DICTAC TB-01

DICTAC Triple Bunk Bed (Model TB-01) User Manual

Model: TB-01 | Brand: DICTAC

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your DICTAC Triple Bunk Bed, Model TB-01. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

Important Safety Information

- Always assemble according to the provided instructions to prevent instability or collapse.
- Be careful around hard edges, especially on the ladder, to prevent injury.
- Do not exceed the maximum weight recommendation of 450 pounds.
- Keep electrical components away from water and never leave children unattended while using the charging station.
- Always supervise children when they are using or near the bunk bed.

2. Setup and Assembly

The DICTAC Triple Bunk Bed is designed for straightforward assembly. It ships in two separate packages (Box A and Box B). Ensure all parts are present before beginning assembly. A detailed installation manual and necessary tools are included in the packaging.

Included Components

- Bunk Bed with Metal Slats
- 2 wire mesh drawers
- 3 non-woven storage boxes
- Charging Station & RGB LED Light kit
- Easy Assemble Tools

- Installation Manual

Assembly Steps Overview

1. Unpack all components from both boxes (A and B) and verify against the parts list in the included manual.
2. Follow the step-by-step instructions in the provided installation manual for frame assembly. The buckle design simplifies installation.
3. Install the metal slats, ensuring they are tightly spaced for optimal mattress support.
4. Attach the guardrails to the upper bunk.
5. Install the ladder, ensuring it is securely fastened. Soft bunk bed ladder pads are included for comfort.
6. Install the anti-tipping device to secure the bed to the wall. This is a critical safety step to prevent accidental tipping.
7. Place the charging station and RGB LED light kit according to your preference.
8. Assemble and place the storage drawers, nightstand, and upper bunk storage table.

3. Operating Instructions

Storage Features

- **Wire Netting Storage Drawers:** Two large drawers slide out from under the lower bunks, providing space for bedding, toys, or clothing. These feature easy-glide casters.
- **Vertical Storage Space:** The design allows for 7.1 inches of vertical storage space under the beds, suitable for storage boxes.
- **Nightstand:** A compact nightstand with two open shelves and one fabric drawer is positioned between the two lower twin beds, ideal for small items.
- **Upper Bunk Storage Table:** The upper bunk includes a shelf with two fabric drawers, functioning as a desk or storage for books, tablets, and other personal items.

Figure 3.1: Integrated Storage Solutions. This image highlights the storage table on the upper bunk, suitable for books and devices, and the nightstand with shelves and a drawer located between the lower beds.

Charging Station

The bunk bed features a movable hanging charging station equipped with 2 AC outlets (120V/2A) and 2 USB ports (5V/2.4A). This station can be positioned conveniently on the headboard for easy access to charge phones, tablets, laptops, and other electronic devices. It includes a 5.2-foot power cord.

Figure 3.2: Charging Station Detail. This image provides a detailed view of the charging station, showing its AC outlets and USB ports, designed for convenient device charging.

RGB LED Lights

The integrated RGB LED lights offer customizable lighting options. Control the light color, brightness, and flashing mode via a dedicated mobile application (APP Control) or the included key control. The system supports over 60,000 colors, music mode, mic mode, timing function, and brightness adjustment.

Figure 3.3: RGB LED Lighting System. This image demonstrates the dynamic RGB LED lighting, highlighting its ability to change colors and create different atmospheres, controlled by an app or key.

Safety Features

- **Guardrails:** The upper bunk is equipped with 13.1-inch full-length and heightened guardrails to prevent falls.
- **Ladder Pads:** Soft bunk bed ladder pads are included to reduce foot discomfort during climbing.
- **Sturdy Construction:** The bed is constructed with a heavy-duty metal frame using 38mm x 38mm square tubes for enhanced stability and durability.
- **Metal Slats:** Tightly spaced metal slats provide strong support for mattresses, eliminating the need for a box spring.
- **Non-slip Pads:** Integrated non-slip pads help keep the bed firmly in place.

Figure 3.4: Enhanced Safety Features. This image illustrates the safety guardrail on the upper bunk, the soft ladder pads for comfortable climbing, and a convenient clothes rail.

4. Maintenance

Regular maintenance ensures the longevity and safety of your DICTAC Triple Bunk Bed.

- **Cleaning:** Wipe metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. For wooden elements, use a wood-safe cleaner.
- **Hardware Check:** Periodically check all bolts, screws, and connections to ensure they are tight. Re-tighten as necessary to maintain structural integrity and prevent squeaking.
- **Electrical Components:** Ensure the charging station and LED light connections are secure and free from damage. Keep electrical components dry.
- **Storage Drawers:** Clean fabric drawers as per their care instructions. Ensure wire mesh drawers slide smoothly.

5. Troubleshooting

This section addresses common issues you might encounter with your bunk bed.

- **Squeaking Noises:** Squeaking often indicates loose hardware. Check and tighten all bolts and screws throughout the bed frame. Ensure the metal slats are properly seated.
- **Instability/Wobbling:** Verify that all connections are securely tightened. Ensure the anti-tipping device is correctly installed and anchored to the wall. Uneven flooring can also contribute to wobbling; consider using furniture pads to level the bed.
- **LED Lights Not Working:** Check the power connection to the LED light kit. Ensure the remote or app is properly paired and has fresh batteries (if applicable). Refer to the LED light kit's specific instructions for pairing and troubleshooting.
- **Charging Station Not Functioning:** Confirm the charging station is properly plugged into a working wall outlet. Check the power cord for any damage. Test with different devices and cables to rule out device-specific issues.
- **Drawers Not Sliding Smoothly:** Check for any obstructions in the drawer tracks. Ensure the casters are clean and free of debris.

If you encounter issues not covered here or require further assistance, please contact customer support.

6. Specifications

Feature	Detail
Model Number	TB-01
Brand	DICTAC
Size	Twin Over Twin
Product Dimensions	90.31"L x 77.2"W x 80.2"H
Item Weight	134.2 pounds
Weight Capacity (Upper Bunk)	400 lbs
Weight Capacity (Lower Bunk)	450 lbs
Color	Black
Finish Type	Powder Coated
Compatible Mattress Size	Twin Size

Special Features	No Box Spring Needed, Squeak Resistant, Triple Bed for 3 with Safe Guardrails and Ladder, with 2 Fabric Storage Box and Table on the upper bunk, with 2 Large Storage Drawers Under the bed, with Removable Charging Station, One Nightstand and Led Lights
Assembly Required	Yes
