Fdceligoo SHC-001

Fdceligoo Smart Heated Cat Bed Cave Pet House

Model: SHC-001

Product Overview

The Fdceligoo Smart Heated Cat Bed Cave Pet House, Model SHC-001, is designed to provide a warm, private, and comfortable space for indoor cats and small dogs. It features a smart heating cushion that automatically activates upon pet entry and includes a washable, foldable design for convenience.

Features

- **Smart Heating Pet Cave:** Features a removable smart heating cushion that automatically detects pet entry, initiating heating (from 87°F to 131°F). It automatically shuts off 30 minutes after the pet leaves the nest, ensuring warmth and safety.
- **Private & Cozy:** Designed with a door curtain to provide a spacious and private environment, promoting a sense of security and comfort for your pet.
- **Sturdy & Easy Assembly:** Constructed with high-density foam and a 100% microfiber outer shell for durability and comfort. Assembly can be completed in under five minutes.
- **Easy to Clean:** The removable heating cushion features reversible, machine-washable covers for all-season comfort. Hand washing is recommended for the main cat bed structure.
- **Important Note:** This heated pet bed is suitable for most cats and small dogs but is not recommended for pets with excessive teething or destructive chewing behavior.

Setup and Assembly

Follow these steps to assemble your Fdceligoo Smart Heated Cat Bed Cave:

1. Carefully remove all accessories from the packaging. Allow the main body and cushion to rest for at least 30 minutes to recover their shape from compression.
2. Zip up the front door of the cave. This is the side featuring the door curtain.
3. Insert the controller plug into the heating pad. Place the heating pad inside the cat's cave.
4. Zip up the back door to complete the assembly.

Operating Instructions

The Fdceligoo Smart Heated Cat Bed Cave features an intelligent heating system controlled by an external unit.

- **Automatic Heating:** The removable heating cushion automatically detects when your pet enters the cave and begins heating.
- **Temperature Range:** The heating temperature can be adjusted from a minimum of 87°F (30.5°C) to a maximum of 131°F (55°C).
- **Auto Shut-off:** For safety and energy efficiency, the heating function automatically turns off 30 minutes after your pet leaves the bed.
- **Controller:** Use the wired controller to adjust temperature and set timers. The display shows current temperature and remaining time.

Maintenance

- **Cushion Cover:** The removable cover of the heating cushion is machine-washable for easy cleaning.
- **Bed Structure:** For the main cat bed cave, hand washing is recommended to maintain its quality and shape.
- **Storage:** The bed is portable and foldable, making it easy to store or transport for travel.

Troubleshooting

If you encounter any issues with your Fdceligoo Smart Heated Cat Bed Cave, please consider the following:

- **No Heat:** Ensure the power cord is securely plugged into a working electrical outlet and the controller is powered on. Check the temperature setting on the controller.
- **Bed Not Recovering Shape:** After unboxing, allow the bed to sit for at least 30 minutes to an hour to fully expand. Gentle reshaping by hand can also help.
- **Pet Not Using Bed:** Ensure the temperature is set to a comfortable level for your pet. Some pets may need time to adjust to new items.

For further assistance, please refer to the contact information provided with your purchase.
