Gaderth PHO_15AM19HB 8x4x6 FT Heavy-Duty Outdoor Metal Dog Kennel Instruction Manual

Model: PHO_15AM19HB | Brand: Gaderth

1. INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Gaderth PHO_15AM19HB 8x4x6 FT Heavy-Duty Outdoor Metal Dog Kennel. Designed for medium and large dogs, this kennel offers a secure and comfortable outdoor space with a protective roof and convenient features. Please read this manual thoroughly before assembly and use to ensure proper setup and safety for your pet.

2. IMPORTANT SAFETY INSTRUCTIONS

- Always ensure all panels and connections are securely fastened before placing your pet inside.
- Regularly inspect the kennel for any signs of wear, damage, or loose components. Repair or replace as necessary.
- Ensure the kennel is placed on a level and stable surface to prevent tipping.
- Do not allow children to play unsupervised near or inside the kennel.
- The waterproof canopy provides protection from sun and rain; however, do not leave pets unattended during extreme weather conditions.
- Ensure adequate ventilation within the kennel, especially during warm weather.
- Keep the kennel clean to maintain a hygienic environment for your pet.
- This kennel is designed for pets. Do not use it for purposes other than its intended use.

3. PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Heavy-duty galvanized iron pipe panels
- Waterproof canopy (PE tarp)
- Lockable gate mechanism
- Dedicated feeding door with stainless steel bowls
- Assembly hardware (screws, clips, etc.)

- Divider

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires two people. Follow these steps for proper setup:

1. **Connect the Panels:** Begin by connecting the main panels using the provided clips and screws. Ensure the panels are aligned correctly and tighten the screws by hand to secure the mounting clips. Continue connecting all panels in sequence to form the base structure of the kennel.
2. **Install the Roof Frame:** Insert the roof frame tubes into the designated panel tubes. Secure the roof frame by tightening the screws. Ensure the roof frame is correctly oriented to allow for proper canopy installation.
3. **Install the Canopy:** Place the waterproof PE tarp over the installed roof frame. Use the provided ball bungee cords to secure the canopy to the frame's grommets. Ensure the canopy is taut and covers the entire roof area for maximum protection.
4. **Install the Door Lock:** Attach the door lock mechanism to the main gate using the provided screws. Test the lock to ensure it functions smoothly and securely.
5. **Install Dog Bowls:** Secure the bowl holders to the dedicated feeding door using the provided screws. Once the holders are firm, place the stainless steel dog bowls into them.
6. **Enhance Stability:** For added stability, especially on soft ground, use the provided ground stakes to anchor

the kennel to the ground. If placing on a hard surface, anchor brackets can be used (sold separately) to secure it to walls or concrete.

Video 1: This video demonstrates the step-by-step assembly process for a large outdoor dog kennel, including connecting panels, installing the roof, securing the cover, attaching door locks, and setting up the feeding bowls.

5. OPERATING INSTRUCTIONS

- **Main Gate:** The main gate is secured with a lockable latch. To open, disengage the latch and swing the door open. Always ensure the gate is securely latched when your pet is inside.
- **Feeding Door:** The dedicated feeding door allows for convenient feeding without opening the main gate. Simply unlatch the small door, rotate the bowl holders outwards, fill the bowls, and rotate them back into position before latching the door.
- **Waterproof Canopy:** The canopy provides shade and protection from rain. Ensure it is securely fastened with the bungee cords to prevent it from dislodging in windy conditions.

Video 2: This video provides a brief overview of a large outdoor dog kennel, highlighting the feeding bowls and overall structure.

6. MAINTENANCE AND CARE

- **Cleaning:** The metal frame and panels can be easily rinsed with water. For deeper cleaning, use a mild soap solution and a soft brush, then rinse thoroughly. The stainless steel bowls are removable and dishwasher safe.
- **Canopy Care:** Periodically clean the canopy with water and a soft cloth to remove dirt and debris. Ensure it is dry before folding or storing for extended periods.
- **Inspection:** Regularly check all bolts, latches, and connections to ensure they remain tight and secure. Inspect the mesh for any damage or sharp edges.

WATERPROOF AND ANTI-UV COVER
