2. Safety Information

Always follow basic safety precautions when using this product to reduce the risk of fire, electric shock, or injury:

- Read all instructions before using the product.
- Do not expose the soundbar to rain or moisture.
- Do not block any ventilation openings.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel.

3. What's in the Box

Verify that all items are included in your package:

- JBL BAR1000M2BLKJN Soundbar Main Unit
- Wireless Subwoofer
- Detachable Wireless Surround Speakers (2 units)
- Remote Control (with 2 AAA batteries)
- Power Cable (for soundbar and subwoofer)
- HDMI Cable (1.2m)
- Soundbar Wall Mount Kit (1 set)
- Surround Speaker Wall Mount Kit (2 sets)
- Side Caps (4 units)
- Quick Start Guide
- Safety Sheet
- Warranty Card

4. Product Overview

The JBL BAR1000M2BLKJN is a 7.1.4 channel soundbar system designed to deliver an immersive audio experience. Key features include:

- **7.1.4ch Fully Wireless Surround System:** Features unique detachable, rechargeable wireless rear speakers for flexible placement and true surround sound.
- **Immersive Sound:** Equipped with a total of 15 driver units for authentic immersive sound reproduction, supporting Dolby Atmos and DTS:X.
- **Powerful Bass:** A large 25cm diameter wireless subwoofer reproduces movie-specific LFE (Low-Frequency Effects) with ample power.
- **Sleek Design:** With a height of approximately 5.2cm, it is one of the thinnest in the series, stylishly matching large-screen TVs.
- **Connectivity:** Supports Bluetooth, HDMI (multiple inputs with 4K passthrough), Wi-Fi, and Optical connections.

Components

1. **Soundbar Main Unit:** Houses front, center, and up-firing speakers.
2. **Detachable Wireless Surround Speakers:** Two units that can be connected to the main soundbar for charging or placed wirelessly for surround effects.
3. **Wireless Subwoofer:** Provides deep bass.

5. Setup

5.1 Placement

For optimal performance, place the soundbar directly below your TV. The wireless subwoofer can be placed anywhere in the room, ideally near a wall for enhanced bass. The detachable surround speakers should be placed behind your listening position for the best surround effect.

Image: A family watching TV, illustrating typical soundbar and subwoofer placement in a living room.

5.2 Connections

Connect your soundbar to your TV and other devices using the following methods:

1. **HDMI eARC/ARC (Recommended):** Connect the HDMI OUT (TV ARC/TV eARC) port on the soundbar to the HDMI ARC/eARC port on your TV using the provided HDMI cable. This allows for high-quality audio and control via your TV remote.
2. **HDMI IN:** Connect your source devices (e.g., game console, Blu-ray player) to the HDMI IN 1, 2, or 3 ports on the soundbar.
3. **Optical:** If your TV does not support HDMI ARC/eARC, connect the OPTICAL port on the soundbar to the optical output on your TV.
4. **Power:** Connect the power cables to the soundbar and subwoofer, then plug them into a power outlet.

Image: Rear panel of the soundbar showing HDMI, Optical, Ethernet, USB, and Power ports.

5.3 Wireless Pairing

The subwoofer and detachable surround speakers should automatically pair with the soundbar when powered on. If pairing fails, refer to the Troubleshooting section.

Image: A user detaching one of the wireless rear speakers from the main soundbar unit.

6. Operating

6.1 Basic Operation

- **Power On/Off:** Press the power button on the soundbar or remote control.
- **Volume Control:** Use the volume up/down buttons on the soundbar or remote.
- **Source Selection:** Press the Source button on the remote to cycle through HDMI 1, HDMI 2, HDMI 3, TV (HDMI ARC/eARC), Optical, Bluetooth, and Wi-Fi inputs.
- **Mute:** Press the Mute button on the remote to temporarily silence the audio.

Image: The soundbar's front display indicating the currently selected input, such as 'HDMI'.

6.2 Advanced Features

- **Sound Calibration:** Use the JBL One app for automatic sound calibration to optimize audio for your room environment.
- **Detachable Surround Speakers:** For a full surround experience, detach the rear speakers and place them behind your listening area. Reattach them to the main soundbar to recharge.

- **Bluetooth Pairing:** Press the Bluetooth button on the remote or soundbar to enter pairing mode, then select "JBL BAR1000M2" from your device's Bluetooth settings.
- **Wi-Fi Connectivity:** Connect the soundbar to your home Wi-Fi network using the JBL One app for streaming services and firmware updates.

7. Maintenance

- **Cleaning:** Use a soft, dry cloth to clean the surfaces of the soundbar, subwoofer, and speakers. Do not use liquid cleaners or aerosols.
- **Ventilation:** Ensure that the ventilation openings are not blocked to prevent overheating.
- **Battery Care (Surround Speakers):** Regularly charge the detachable surround speakers by docking them to the main soundbar. Avoid fully discharging them for extended periods.

8. Troubleshooting

Problem	Possible Cause	Solution
No power	Power cable not connected or outlet not active.	Check power connections and try a different outlet.
No sound	Incorrect input source, volume too low, or incorrect TV audio settings.	Select the correct input source, increase volume, check TV audio output settings (e.g., set to PCM or Bitstream).
Subwoofer/Surround speakers not connecting	Interference or pairing issue.	Ensure devices are within range. Manually re-pair by following instructions in the full manual (usually involves holding a button on the subwoofer/speakers).
Remote control not working	Dead batteries or obstruction.	Replace batteries. Ensure no obstructions between remote and soundbar.

9. Specifications

Feature	Detail
Brand	JBL
Model Name	JBL BAR1000MK2
Model Number	JBLBAR1000M2BLKJN
Speaker Channel Configuration	7.1.4
