Generic Car Seat Organizer for Peugeot 3008 (2020-2026 Hybrid)

Model: 261489_FOWURB-94525086-04

Brand: Generic

INTRODUCTION

This manual provides instructions for the installation, operation, and maintenance of your new car seat organizer. Designed specifically for Peugeot 3008 (2020-2026 Hybrid) models, this accessory helps keep your car interior tidy and organized by providing convenient storage and a cup holder. It also functions as a gap filler to prevent small items from falling between the seat and console.

SETUP

The car seat organizer is designed for simple, tool-free installation. Follow these steps to set up your organizer:

1. Identify the gap between your car seat and the center console.
2. Gently slide the organizer into this gap. Ensure the base of the organizer rests firmly on the floor or carpet.
3. Adjust the position of the organizer until it fits snugly and does not interfere with the movement of the seat, seat belt operation, or any driving controls.

OPERATING INSTRUCTIONS

This 2-in-1 design functions as both a storage box and a seat gap filler, optimizing interior space. The organizer can be utilized by both the driver and the front passenger.

- **Storage:** Utilize the partitioned compartments to store various small items such as mobile phones, wallets, car keys, ID cards, bank cards, and other sundries. This prevents items from being scattered on the center console.
- **Cup Holder:** Place beverages securely in the integrated cup holder. The ergonomic design facilitates easy access to drinks.
- **Charging Port:** A reserved charging line port allows for convenient mobile phone charging while your device is stored within the organizer.

MAINTENANCE

The car seat organizer is constructed from durable PU leather, offering excellent resistance to wear, scratches, and stains. To maintain its appearance and longevity:

- To clean, gently wipe the surface with a damp cloth.
- Avoid using harsh chemicals, abrasive cleaners, or solvents, as these may damage the material.
- Allow the organizer to air dry completely before placing items back inside or reinstalling it in your vehicle.

TROUBLESHOOTING

If you encounter any issues with your car seat organizer, refer to the following common solutions:

- **Issue: Organizer is not stable or shifts during driving.**
Solution: Ensure the organizer is fully inserted into the seat gap. Adjust its position until it fits snugly and securely between the seat and the console.
- **Issue: Organizer interferes with seat belt use or driving controls.**

Solution: Re-position the organizer to ensure it maintains a safe distance from the seat belt buckle and does not obstruct the gear shift, handbrake, or any other driving controls. The design is intended not to affect driving or seat belt use.

- **Issue:** Items fall out of the organizer.

Solution: Ensure items are placed securely within the compartments. Avoid overfilling the compartments, especially during vehicle movement.
