

VIWOODS AiPaper Reader

VIWOODS AiPaper Reader Instruction Manual

Model: AiPaper Reader

INTRODUCTION

Welcome to the user manual for your VIWOODS AiPaper Reader. This ultra-thin and lightweight e-reader features a 6.13-inch Carta 1300 E-Ink display, designed for a comfortable and immersive reading experience. With integrated AI capabilities, 4G connectivity, and 128GB of storage, this device offers advanced functionality for both reading and learning. This manual provides essential information on setting up, operating, maintaining, and troubleshooting your device.

SETUP

1. Powering On/Off

- **To Power On:** Press and hold the power button (located on the side) until the screen illuminates.
- **To Power Off:** Press and hold the power button, then select 'Power Off' from the options that appear on the screen.
- **To Restart:** Press and hold the power button, then select 'Restart' from the options.

2. Initial Configuration

Upon first power-on, follow the on-screen prompts to:

- Select your preferred language.
- Connect to a Wi-Fi network for internet access.
- Set up your time zone and date.
- Log in to your accounts (e.g., Google, e-reading platforms).

3. SIM Card Insertion (for 4G Connectivity)

If you plan to use 4G connectivity, insert a nano-SIM card:

1. Locate the SIM card tray on the side of the device.
2. Use the provided card tray eject tool to open the tray.
3. Place your nano-SIM card into the tray with the gold contacts facing down.
4. Gently push the tray back into the device until it clicks into place.

4. Charging the Device

Before first use, fully charge your AiPaper Reader using the included USB-C cable and a compatible power adapter.

- Connect the USB-C cable to the device's charging port.
- Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
- The charging indicator on the screen will show the charging status.

OPERATING YOUR DEVICE

Basic Navigation

The AiPaper Reader features a responsive touchscreen for navigation. Swipe to browse, tap to select, and use the physical page-turn buttons on the side for convenient reading.

Reading Experience

The 6.13-inch Carta 1300 E-Ink display with 300 PPI provides a paper-like reading experience with sharp, clear text and reduced glare.

Advanced Carta 1300 & 300 PPI

AI Integrated Features

The AiPaper Reader integrates artificial intelligence to enhance your reading and learning experience.

Dedicated AI Button

Access AI assistance quickly using the dedicated AI side button:

- **Long-press:** Activates voice input for AI queries.
- **Short-press:** Opens text-based AI query interface.

AI Screenshot Q&A

When encountering complex topics, simply take a screenshot of the content. The AI will analyze it and provide a detailed summary or explanation. You can then ask follow-up questions to deepen your understanding.

Screenshot to Ask AI

Capture text or charts while reading, and AI instantly provides summaries, insights, and solutions

Connectivity

- **4G Connectivity:** Stay connected and access online content even without Wi-Fi.
- **Wi-Fi:** Connect to available Wi-Fi networks for internet access.
- **Bluetooth:** Pair with Bluetooth headphones for audiobook playback (device does not have a built-in speaker).
- **USB:** Use the USB-C port for charging and data transfer.

Storage and Performance

The device comes with 128GB of internal storage, providing ample space for your e-books, documents, and AI notes. Powered by Android 16, it supports a wide range of third-party reading applications.

MAINTENANCE

Screen Cleaning

To clean the E-Ink screen, gently wipe it with a soft, lint-free cloth. Avoid using harsh chemicals or abrasive materials, as these can damage the screen surface.

Software Updates

Periodically check for software updates to ensure optimal performance and access to the latest features. You can usually find this option in the device's settings menu under 'About Device' or 'System Updates'.

Battery Care

To prolong battery life:

- Avoid extreme temperatures.
- Do not let the battery completely drain frequently.
- Use the provided USB-C cable for charging.

TROUBLESHOOTING

Device Not Turning On

- Ensure the device is charged. Connect it to a power source for at least 30 minutes.
- Press and hold the power button for 10-15 seconds to perform a hard reset.

Screen Not Responding

- Restart the device.
- Ensure the screen is clean and free of debris.

Connectivity Issues (Wi-Fi/4G)

- Check if Wi-Fi or Mobile Data is enabled in the quick settings panel.
- For Wi-Fi, ensure you are within range of a known network and have entered the correct password.
- For 4G, verify that your SIM card is correctly inserted and active, and that you have mobile data coverage.

AI Features Not Working

- Ensure the device has an active internet connection (Wi-Fi or 4G).
- Check if there are any pending software updates for the AI features.

Factory Reset (Last Resort)

If issues persist, you may need to perform a factory reset. This will erase all data on your device. Back up important information before proceeding. The option is typically found in 'Settings > System > Reset options'.
