4. ASSEMBLY & INSTALLATION

4.1. Assembling the Pegboard Panels

The pegboard features a detachable design, allowing you to customize its layout. Use the larger connection buckles to join the main pegboard panels where you intend them to connect. For any unused holes or gaps, insert the smaller fill-in pieces to achieve a neat appearance.

Easily Adjust Multiple Angles

Can be easily adjusted to the desired angle

7.87in/20cm

15.75in/40cm

23.62/60cm

Anti-Slip Pad

Wall Mount Stickers Installation

4.2. No-Drilling Wall Installation

The KDD gaming pegboard is designed for easy, no-drilling installation using wall mount stickers. Ensure the wall surface is clean and dry before application.

1. Clean and dry the desired wall area thoroughly.
2. Peel off the protective film from the adhesive side of the wall mount stickers. Ensure the side with the upward-pointing arrow is oriented correctly.
3. Press the adhesive stickers firmly onto the wall for at least one minute to ensure strong adhesion.
4. Remove the pegboard from the installation frame (if applicable) and smooth out any air bubbles in the adhesive stickers by pressing down on the frame.
5. Align the edge of the pegboard with the adhesive strip and press it closed and locked.
6. For optimal adhesion, allow 24 hours before hanging items on the pegboard.

For a visual guide on the installation process, please refer to the video below:

Video 2: How to install the Keepo pegboard set system (Seller: KreativeXYZ). This video provides a step-by-step guide on assembling and mounting the pegboard system.

5. Using the Pegboard & Accessories

The 7-in-1 design allows for versatile organization of various items. Utilize the included accessories to customize your storage space.

- **Phone Stand:** Securely hold your smartphone for easy access.

- **Headset & Controller Hangers:** Keep your gaming peripherals neatly stored and within reach.

- **Storage Boxes:** Use the two different sized boxes for pens, keys, cables, or other small items.

- **Hooks:** Hang additional items such as scissors, keychains, or other small tools.

Video 3: Cable Management Kit (Seller: Lekke). This video demonstrates various cable management techniques and accessories that can complement your pegboard setup.

6. RGB LED Strip Lights Operation

The integrated RGB LED strip lights allow for customization of your environment. The lights feature three popular modes that can be switched with a single click:

- Single Color Light Mode
- 7-Color Fast Flashing Mode
- 7-Color Breathing Light Mode

Customize the color and speed to match your preference and enhance the aesthetic of your space.

Image 6: Illustration of the RGB LED strip lights and their various modes.

7. CARE & MAINTENANCE

- To clean the pegboard and accessories, wipe with a soft, damp cloth. Avoid abrasive cleaners or solvents.
- Regularly check the wall mount stickers for secure adhesion.
- Ensure all accessories are properly seated in the pegboard holes to prevent items from falling.

8. TROUBLESHOOTING

- **Pegboard not adhering securely:** Ensure the wall surface was thoroughly cleaned and dried before applying the adhesive stickers. Press firmly for the recommended time and allow 24 hours for maximum adhesion before loading.
- **Accessories not fitting:** Ensure you are using the correct type of accessories for the pegboard's slot design. Some accessories may require a specific orientation.
- **RGB lights not working:** Check the USB connection to ensure it is properly plugged into a power source. Verify that the light strip is not damaged.
