IMPORTANT SAFETY INSTRUCTIONS

Please read and follow these safety guidelines carefully to prevent injury or damage to the device:

- Do not use the device near eyes or ears.
- Do not keep the device near liquids.
- Clean the device after each use.
- Keep the device out of reach of children.
- Avoid inhaling or swallowing small parts.

PRODUCT FEATURES

Hair Clipper (VGR 001)

- **Blades:** Ceramic and DLC coated for smooth, precise cutting.

- **Speed Settings:** 21 adjustable speeds from 7,000 to 9,000 RPM, adjustable in 100 RPM increments.
- **Battery:** 4,600 mAh, providing 260-300 minutes of runtime with a 3-hour charge.
- **Visibility:** Integrated LED spotlight.
- **Grip:** Non-slip rubber handle for stable and comfortable use.

Trimmer (VGR 977)

- **Blades:** Ceramic and DLC for precise and smooth trimming.
- **Speed Settings:** 21 adjustable speeds from 6,000 to 8,000 RPM, ideal for beards, sideburns, and precision work.
- **Battery:** 2,500 mAh, providing 260-300 minutes of runtime with a 1.5-hour charge.
- **Visibility:** LED spot for low-light conditions.
- **Grip:** Non-slip handle for comfortable use.

Electric Shaver (VGR 377)

- **Blade:** Dual-layer titanium alloy blade for a clean and comfortable shave.
- **Motor:** Brushless DC motor reaching 9,000 RPM.
- **Speed Settings:** 21 adjustable speeds from 7,000 to 9,000 RPM.
- **Battery:** 1,400 mAh lithium battery, recharging in 2 hours for 120-140 minutes of runtime.
- **Display:** Real-time LED screen showing battery level.

Integrated Charging Station

- Allows simultaneous charging of the clipper, trimmer, and shaver.
- LED indicators show real-time charging status.
- Helps organize tools and minimize clutter.

SETUP

Initial Charging

1. Place the hair clipper, trimmer, and shaver onto the integrated charging station.
2. Connect the power adapter to the charging station and plug it into a suitable power outlet.
3. The LED indicators on the charging station and devices will show the charging status. Ensure all devices are fully charged before first use.

Attaching Guide Combs

1. Select the desired guide comb size for your hair clipper or trimmer.
2. Align the comb with the blade and push it firmly until it clicks into place.
3. To remove, gently pull the comb away from the blade.

ATTENTION PEIGNES

OPERATING INSTRUCTIONS

Power On/Off

Press the power button on each device to turn it on or off. The LED display will activate upon powering on.

Adjusting Speed

For the hair clipper, trimmer, and shaver, rotate the central button to adjust the speed settings. Each rotation changes the RPM by 100, allowing for precise control over your grooming experience.

Using the Hair Clipper (VGR 001)

Attach the appropriate guide comb. Start cutting from the bottom of the head, moving upwards against the direction of hair growth. Use smooth, even strokes for a consistent cut.

Using the Trimmer (VGR 977)

The trimmer is ideal for detailing, shaping beards, sideburns, and necklines. Use without a comb for close trimming or with a small guide comb for specific lengths. Hold the trimmer at an angle and move it gently against the skin.

Using the Electric Shaver (VGR 377)

For a close shave, press the shaver gently against your skin and move it in short, circular motions or against the direction of hair growth. The flexible head will adapt to facial contours.

Image: Demonstrating the use of the VGR electric shaver.

LED Display

The LED display on each device shows the current battery level and RPM (revolutions per minute), allowing you to monitor performance and charge status.

MAINTENANCE

Cleaning After Each Use

1. Turn off the device and remove any attached guide combs.

2. For the shaver, press the unlock button and hold it to remove the shaver head for easy cleaning of beard and debris with a brush.
3. Use the provided cleaning brush to remove hair clippings from the blades and inside the device.
4. Wipe the body of the device with a clean, dry cloth.

TÊTE DE RASOIR AMOVIBLE

Appuyez sur le bouton de déverrouillage et maintenez-le enfoncé, puis retirez la tête du rasoir pour un nettoyage facile de la barbe et des débris avec une brosse.

Image: Removable shaver head for easy cleaning.

Oiling the Blades

Regularly apply a few drops of the provided blade oil to the blades of the hair clipper and trimmer. This ensures smooth operation and prolongs blade life. Turn on the device for a few seconds after oiling to distribute the oil evenly.

TROUBLESHOOTING

- **Device not turning on:** Ensure the device is fully charged. Connect it to the charging station and check the LED indicators.
- **Poor cutting performance:** Clean the blades thoroughly to remove any hair buildup. Apply blade oil. If

performance does not improve, the blades may need replacement.

- **Unusual noise:** Turn off the device and check for any obstructions in the blades. Clean and oil the blades.
