Conyat X7

Conyat X7 AI Language Translator Earbuds User Manual

Model: X7 | Brand: Conyat

Product Overview

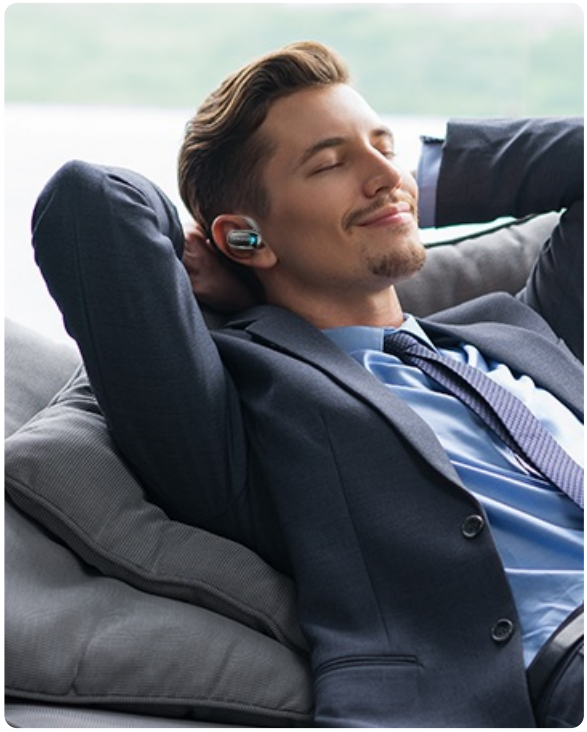

The Conyat X7 AI Language Translator Earbuds are designed to facilitate real-time communication across language barriers, offering instant translation in up to 164 languages. These open-ear earbuds also function as Hi-Fi audio headphones for music and calls, providing a versatile solution for travel, work, and study.

The Conyat X7 earbuds support 7 distinct modes for various communication needs.

Experience instant and accurate translation across 164 languages with a rapid 0.5-second response time and 98% accuracy.

The earbuds offer multiple functionalities, serving as sports music headphones, an open talking headset, and a translation earphone.

Package Contents

Verify that all items are present in your package.

Contents included in the Conyat X7 earbud package.

- Charging Case * 1
- Wireless Earbuds X7 * 2
- Type-C Charging Cable * 1
- User Manual * 1

If any items are missing or damaged, please contact customer support.

Setup

Charging the Earbuds

Before first use, fully charge the earbuds and the charging case.

The charging case provides extended battery life and features a Type-C charging port.

Place the earbuds into the charging case. Connect the Type-C charging cable to the case and a power source. The LED display on the case will indicate the charging status. A full charge provides up to 8 hours of use for the earbuds, and the charging case extends this to 58 hours.

Downloading the "Ear Dance" Application

The Conyat X7 earbuds require the "Ear Dance" application for full functionality, especially for translation features.

Two methods for downloading the essential "Ear Dance" application.

1. **Method 1 (QR Code):** Scan the QR code provided in the physical user manual or in the image above to quickly download and install the "Ear Dance" application.
2. **Method 2 (App Store):** Search for "Ear Dance" in your device's App Store (iOS) or Google Play Store (Android) and install it.

