## 1. PRODUCT OVERVIEW

The Rainbuvvy 4G Smartwatch is a versatile device designed for connectivity and activity tracking. It features a large 2.88-inch HD touch screen, runs on Android 11 OS, and supports 4G network connectivity with an independent SIM card slot. The smartwatch includes dual cameras, built-in GPS, and a long-lasting battery.

### Key Features:

- **2.88-inch HD Large Screen:** High-definition TFT full touch display with 480\*640 resolution for sensitive touch and smooth operation.
- **Independent SIM Card Slot:** Supports full Netcom 4G network and WiFi for fast internet access, video calls, text messages, and voice calls.
- **Dual Cameras & GPS:** Equipped with 8.0MP+2.0MP COMS high-sensitivity sensors for photography and video chat. Built-in GPS/GLONASS for precise positioning and navigation.
- **Android 11 OS:** Powered by an octa-core CPU and 4GB+64GB configuration for smooth application performance.
- **Long Standby:** 2300mAh polymer lithium battery with optimized energy-saving system.
- **Detachable Band:** Allows for easy removal of the watch body from the strap.

## 2. SETUP

### 2.1 Unboxing and Components

Upon opening the package, ensure all components are present:

- Rainbuvvy 4G Smartwatch (main unit)
- Detachable Watch Band
- Charging Cable
- User Manual (this document)

Image: The Rainbuvvy 4G Smartwatch with its detachable band and charging cable.

## 2.2 Attaching and Detaching the Watch Band

The smartwatch features a detachable design, allowing the main unit to be separated from the wristband. This can be useful for charging or using the device as a standalone mini-phone.

## 2.5 Power On/Off

To power on the device, press and hold the power button located on the side until the screen illuminates. To power off, press and hold the power button, then select 'Power Off' from the options.

## 3. OPERATING INSTRUCTIONS

### 3.1 Navigation and User Interface

The smartwatch features a full touch screen for navigation. Swipe left, right, up, or down to access different screens, notifications, and quick settings. Tap icons to open applications.

# One-Tap Detach Easy to Pocket

Image: The smartwatch screen displaying a grid of third-party applications available for download and use.

## 3.2 Communication Features

With an inserted SIM card, the smartwatch supports cellular communication:

- **Voice Calls:** Dial numbers directly from the watch or select contacts.
- **Text Messages:** Send and receive SMS messages.
- **Video Calls:** Utilize the dual cameras for video communication.

## 4. MAINTENANCE

### 4.1 Cleaning

Regularly clean your smartwatch with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the screen or casing.

### 4.2 Water Resistance

The smartwatch is water resistant. However, it is not recommended for swimming or showering. Avoid prolonged exposure to water.

Image: The smartwatch being splashed with water, illustrating its water-resistant design.

### 4.3 Battery Care

To prolong battery life, avoid extreme temperatures and fully discharging the battery frequently. Charge the device using the original charging cable.

## 5. TROUBLESHOOTING

### 5.1 Common Issues

- **No App Connectivity:** This smartwatch operates as a standalone system and does not support app connectivity with a companion phone app.
- **Device Not Powering On:** Ensure the device is fully charged. If the issue persists, perform a soft reset by holding the power button for an extended period.
- **Network Issues:** Check if the SIM card is correctly inserted and activated. Verify network coverage in your area.

### 5.2 Factory Reset

If you encounter persistent software issues, a factory reset may resolve them. Navigate to **Settings > System > Reset options > Erase all data (factory reset)**. This will erase all data on the device, so back up important information beforehand.

## 6. SPECIFICATIONS

Feature	Detail
Operating System	Android 11
Memory Storage Capacity	64 GB

Feature	Detail
RAM Memory Installed	4 GB
Screen Size	2.88 inches
