Assembly Steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a clean, soft surface to prevent scratches. Refer to the included Assembly Guide to identify each part.
2. **Assemble the Main Frame:** Follow the step-by-step instructions in the Assembly Guide to construct the outer frame of the nightstand using the provided hardware. Ensure all connections are tight and stable.
3. **Install Drawer Slides:** Attach the drawer slides to the inner sides of the nightstand frame according to the guide. Pay attention to the orientation of the slides.
4. **Assemble Drawers:** Construct each of the three drawers. Attach the drawer slides to the assembled drawers.
5. **Insert Drawers:** Carefully slide the assembled drawers into the nightstand frame. Test their movement to ensure they open and close smoothly.
6. **Attach Stainless Steel Base:** Secure the glossy stainless steel base to the bottom of the nightstand frame.
7. **Connect Electrical Components:** Install the LED light strip, wireless charging pad, and USB/Type-C module as directed in the Assembly Guide. Connect the power adapter.
8. **Final Check:** Verify that all parts are correctly assembled and all fasteners are tightened.

5. OPERATING INSTRUCTIONS

5.1. LED Lighting

The nightstand features a built-in LED light for ambient illumination.

- **Turn On/Off:** Press the top button located on the nightstand's surface to turn the LED light on or off.
- **Adjust Brightness:** With the LED light on, press and hold the top button to adjust the brightness level. Release the button when the desired brightness is achieved.

6. MAINTENANCE

- **Cleaning:** Wipe the nightstand surfaces with a dry, soft cloth. For stubborn marks, a slightly damp cloth followed immediately by a dry cloth can be used.
- **Stain Resistance:** The nightstand is designed to be stain resistant. Promptly wipe any spills to prevent potential staining.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Tighten if necessary to maintain stability.
- **Electrical Components:** Ensure the power adapter and cables are not pinched or damaged. Do not attempt to repair electrical components yourself.

7. TROUBLESHOOTING

7.1. LED Light Not Working

- Ensure the nightstand is properly plugged into a working power outlet.
- Check that the power adapter is securely connected to the nightstand.

- Press the LED control button firmly to ensure it registers the input.

7.2. Wireless Charging Not Functioning

- Verify the nightstand is powered on and plugged in.
- Ensure your device is compatible with wireless charging (Qi standard).
- Remove any thick phone cases that might interfere with wireless charging.
- Reposition your device on the charging pad to ensure proper alignment.
- Avoid placing metal objects between your device and the charging pad.

7.3. USB/Type-C Ports Not Charging

- Confirm the nightstand is connected to power.
- Try a different USB or Type-C cable to rule out cable issues.
- Test with a different device to ensure the port is not faulty.