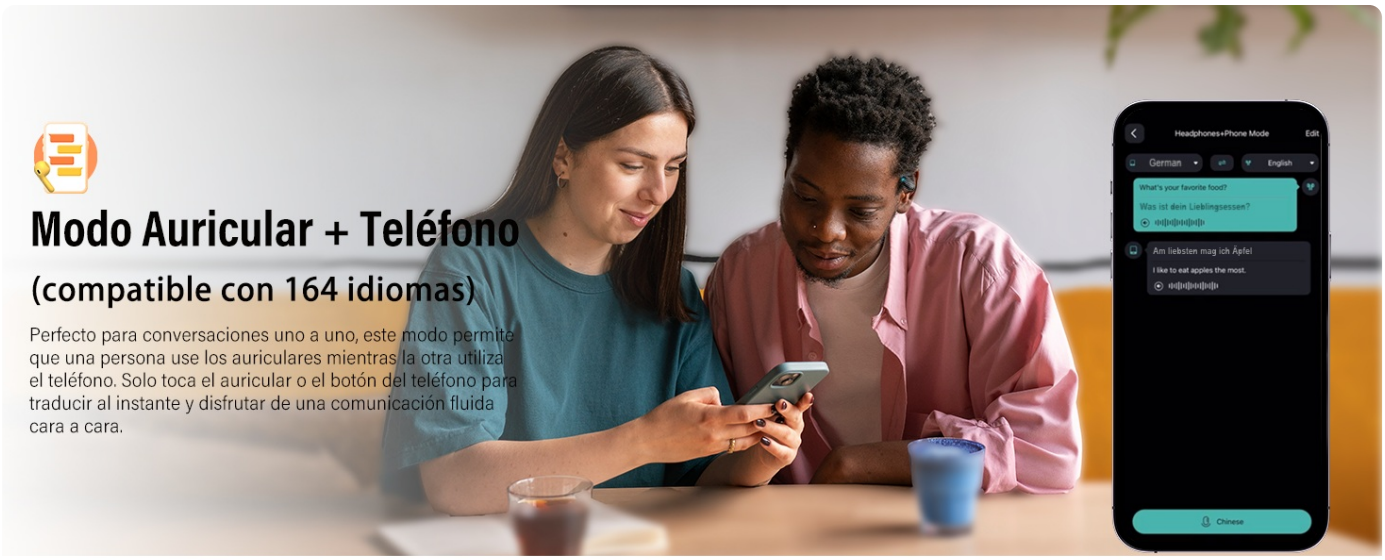

You can also download the app directly from: https://earjoy.watchfun.cn/app-download-h5?appCode=eardance

Connecting with the "Ear Dance" Application

Steps to connect your X7 earbuds to your phone and the "Ear Dance" application.

1. **Step 1 (Bluetooth Pairing):** Go to your phone's Bluetooth settings, search for nearby devices, and tap "X7" to pair.
2. **Step 2 (App Connection):** Open the "Ear Dance" application. It will automatically recognize and connect to your X7 earbuds.

Binding your device and authorizing it within the "Ear Dance" application.

3. **Step 3 (Device Binding):** Once connected, navigate to the "Mio" section in the app and tap "Bind device".
4. **Step 4 (Authorization Code):** Press the "Scan" button in the application. Use your phone's camera to scan the QR code found in the instruction manual to authorize the device.

Note: The authorization code is permanently valid. If you change phones, you will need to re-enter the code to bind the earbuds.

Operating Modes

The Conyat X7 earbuds offer multiple modes to suit various communication needs.

1. Free Talk Mode (164 Languages)

Free Talk Mode enables seamless, hands-free translation between two users.

In this mode, each person wears one earbud. You do not need to touch your phone or the earbuds. The X7 detects and automatically translates conversations in real-time, allowing for hands-free, fluid communication.

2. Headphone + Phone Mode (164 Languages)

Headphone + Phone Mode facilitates direct, face-to-face translation using one earbud and a smartphone.

Ideal for one-on-one conversations. One person wears an earbud while the other uses the phone. Simply tap the earbud or the phone button to translate instantly, facilitating face-to-face communication.

3. Translator Mode (164 Languages)

Translator Mode provides classic voice translation with high accuracy via your smartphone.

Use as a classic translator. Simply tap a button to speak, and your phone will instantly play a highly accurate voice translation. Powered by Microsoft and Google Translate.

