Merax B0FS1TZBQ6

Merax Full Size House Platform Bed Instruction Manual

Model: B0FS1TZBQ6

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Merax Full Size House Platform Bed. This bed features a unique house-shaped frame, integrated storage drawers, a headboard with shelves, and LED lighting. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

SAFETY INFORMATION

- Always assemble the bed according to the instructions provided.
- Keep the guardrails in place to prevent children from falling.
- Exercise caution when handling the bed due to its weight. It is recommended to have two adults for assembly.
- Do not exceed a total weight capacity of 550 pounds on the bed.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten hardware as needed.
- Keep small parts away from children during assembly to prevent choking hazards.

PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, contact Merax customer support.

- Bed Frame Components (Headboard, Footboard, Side Rails)
- Wood Slats
- Guardrails
- Storage Drawers (2 units)
- House Roof Structure

- LED Light Kit
- Assembly Hardware (screws, bolts, nuts, Allen wrench)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly typically requires two adults. Please follow these steps carefully.

1. **Prepare the Area:** Clear a spacious area for assembly. Lay out all components and hardware.

2. **Assemble the Headboard and Footboard:** Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are snug but do not overtighten until the frame is fully assembled.

Image: Partially assembled bed frame showing the headboard, footboard, and side rails connected, with drawers positioned underneath.

3. **Install the Slats:** Place the wooden slats across the bed frame. Secure them to the side rails using the designated screws. Ensure even spacing for optimal mattress support.

4. **Attach Guardrails:** Secure the guardrails to the appropriate side of the bed frame as indicated in the detailed assembly diagram (refer to the included paper manual for specific diagrams).

5. **Assemble the House Roof Structure:** Connect the roof beams to the headboard and side rails according to the instructions. This forms the decorative house shape.

Image: Close-up view of the house-shaped roof structure, highlighting the attachment points and the integrated LED light string.

6. **Assemble Storage Drawers:** Follow the separate instructions for assembling the two storage drawers. Once assembled, slide them into position under the bed frame.

7. **Install LED Light Kit:** Carefully wrap the LED light string around the roof structure or along the eaves of the bed as desired. Secure the lights using the provided clips or adhesive. Connect the power source as instructed.

8. **Final Tightening:** Once all components are in place, go back and securely tighten all screws and bolts. Do not overtighten.

OPERATING INSTRUCTIONS

Using the LED Light

The integrated LED light kit provides ambient lighting. To operate, connect the power adapter to a standard electrical outlet. Use the switch on the power cord to turn the lights on or off. Some models may include a dimmer or remote control; refer to the specific LED kit instructions for advanced features.

Using the Storage Drawers

The two under-bed storage drawers are designed for easy access. Simply pull the handle to open and push to close. These drawers are ideal for storing bedding, toys, or other personal items. Avoid overloading the drawers to ensure smooth operation and prevent damage.

MAINTENANCE

- **Cleaning:** Wipe the bed frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Hardware Check:** Periodically (every 3-6 months) inspect all screws, bolts, and connections. Re-tighten any loose hardware to maintain stability and safety.
- **LED Lights:** If an LED light stops working, check the power connection. If individual bulbs are replaceable, follow the LED kit manufacturer's instructions.
- **Drawer Maintenance:** Keep drawer tracks clean and free of debris for smooth operation.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all screws and bolts. Ensure all components are correctly aligned.
Drawers do not slide smoothly.	Debris in tracks, misaligned drawer.	Clean drawer tracks. Re-check drawer assembly and alignment.
LED lights are not working.	Power connection issue, faulty switch/bulb.	Ensure power adapter is securely plugged in. Check the switch. If still not working, contact customer support for LED kit replacement.
Missing parts during assembly.	Packaging error.	Review package contents list. Contact Merax customer support with the specific part number.

SPECIFICATIONS

Brand: Merax

Model: B0FS1TZBQ6

Size: Full
