GOUYESHO Universal Replacement Remote (for Strong TVs)

GOUYESHO Replacement Remote Control User Manual

Compatible with Strong 4K QLED Smart TV Models: **SRT50UF8733, SRT55UF8733, SRT65UF8733, 24HG4723C, SRT32HG4723C**

1. Introduction

This manual provides instructions for the GOUYESHO replacement remote control. This remote is designed to function as a direct replacement for the original remote controls of specific Strong 4K QLED Smart TV models without requiring any programming or pairing.

2. Setup

2.1 Installing Batteries

The remote control requires two (2) AAA batteries (not included).

1. Locate the battery compartment on the back of the remote control.
2. Open the battery compartment cover.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.
4. Close the battery compartment cover securely.

The remote is ready for use immediately after battery installation.

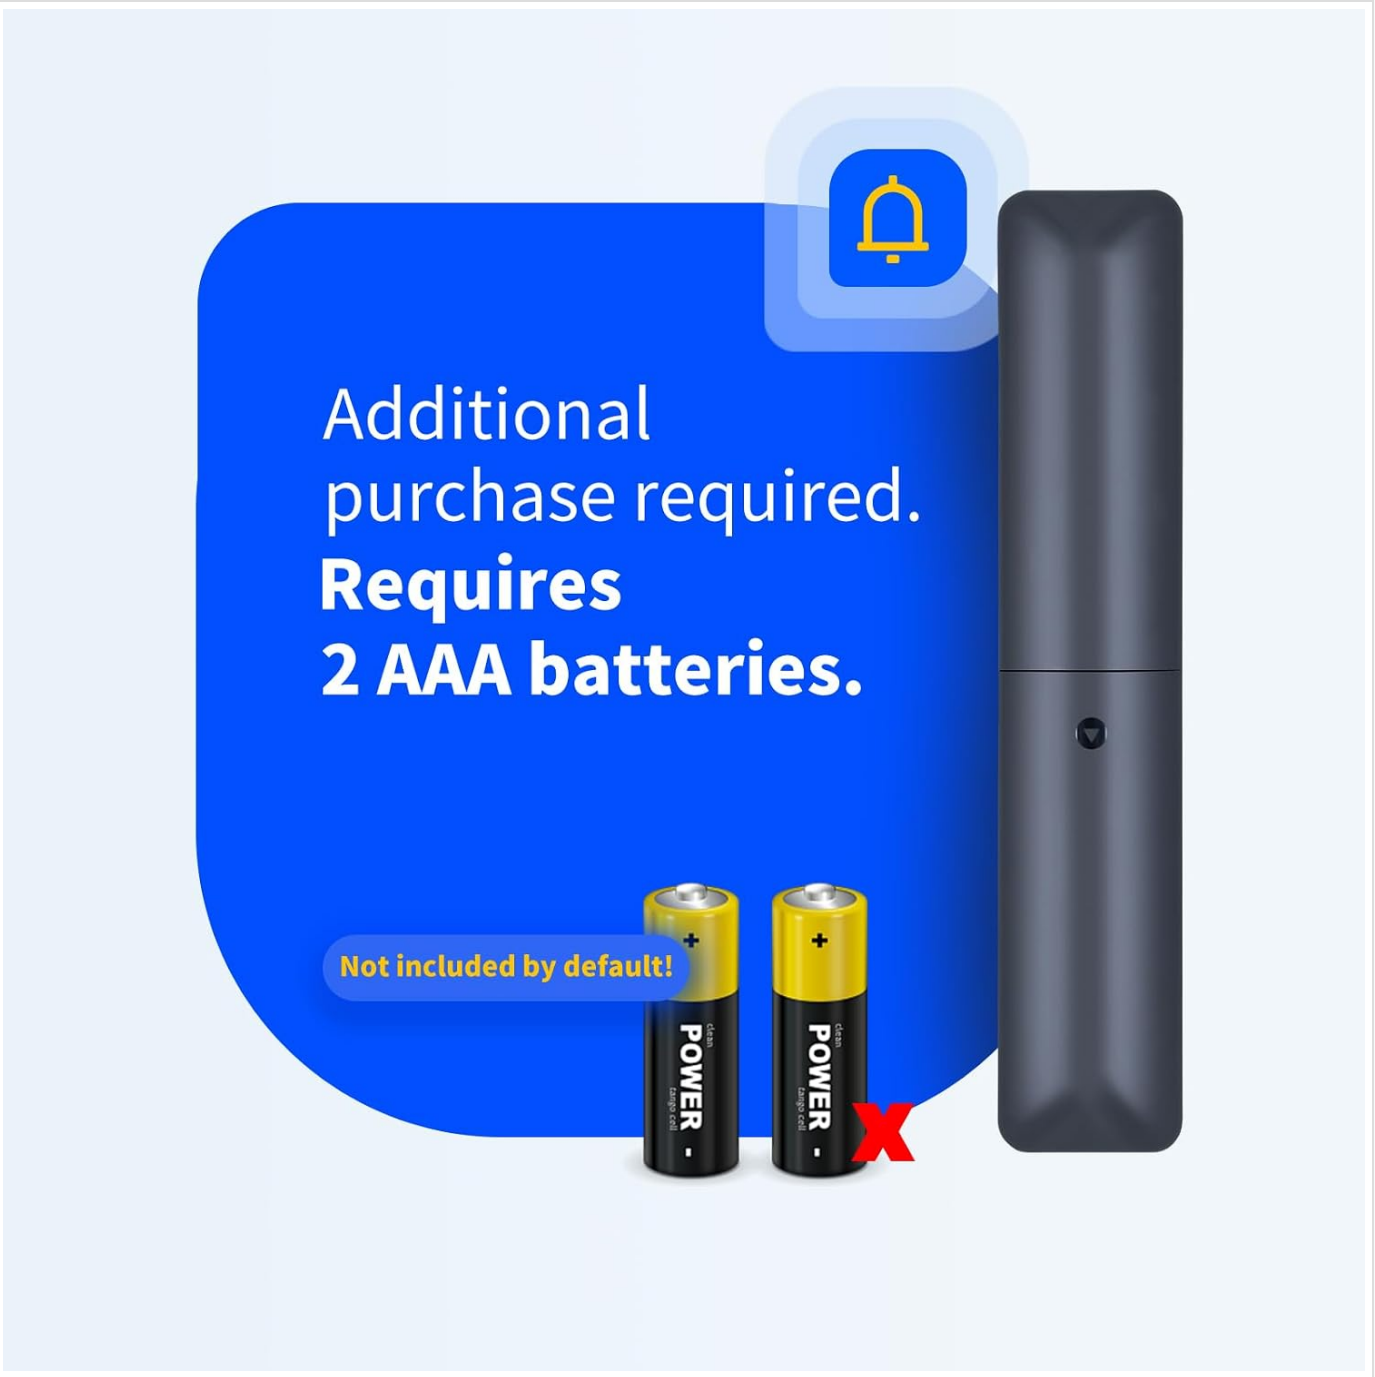

Image Description: A visual representation of the remote control and two AAA batteries, indicating that batteries are required and not included with the product.

3. Operating Instructions

3.1 Direct Use

This replacement remote control utilizes Infrared 3.0 technology and is designed for immediate use with compatible Strong 4K QLED Smart TV models. No programming or pairing is required. Simply point the remote at your television and begin operation.

Image Description: An illustration of the remote control highlighting its direct usability without the need for setup or programming.

3.2 Optimal Performance

For best performance, ensure a clear line of sight between the remote control and your television's infrared receiver. The remote offers a control distance of over 26 feet (approximately 8 meters) and a wide operating angle of more than 120 degrees, allowing for flexible use within your viewing area.

Image Description: A diagram illustrating the remote control's wide operating angle of 120 degrees and an effective range of over 26 feet.

4. Features and Design

The GOUYESHO replacement remote control is constructed from new ABS material, ensuring durability and an ergonomic design for comfortable handling. The buttons are designed to be soft, sensitive, and provide a fast response for an improved user experience.