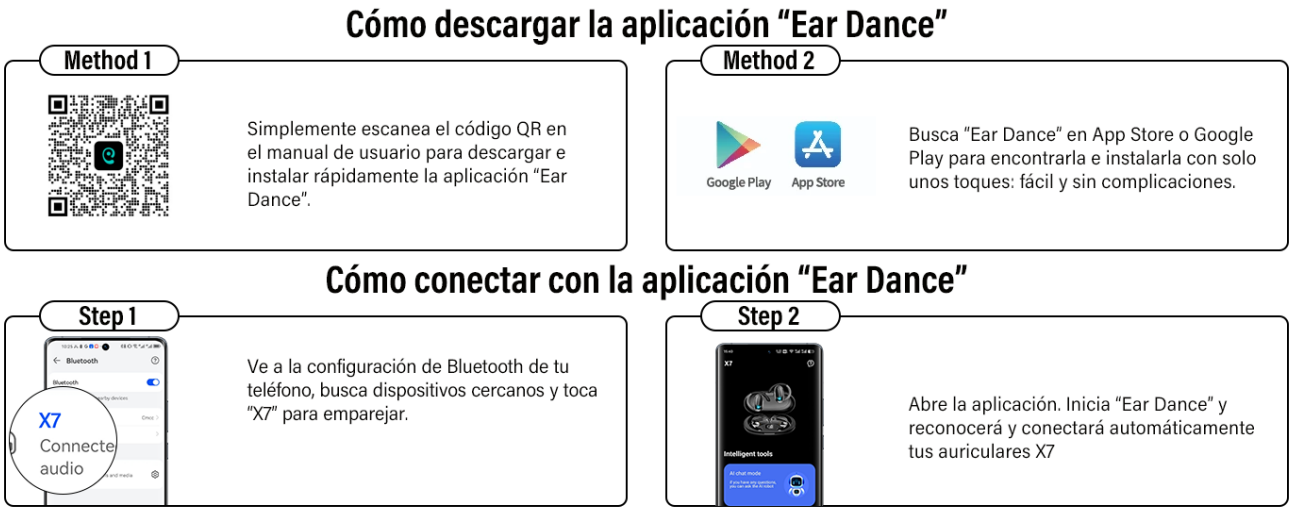

4. Photo Translation Mode (20 Languages)

Photo Translation Mode allows you to translate text from images, such as menus or documents.

Take a photo of text (e.g., menus, signs, documents), and the application will instantly translate it into your chosen language, helping you navigate the world more efficiently.

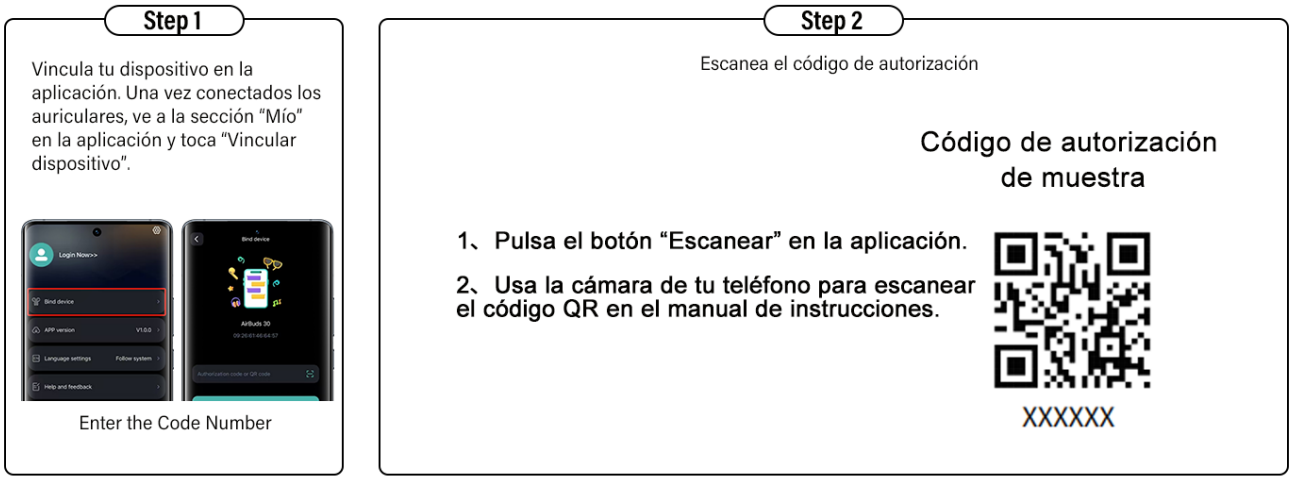

5. Audio and Video Translation Mode (164 Languages)

Audio and Video Translation Mode facilitates real-time translation during online calls.

Enjoy real-time translation during online calls. Simply tap "Invite friends" and share the link. Your friends can join instantly without needing to install an app, making cross-language conversations easier.

6. Voice Notes Mode (12 Languages)

Nota: El código de autorización es válido de forma permanente. Tras cambiar de teléfono, vuelve a introducir el código para vincular los auriculares.

Voice Notes Mode converts spoken audio into clear written notes for easy review.

Convert spoken audio into clear written notes. Perfect for studying or reviewing information later. For best results, pause and restart recording every 30 minutes.

7. AI Chat Mode (12 Languages)

AI Chat Mode provides quick and accurate answers to your questions, powered by OpenAI ChatGPT 4.0 Mini.

Powered by OpenAI ChatGPT 4.0 Mini, this intelligent assistant provides quick and accurate answers to your questions anytime, anywhere. It's like having a personal expert in your pocket.

