SIM Card Installation

The NUU B40 5G supports dual SIM cards. Follow these steps to install your SIM card(s):

1. Locate the SIM tray on the side of the device.
2. Insert the SIM ejector tool (included in the box) into the small hole on the SIM tray.
3. Gently push until the tray pops out.
4. Place your Nano-SIM card(s) into the tray with the gold contacts facing down.
5. Carefully reinsert the tray into the phone.

Initial Power-On and Setup

To power on your device for the first time:

1. Press and hold the Power button on the right side of the phone until the NUU logo appears.

- Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

OPERATING INSTRUCTIONS

Main Display Usage

The 6.7-inch FHD+ AMOLED display offers vibrant visuals and a smooth 120Hz refresh rate for an immersive user experience. Navigate through apps, browse the web, and enjoy multimedia content with clarity.

Vista Display Usage

The 1.6-inch rear Vista Display provides quick access to essential information and controls without needing to open your main screen. This dual-display feature is designed for convenience and productivity.

Camera Usage

Capture high-quality photos and videos with the NUU B40 5G's advanced camera system:

- Rear Camera:** 64MP main sensor and 2MP macro lens for detailed shots. Features AI optimization for

various lighting conditions.

- **Front Camera:** 16MP for clear selfies and video calls.
- **Video Recording:** Supports 4K video recording at 30 frames per second.

Dual Shooting

Redefining the Rules of Photography

Operating System

The NUU B40 5G runs on Android 15, offering the latest features and security updates. It includes Google services and features like Google Gemini and Magic Editor.

MAINTENANCE

To ensure the longevity of your NUU B40 5G:

- Clean the screen and body regularly with a soft, lint-free cloth.
- Avoid exposing the device to extreme temperatures or direct sunlight for prolonged periods.
- Use only NUU-approved chargers and accessories.

TROUBLESHOOTING

If you encounter issues with your device, try the following common solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the charger and try again.
- **Screen unresponsive:** Perform a forced restart by holding the Power button for about 10-15 seconds.

- **Apps crashing:** Clear the cache of the problematic app or reinstall it. Ensure your device's software is up to date.
- **Poor network signal:** Check your SIM card installation. Restart the device. Contact your carrier if the issue persists.