Image Description: An infographic detailing the remote control's features, including sensitive buttons, durable ABS material, comfortable grip, and quality assurance.

4.1 Functionality

This remote control is designed to restore all essential functions of your original Strong TV remote, offering 100% similarity in button layout and functionality for a seamless transition.

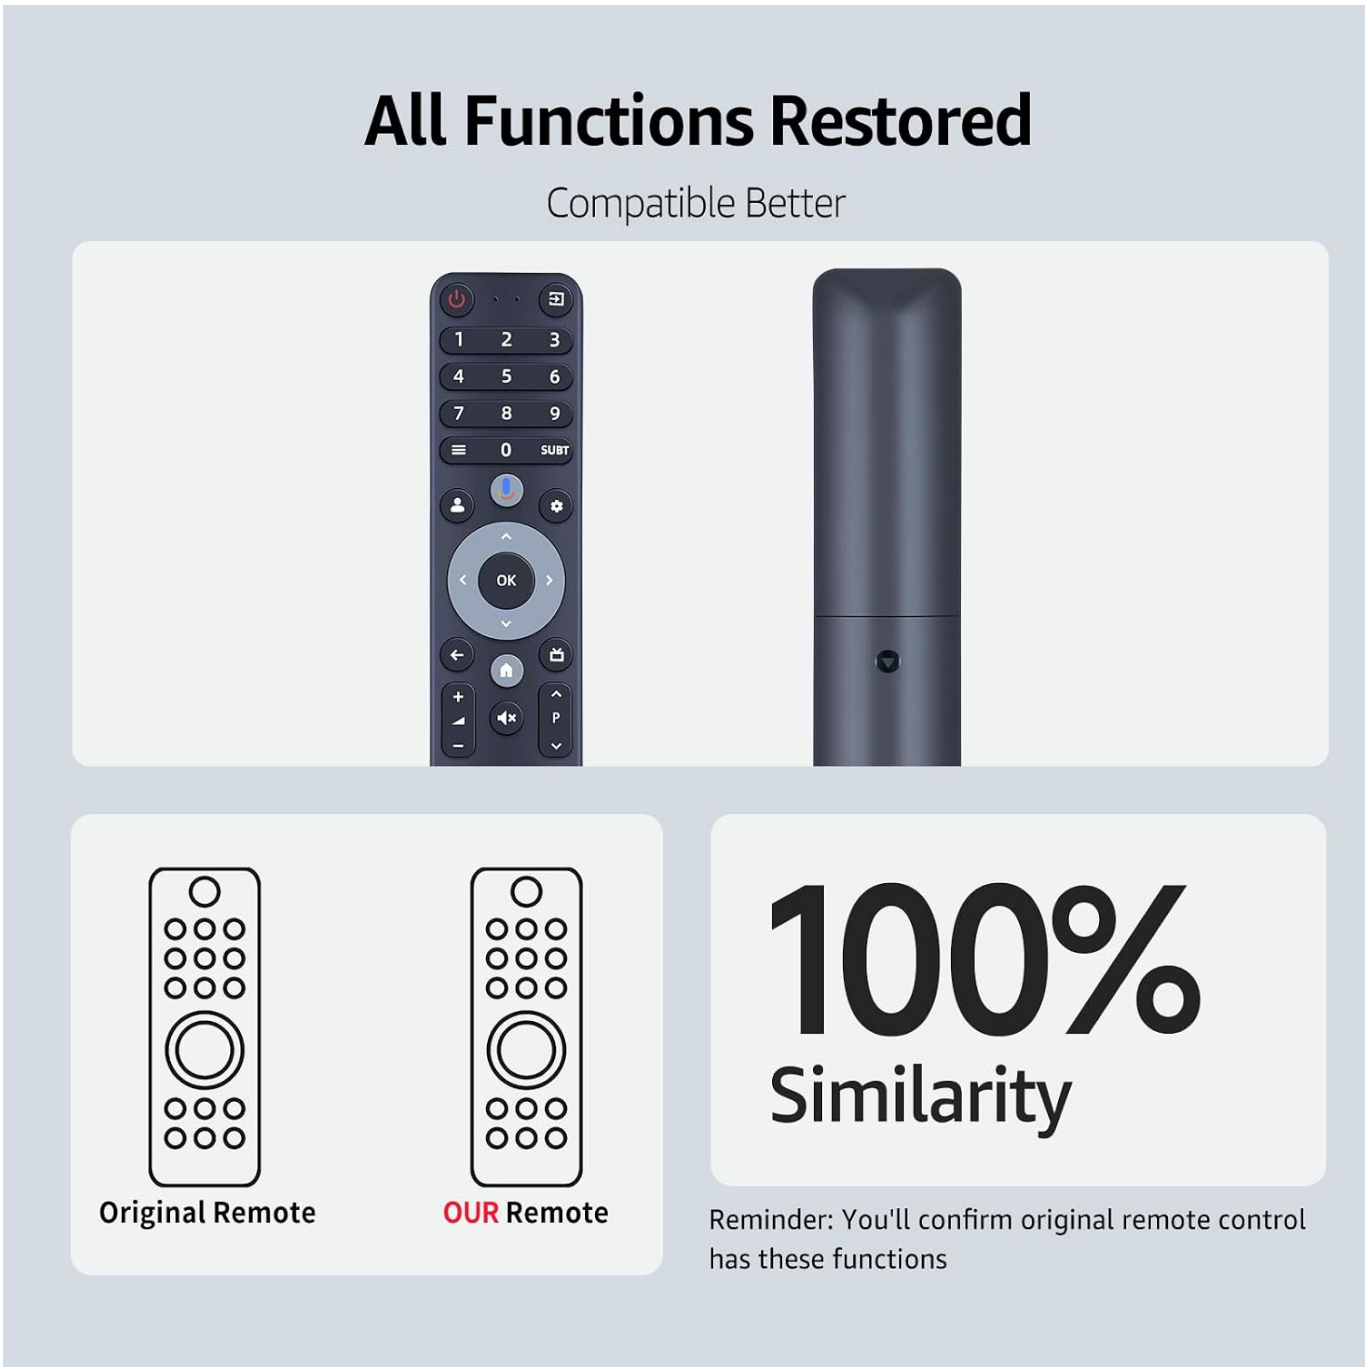

Image Description: A comparison image showing the GOUYESHO replacement remote alongside a representation of an original remote, emphasizing that all functions are restored and there is 100% similarity in layout.

5. Maintenance

To ensure the longevity and proper functioning of your remote control, follow these guidelines:

- Keep the remote control clean by wiping it with a soft, dry cloth. Avoid using liquid cleaners or abrasive materials.
- Do not expose the remote control to extreme temperatures, direct sunlight, or high humidity.
- If the remote control will not be used for an extended period, remove the batteries to prevent leakage.

6. Troubleshooting

6.1 Remote Control Not Responding

- **Check Batteries:** Ensure the batteries are inserted correctly with the correct polarity (+/-). Replace old or depleted

batteries with new AAA batteries.

- **Line of Sight:** Verify there is a clear path between the remote control and the TV's infrared sensor. Obstructions can block the signal.
- **Distance:** Ensure you are within the effective operating range (approximately 26 feet or 8 meters) of the television.
- **TV Sensor:** Confirm that the TV's infrared sensor is not blocked or dirty.

6.2 Intermittent Operation

- **Battery Power:** Weak batteries can cause intermittent operation. Replace them with fresh ones.
- **Interference:** Other electronic devices emitting infrared signals or strong light sources might interfere with the remote's operation. Try using the remote in a different environment.

7. Specifications

Feature	Detail
Brand	GOUYESHO
Manufacturer	RETROSUN
Compatibility	Strong 4K QLED Smart TV models: SRT50UF8733, SRT55UF8733, SRT65UF8733, 24HG4723C, SRT32HG4723C