Key Features

- **Real-time Translation:** Supports up to 164 languages with 0.5s response time and 98% accuracy.
- **Hi-Fi Audio:** Enjoy clear and immersive sound for music and calls.
- **Open-Ear Design:** Ergonomic design for comfort and situational awareness, without entering the ear canal.
- **IPX7 Water Resistance:** Resistant to water and sweat, suitable for sports and outdoor activities.
- **Long Battery Life:** Up to 8 hours on a single charge, extended to 58 hours with the charging case.
- **AI Assistant:** Integrated multilingual AI assistant for questions and language practice.
- **Bluetooth 5.4:** Stable and fast connection with low latency.
- **ENC Noise Cancellation:** Clear calls even in windy environments.
- **Adjustable Ear Hooks:** 90-degree adjustable, non-slip ear hooks for a secure fit.

The Conyat X7 earbuds offer high-fidelity sound, comfortable wear, multiple translation modes, and fast recognition.

Summary of key features including accuracy, AI chat, battery life, and language support.

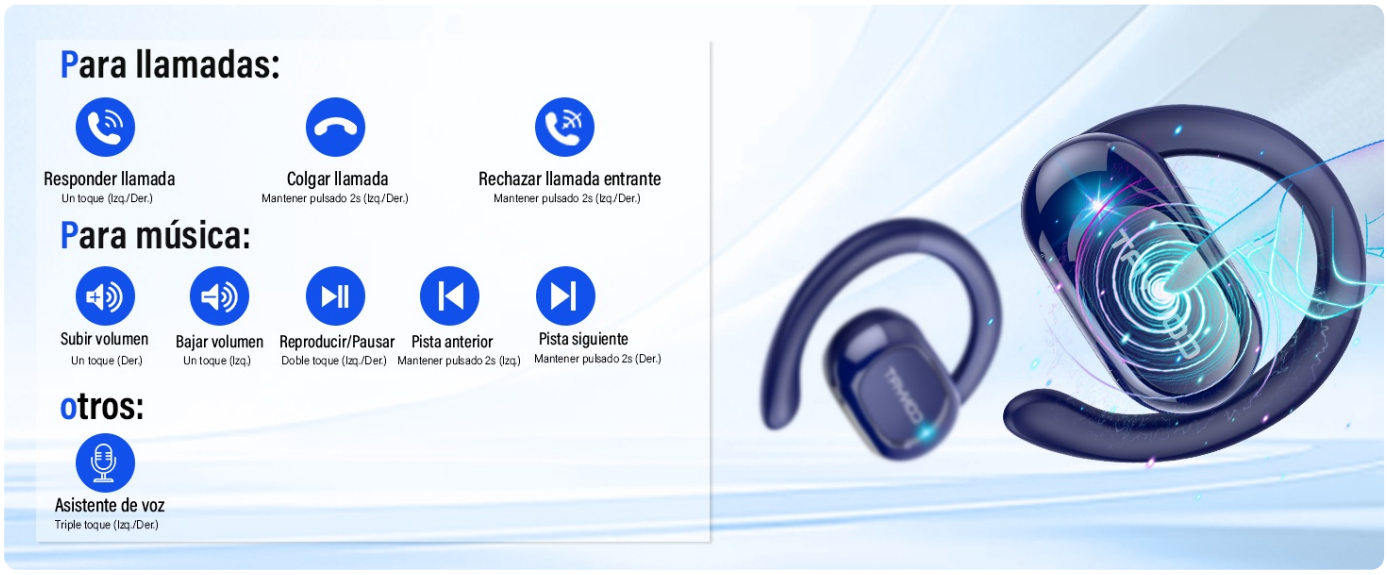

The open-ear design ensures situational awareness while providing audio.

Innovative 90-degree adjustable design for a secure fit and minimal sound leakage.

