XINFUTE RG51B/E

XINFUTE RG51B/E Air Conditioner Remote Control User Manual

Introduction

This manual provides detailed instructions for the proper use and maintenance of your XINFUTE RG51B/E Air Conditioner Remote Control. Please read this manual thoroughly before operating the device to ensure optimal performance and longevity. This remote is designed for compatibility with Midea air conditioner models RG51B(1)/EU1 and RG51B(2)E.

Product Overview

The XINFUTE RG51B/E is a replacement remote control for specific Midea air conditioner units. It features a clear LCD display and ergonomically arranged buttons for easy operation of various air conditioner functions.

Figure 1: Front view of the XINFUTE RG51B/E remote control. This image displays the remote's LCD screen, which shows temperature settings, and an array of buttons for controlling air conditioner functions such as mode, fan speed, and temperature adjustments.

Figure 2: Back view of the XINFUTE RG51B/E remote control. This image highlights the battery compartment cover and a label indicating the model type (RG51B/E) and rated voltage (3VDC), along with a recommendation to remove batteries during prolonged disuse.

Setup

Battery Installation

The remote control requires two AAA batteries (not included) for operation. Follow these steps to install the batteries:

1. Locate the battery compartment cover on the back of the remote control (refer to Figure 2).
2. Slide the cover downwards or press the latch and lift to open the compartment.
3. Insert two new AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the markings inside the compartment.

4. Replace the battery compartment cover by sliding it back into place until it clicks securely.

Important: Ensure batteries are inserted with correct polarity. Do not mix old and new batteries, or different types of batteries. Remove batteries if the remote control will not be used for an extended period to prevent leakage.

Operating Instructions

This section describes the functions of each button on your XINFUTE RG51B/E remote control.

Button Functions

Button	Function
ON / OFF	Turns the air conditioner unit on or off.
MODE	Cycles through operating modes: AUTO, COOL, DRY, HEAT, FAN.
FAN SPEED	Adjusts fan speed: AUTO, LOW, MED, HIGH.
TEMP ▲ / ▼	Increases or decreases the set temperature.
SWING	Activates or deactivates the automatic louver swing function.
SLEEP	Activates the sleep mode for comfortable night operation.
TIMER ON	Sets a timer for the unit to turn on automatically.
TIMER OFF	Sets a timer for the unit to turn off automatically.
DIRECT	Adjusts the louver direction manually.
SHORT CUT	Recalls preferred settings with a single press.
CLEAN	Activates the self-cleaning function of the indoor unit.
LED DISPLAY	Turns the display light on or off on the air conditioner unit.
TURBO	Activates rapid cooling or heating for quick temperature changes.

Maintenance

Cleaning

To maintain the remote control's appearance and functionality, clean it regularly:

- Wipe the surface with a soft, dry cloth.
- For stubborn dirt, lightly dampen the cloth with water and a mild detergent, then wipe dry immediately.
- Do not use abrasive cleaners, alcohol, or corrosive liquids, as these can damage the remote's surface or internal components.

Battery Replacement

Replace batteries when the remote's operating range decreases or the display becomes dim. Follow the battery installation steps outlined in the 'Setup' section. Always replace both batteries simultaneously with new ones of the same type.

Troubleshooting

If you encounter issues with your remote control, refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Remote not responding to air conditioner.	Dead or incorrectly installed batteries. Obstruction between remote and unit. Remote not compatible.	Replace batteries, ensuring correct polarity. Remove any obstructions. Verify remote compatibility with your Midea AC model.
LCD display is dim or blank.	Low battery power.	Replace both AAA batteries with new ones.
Limited operating range.	Low battery power. Interference from other electronic devices.	Replace batteries. Ensure no strong light sources or electronic devices are interfering with the signal.

Specifications

- **Model:** RG51B/E
- **Compatible Models:** Midea RG51B(1)/EU1, RG51B(2)E
- **Power Source:** 2 x AAA batteries (not included)
- **Rated Voltage:** 3VDC
- **Material:** ABS
- **Product Dimensions:** 4 x 3 x 1 inches (approximately)
- **Item Weight:** 2.4 ounces (approximately)

Warranty and Support

XINFUTE provides a one-year warranty on all purchases of this remote control. This warranty covers manufacturing defects and ensures the product functions as intended under normal use.
If you are not satisfied with your purchase or encounter any issues, please contact the seller within 24 hours of receipt. For further assistance or warranty claims, please refer to the contact information provided by your retailer or the XINFUTE brand store.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
