your home. This manual provides essential information for the proper assembly, use, and maintenance of your cat tree.

Please read these instructions carefully before assembly and retain them for future reference.

SAFETY INSTRUCTIONS

- Ensure all components are securely fastened during assembly and periodically check for tightness.
- Place the cat tree on a flat, stable surface. The adjustable tension mechanism must be properly engaged between the floor and ceiling to prevent tipping.
- Do not allow children to climb on or play with the cat tree. It is designed for feline use only.
- Regularly inspect the cat tree for any signs of wear, damage, or loose parts. Replace worn sisal posts or damaged components immediately.
- Keep the cat tree away from open flames, heaters, and other heat sources.
- The maximum weight capacity per platform is 50 lbs. Do not exceed this limit.

Safety First

Ensuring Your Cat's Well-Being
Solving Indoor Climbing Issues

SETUP AND ASSEMBLY

The COZIWOW Floor-to-Ceiling Cat Tree is designed for tool-free assembly. Follow these steps for a secure installation:

- 1. Unpack Components:** Carefully remove all parts from the packaging and verify against the included parts list.
- 2. Assemble Base Section:** Connect the lowest scratching post section to the base plate.
- 3. Attach Platforms and Accessories:** Progressively attach the various platforms, hammock, and condo cave sections to the main support column as per the illustrated instructions. Ensure all connections are hand-tightened securely.

4. **Adjust Height:** Position the assembled cat tree in your desired location. Extend the top adjustable pole until it makes contact with the ceiling.
5. **Secure Tension:** Rotate the tension bolts at the top of the cat tree to create firm pressure between the ceiling and the base. This tension is crucial for stability. Ensure the tree is plumb and stable.
6. **Final Check:** Gently push and pull the cat tree to confirm it is stable and does not wobble. Adjust tension as needed.

OPERATING INSTRUCTIONS

The COZIWOW Cat Tree provides multiple levels and features for your cat's enjoyment:

- **Climbing and Perching:** Cats can use the various platforms and perches for climbing, observing their surroundings, and resting.
- **Scratching:** The sisal-wrapped posts are designed for scratching, helping to maintain claw health and protect your furniture.
- **Lounging:** The hammock and condo cave offer comfortable, enclosed spaces for napping and relaxation.
- **Play:** Encourage your cat to explore all levels and features of the tree.

MAINTENANCE

- **Cleaning:** The wood surfaces can be wiped clean with a damp cloth. For sisal posts, use a vacuum cleaner or a lint roller to remove cat hair. Avoid harsh chemicals.
- **Sisal Post Replacement:** The sisal posts are designed to be replaceable. When they become heavily worn, contact COZIWOW customer support for replacement parts.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Re-tighten as necessary.

TROUBLESHOOTING

- **Cat Tree Wobbles:**

- Ensure the base is on a flat, even surface.
- Re-check the tension bolts at the top of the tree. They must be firmly tightened against the ceiling.
- Verify all connecting screws between sections are secure.

- **Parts Missing or Damaged:**

- Contact COZIWOW customer support immediately with your purchase details.

SPECIFICATIONS

Model Number	CW12E0776-SFA09
Brand	COZIWOW
Material	Solid Pine Wood, Sisal Rope
Adjustable Height Range	89 - 112 inches (226 - 284 cm)
Base Dimensions	Approximately 15.7" x 15.7" (40 cm x 40 cm)
Support Column Diameter	5.5 inches (14 cm)
Platform Weight Capacity	50 lbs per platform
Product Weight	26.67 lbs (12.1 kg)