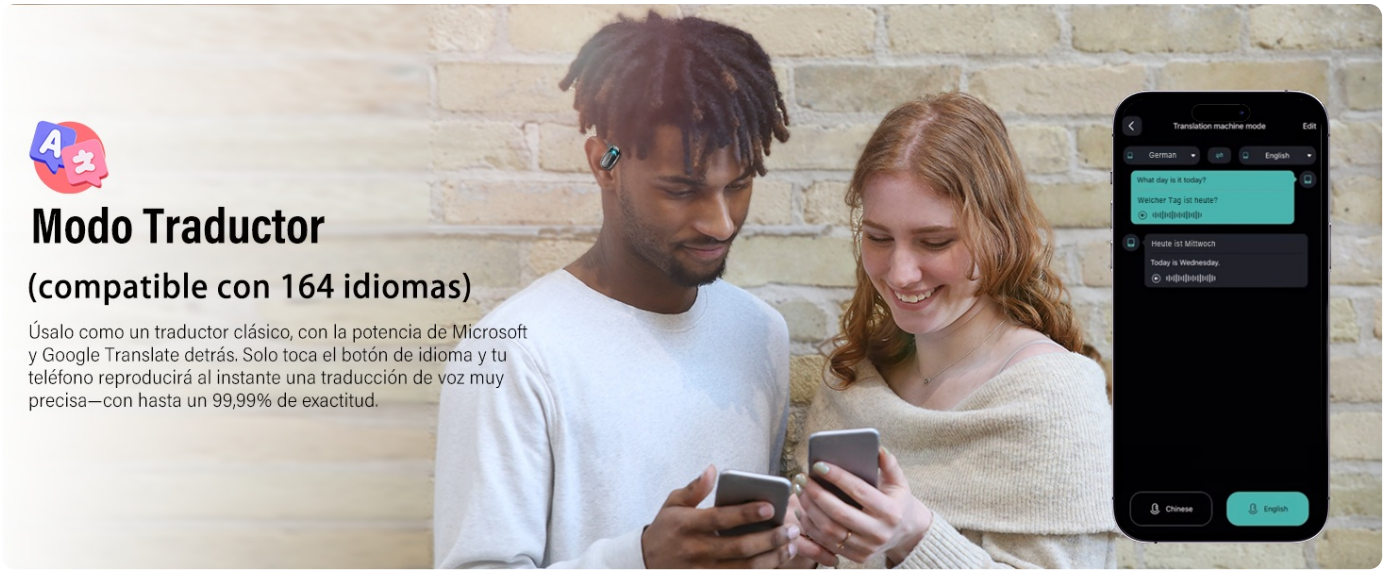

ENC noise cancellation ensures clear calls, and 14.2mm diaphragms deliver high-quality stereo sound.

Features include open-ear design, Bluetooth 5.4, one-step pairing, and IPX7 water resistance.

Application Scenarios

The Conyat X7 earbuds are designed for diverse applications, enhancing communication and daily life.

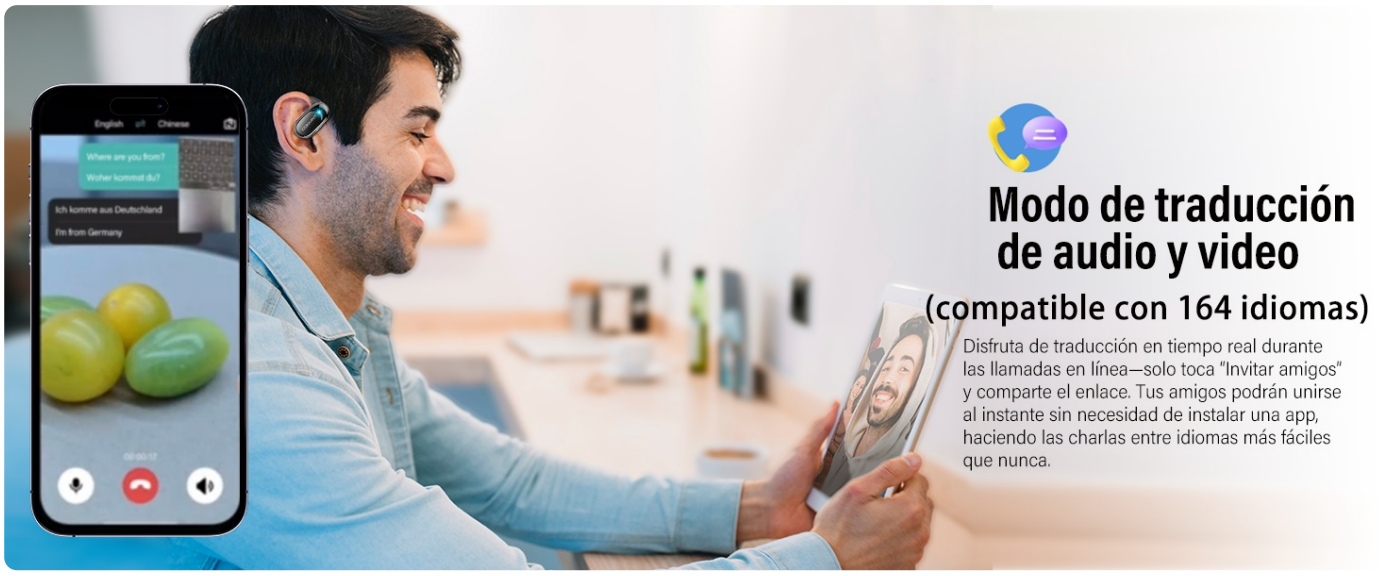

Academic Exchange

Facilitate understanding and cooperation in international academic settings.

