MAINTENANCE

Regular maintenance will help preserve the appearance and functionality of your vanity desk.

- **Cleaning Surfaces:** Wipe down all surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth to clean the mirror surface. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Stool Cushion:** The leather-like cushion is easy to wipe clean with a damp cloth and mild soap if necessary.
- **Drawer Slides:** Periodically check drawer slides for smooth operation. If they become stiff, a small amount of silicone lubricant can be applied.

TROUBLESHOOTING

If you encounter any issues with your vanity desk, please refer to the following common solutions:

- **Lights Not Working:**
 - Ensure the vanity desk is properly plugged into a working power outlet.
 - Check if the power switch for the lights is turned on.
 - Verify that the touch control on the mirror is functioning by gently pressing it.
- **Charging Station Not Functioning:**
 - Confirm the main power cord for the vanity is securely plugged in.
 - Test the outlets and USB ports with different devices to rule out device-specific issues.
 - Check for any tripped circuit breakers in your home.
- **Drawers Sticking:**
 - Ensure drawers are not overloaded.
 - Check for any obstructions in the drawer slides.
 - Apply a small amount of silicone lubricant to the slides if needed.
