6. CHARGING

To charge the earbuds, place them back into the charging case. The LED display on the case will indicate the charging status. The earbuds take approximately 1-2 hours to fully charge. A full charge provides up to 8 hours of playback, with the charging case extending total usage to 45 hours.

7. TROUBLESHOOTING

7.1 Resetting the Earbuds

If the earbuds experience connection or functional issues, perform a reset:

1. Delete the Bluetooth pairing information for the earbuds from your phone.
2. Place both earbuds into the charging case to charge.
3. Remove the earbuds from the case and wait for 20 seconds.

If the above steps do not resolve the issue, please try again.

7.2 Common Issues and Solutions

- **Connected, but no sound:** Click the right earbud to increase the volume. Ensure the volume on your connected device is also turned up.
- **One earbud not charging:** Clean the charging contacts on both the earbud and inside the charging case. Ensure there is no debris obstructing the connection.
- **One earbud cannot connect:** Reset the earbuds as described in section 7.1.

8. SAFETY INSTRUCTIONS

- Keep the product away from extremely hot and cold environments, as this can damage the battery and circuitry.
- Avoid immersing the product in liquids.
- Do not disassemble the product.
- Do not use concentrated chemicals or detergents to clean the product.
- Use only a 5V/1A power supply. Connecting to a power supply with excessively high voltage can cause serious damage.