In international conferences or academic seminars, the X7 translation earbuds can help you better understand discussions, even if your native language is different, thereby improving intercultural communication and academic cooperation.

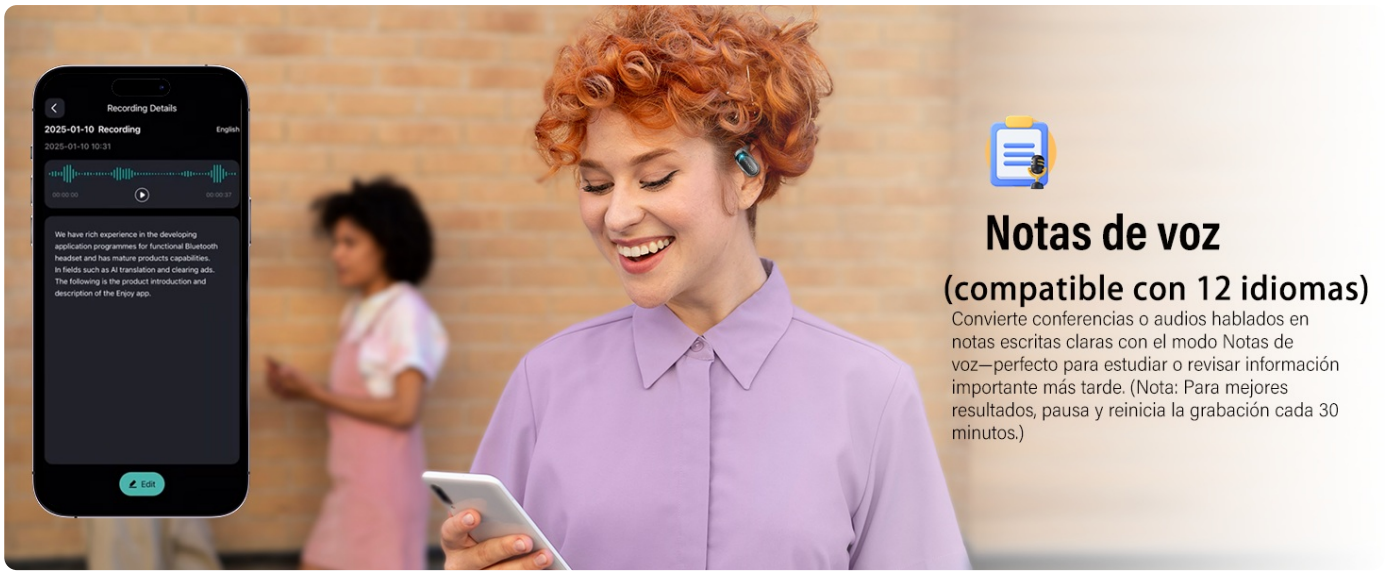

Learning and Training

Enhance learning and training by translating spoken and written content in real-time.

Whether in a classroom or an online course, the X7 translation earbuds offer real-time voice and image translation to help you fully understand the material. They even convert speech to text, making study more efficient than ever.

International Travel

Break language barriers and immerse yourself in local cultures during international travel.

Exploring new countries is even more exciting with the X7 translation earbuds. Break language barriers, connect with locals, and immerse yourself more deeply in each culture you visit, all while enjoying stress-free communication.

Business Meetings

Ensure clear and productive communication in international business meetings.

Stay at the forefront of global business with the X7 translation earbuds. Enjoy fluid, real-time translation in various languages during international meetings, ensuring every conversation is clear, secure, and productive.

Troubleshooting

If you encounter any issues with your Conyat X7 earbuds, please refer to the following common solutions.

- **Earbuds not pairing:** Ensure both earbuds are charged and within range of your device. Reset Bluetooth on your device and try pairing again.
- **Translation not working:** Verify that the "Ear Dance" app is installed, connected to the earbuds, and has internet access. Check language settings within the app.
- **Poor audio quality:** Ensure earbuds are clean and properly positioned. Check the audio source and network connection if streaming.
- **App connection issues:** Close and reopen the "Ear Dance" app. Ensure your phone's Bluetooth is enabled and

the earbuds are discoverable.

- **Battery draining quickly:** Ensure earbuds are fully charged. Reduce volume or disable unnecessary features if possible.

For further assistance, please contact Conyat customer support.
