### 3. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the HOSTACK cabinet is designed to be straightforward, typically taking approximately 2 hours. All pieces are labeled, and detailed instructions are provided. Due to the product's size and weight, two adults are recommended for assembly.

#### Hinge Adjustment for Cabinet Doors

If your cabinet doors are not perfectly aligned after assembly, follow these steps for adjustment:

- 1. Vertical Adjustment (Screws A & B):** To adjust the door vertically, loosen screws A and B on the hinge. Push the door up or down to the desired height, then re-tighten the screws.
- 2. Horizontal Adjustment (Screw C):** To adjust the door horizontally (left or right), turn screw C on the hinge. Turn left to move the door left, and right to move it right.
- 3. Depth Adjustment (Screw D):** To adjust the gap between the door and the cabinet, turn screw D. Turn left to loosen and push the door in, then turn right to tighten.

## 5. MAINTENANCE

To maintain the appearance and longevity of your HOSTACK cabinet, follow these simple maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Spills:** Clean up spills immediately to prevent staining or damage to the manufactured wood.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight to prevent fading or discoloration.
- **Heat and Moisture:** Protect the surface from excessive heat and moisture. Use coasters or mats under hot items or beverages.

## 6. TROUBLESHOOTING

If you encounter any issues with your HOSTACK cabinet, please refer to the following common solutions:

- **Misaligned Doors:** Refer to the "Hinge Adjustment for Cabinet Doors" section (Section 3) and the accompanying video for detailed steps on how to adjust the hinges to correct vertical, horizontal, or depth alignment issues.
- **Drawers Not Sliding Smoothly:** Ensure that the drawer slides are properly installed and free from obstructions. Check that all screws are tightened securely. Avoid overloading drawers beyond their weight capacity.
- **Wobbling Cabinet:** Verify that the cabinet is placed on a flat, level surface. If necessary, use furniture levelers (not included) to stabilize the unit. Ensure all assembly hardware is securely tightened.
