## 2. SAFETY INFORMATION

---

To ensure safe operation and prevent damage, please observe the following safety precautions:

- Always unplug the vanity when not in use or before cleaning.
- Keep electrical cords away from water and heat sources to prevent electrical hazards.
- Exercise caution with sharp edges during assembly and use.
- Do not place excessively heavy objects on the glass top to prevent damage or breakage.
- Always follow the assembly instructions carefully to avoid injury and ensure structural integrity.
- Ensure the vanity is placed on a stable, level surface to prevent tipping.

## 3. PACKAGE CONTENTS

---

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Vanity Desk Frame Components (Engineered Wood)
- Large Mirror with 10 Hollywood-style LED Bulbs
- Transparent Tempered Glass Tabletop
- Drawers (2)
- Shelves (3)
- Acrylic 2-tier Storage Cabinet
- Built-in Power Outlet Unit (2 standard electrical outlets, 2 USB ports)
- Hair Dryer Stand
- Assembly Hardware (screws, dowels, cam locks, etc.)
- Assembly Tools (if included, otherwise standard household tools required)
- Instruction Manual

## **4. SETUP & ASSEMBLY**

---

Assembly is required for this vanity desk. All parts and accessories are clearly labeled, and step-by-step instructions are included in the package. Please follow the provided instructions carefully. It is recommended to have two people for assembly.

Image 4.1: Product dimensions for planning assembly space.

#### 4.1 General Assembly Steps (Refer to included manual for detailed steps)

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface to prevent scratches. Verify all parts against the package contents list.
2. **Assemble the Base Frame:** Connect the main desk panels using the provided hardware. Ensure all connections are secure.
3. **Install Drawers and Shelves:** Follow the specific instructions for installing drawer slides and assembling the drawer boxes. Insert shelves into the designated slots.
4. **Attach the Mirror Unit:** Carefully attach the mirror unit to the main desk structure. Ensure it is securely fastened and stable.
5. **Place the Glass Top:** Gently place the transparent tempered glass tabletop onto the designated area.
6. **Connect Electrical Components:** Plug in the LED mirror lights and the built-in power outlet unit. Ensure all cables are routed safely and neatly.

7. **Final Checks:** Confirm all screws are tightened, and the vanity is stable.

## 5. OPERATING INSTRUCTIONS

### 5.1 LED Mirror Lights

The large mirror features 10 Hollywood-style LED bulbs with adjustable settings.

- **Power On/Off:** Locate the touch sensor on the mirror surface to turn the lights on or off.
- **Change Color Modes:** Tap the touch sensor to cycle through three color temperature modes: warm yellow, warm white, and cool white.
- **Adjust Brightness:** Press and hold the touch sensor to adjust the brightness level. Release when the desired brightness is achieved.

Image 5.2: Visual comparison of Cool White, Warm White, and Warm Yellow light settings.

## 5.2 Built-in Charging Station

The vanity includes a built-in charging station for convenience.

- **Power Outlets:** Use the 2 standard electrical outlets (125V/12A) to power hair tools or other devices.
- **USB Ports:** Use the 2 USB ports (5V/2A) to charge smartphones, tablets, and other USB-powered devices.
- **Hair Dryer Stand:** Utilize the dedicated stand to store your hair dryer when not in use.

### 5.3 Glass Top and LED Drawers/Cabinet

The vanity features a transparent tempered glass tabletop and built-in LED lights in the drawers and cabinet.

- **Transparent Glass Top:** Provides a clear view of stored items, allowing for quick access to cosmetics and accessories.
- **LED Drawers/Cabinet:** The built-in LED lights in the drawers and cabinet illuminate the contents, adding both functionality and style. These lights typically activate when the drawer/cabinet is opened.

## Transparent Glass Top & LED Drawer

Transparent glass provides a clear view of stored items, allowing for quick access to cosmetics

## 6. MAINTENANCE

Proper care and maintenance will extend the life of your vanity desk.

- **Cleaning the Surface:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Cleaning the Glass Top:** Use a glass cleaner and a microfiber cloth to clean the tempered glass top. Do not spray cleaner directly onto the glass; apply it to the cloth first.
- **Mirror Care:** Clean the mirror surface with a soft, lint-free cloth and a non-abrasive glass cleaner. Avoid getting moisture into the LED bulb housings.
- **Electrical Components:** Ensure all electrical connections are dry and free from dust. Do not attempt to service the

electrical components yourself.

- **General Care:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.

## 7. TROUBLESHOOTING

---

If you encounter issues with your vanity desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
LED mirror lights do not turn on.	Power cord not plugged in; loose connection; faulty bulb.	Ensure the power cord is securely plugged into a working outlet. Check all electrical connections. If a bulb is faulty, contact customer support for replacement options.
Lights are dim or flickering.	Brightness setting too low; power fluctuation.	Adjust the brightness using the touch sensor. Ensure the vanity is connected to a stable power source.
Vanity desk feels unstable or wobbly.	Loose assembly hardware; uneven floor.	Check and tighten all screws and fasteners. Ensure the vanity is on a level surface; use furniture pads if necessary to stabilize.
Drawers do not slide smoothly.	Improperly installed drawer slides; obstruction.	Verify that drawer slides are installed correctly and are free from obstructions. Ensure drawers are not overloaded.
Power outlets/USB ports not working.	Power cord not plugged in; circuit breaker tripped.	Ensure the vanity's main power cord is plugged in. Check your household circuit breaker.
