› JUMMICO Extendable Aluminum Garden Dining Table (Model BS-TJ-0372-80BN-DE) - User Manual

JUMMICO BS-TJ-0372-80BN-DE

JUMMICO Extendable Aluminum Garden Dining Table

MODEL: BS-TJ-0372-80BN-DE

Introduction

Thank you for choosing the JUMMICO Extendable Aluminum Garden Dining Table. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new table. Please read these instructions carefully before use and retain them for future reference.

This versatile table features a durable aluminum construction, an extendable design to accommodate more guests, and adjustable feet for stability on various surfaces. Its natural wood tone finish complements any outdoor setting.

Setup and Assembly

Your JUMMICO garden table is designed for quick and straightforward assembly, typically taking around 6 minutes. An installation tool and assembly guide are included in the package. A screwdriver is the only additional recommended tool.

- Unpack all components and verify against the parts list in the included assembly guide.
- Attach the table legs to the tabletop frame using the provided hardware. Ensure all connections are secure.
- Place the table in your desired location.

Operating Instructions

Extending the Table

The JUMMICO table can be easily extended to accommodate more guests. From a compact 80x80 cm size suitable for 2-4 people, it can be extended to 80x160 cm to comfortably seat up to 6 people.

- Gently pull the two halves of the tabletop apart.
- The extension leaf, stored underneath, will slide into place or can be manually positioned.
- Push the tabletop halves back together until they lock securely, creating a larger surface.

Adjusting Table Legs

The table is equipped with adjustable feet to ensure stability on uneven surfaces such as lawns, patios, or balconies.

- Locate the adjustable glides at the bottom of each table leg.
- Rotate the glides clockwise or counter-clockwise to raise or lower each corner of the table until it is level and stable.

Maintenance

To ensure the longevity and appearance of your JUMMICO aluminum garden table, follow these maintenance guidelines:

- **Cleaning:** Wipe the table regularly with a soft cloth dampened with water and a mild, non-abrasive detergent. Rinse thoroughly with clean water and dry completely to prevent water spots.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or strong chemicals, as these can damage the powder-coated aluminum finish.
- **Weather Protection:** Although the aluminum structure is weather-resistant, it is recommended to cover the table during prolonged periods of harsh weather (heavy rain, snow, strong sun) or when not in use for extended periods. Storing it indoors during winter months will further extend its lifespan.
- **Check Fasteners:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary to maintain stability.

Troubleshooting

- **Table Wobbles:** If the table feels unstable, ensure it is placed on a flat surface. If the surface is

uneven, adjust the glides at the bottom of each leg until the table is level and stable. Also, check that all assembly screws are securely tightened.

- **Extension Mechanism is Stiff:** If the extension mechanism is difficult to operate, ensure the tracks are clean and free of debris. A small amount of silicone-based lubricant can be applied to the sliding parts to improve movement.
- **Surface Scratches:** Minor scratches on the aluminum surface can sometimes be touched up with a suitable outdoor furniture paint that matches the original finish. Consult JUMMICO customer service for recommendations.

Specifications

Brand	JUMMICO
Model Number	BS-TJ-0372-80BN-DE
Dimensions (Compact)	80 cm (Depth) x 80 cm (Width) x 75 cm (Height)
Dimensions (Extended)	80 cm (Depth) x 160 cm (Width) x 75 cm (Height)
