## LIGE EF21-B

# LIGE EF21-B Smart Watch User Manual

Model: EF21-B

## INTRODUCTION

---

This manual provides detailed instructions for the setup, operation, and maintenance of your LIGE EF21-B Smart Watch. Please read this manual thoroughly before using the device to ensure proper function and to maximize your user experience. Keep this manual for future reference.

## WHAT'S IN THE BOX

---

Upon opening your LIGE EF21-B Smart Watch package, you should find the following items:

- 1 x LIGE EF21-B Smart Watch
- 1 x Stainless Steel Strap
- 1 x Silicone Strap
- 1 x USB Magnetic Charging Cable
- 1 x Type-C Magnetic Charging Cable
- 1 x Instruction Manual

## SETUP

---

### 1. Charging the Smart Watch

Before initial use, fully charge your smart watch. Connect the magnetic charging cable to the charging contacts on the back of the watch and plug the USB or Type-C end into a compatible power source (e.g., computer, wall adapter). The watch display will indicate charging status. A full charge typically takes approximately 3 hours.

## 2. App Installation

To unlock the full functionality of your LIGE EF21-B Smart Watch, you need to install the companion application, **FitCloudPro**, on your smartphone.

1. Scan the QR code provided in the watch's interface or in the included manual to download the FitCloudPro app.
2. Alternatively, search for "FitCloudPro" in your smartphone's app store (Google Play Store for Android, Apple App Store for iOS).
3. Install the application and grant necessary permissions when prompted.

### 3. Device Pairing

After installing the app and fully charging your watch:

1. Open the FitCloudPro app on your smartphone.
2. Ensure Bluetooth is enabled on your smartphone.
3. In the app, navigate to the "Device" or "Add Device" section.
4. The app will search for available devices. Select "EF21-B" from the list to initiate pairing.
5. Follow any on-screen prompts on both your phone and watch to confirm the pairing.

## OPERATING INSTRUCTIONS

### Basic Navigation

The LIGE EF21-B Smart Watch features a 1.43-inch AMOLED touchscreen display and a rotary encoder crown for navigation.

- **Touchscreen:** Swipe left, right, up, or down to navigate through menus and access different features. Tap to select items.
- **Rotary Encoder Crown:** Rotate the crown to scroll through lists, adjust settings, or zoom in/out on certain interfaces. Press the crown to return to the home screen or confirm selections.
- **Side Buttons:** The watch includes additional side buttons that can be customized for quick access to specific functions or apps.

### Bluetooth Calling and Notifications

Once paired with your smartphone, the watch supports Bluetooth calling and message notifications.

- **Making/Answering Calls:** You can answer or reject incoming calls directly from your watch. Use the built-in microphone and speaker for hands-free communication.
- **Message Reminders:** Receive real-time notifications for calls, SMS, and various social media apps directly on your watch display.

## Health Monitoring

The watch provides comprehensive health tracking features:

- **Heart Rate Monitoring:** Continuously monitors your heart rate throughout the day. View real-time data and historical trends in the FitCloudPro app.
- **Sleep Monitoring:** Automatically records your sleep patterns, including deep sleep, light sleep, and wake times. Provides insights to help improve sleep quality.
- **Blood Oxygen (SpO2) Tracking:** Measures your blood oxygen levels.
- **Stress Level Monitoring:** Tracks daily stress levels to help you manage well-being.

**Note: This device is not a medical device. Health data is for reference only and should not be used for medical diagnosis or treatment.**

## Sports Modes

The watch supports over 200 sports modes to accurately track your physical activities.

- Select your desired sport from the watch's menu.
- The watch will record data such as distance, steps, calories burned, and heart rate during your workout.
- Review detailed analysis of your training results in the FitCloudPro app.

## Other Features

The LIGE EF21-B Smart Watch includes several additional smart features:

- **AI Voice Assistant:** Interact with your watch using voice commands for various tasks.
- **Flashlight:** Utilize the built-in LED flashlight for convenience in low-light conditions.
- **Music Control:** Control music playback on your smartphone directly from your watch.
- **Weather Forecast:** Get real-time weather updates.
- **Alarm Clock:** Set alarms and reminders.
- **Find My Phone:** Locate your misplaced smartphone.
- **Camera Remote:** Use your watch as a remote shutter for your phone's camera.
- **Water Reminder:** Receive prompts to drink water throughout the day.
- **Calculator:** A basic calculator function is available.

## MAINTENANCE

---

### Cleaning

To maintain the appearance and functionality of your watch:

- Wipe the watch screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts regularly to ensure efficient charging.

### Water Resistance (IP68)

The LIGE EF21-B Smart Watch is rated IP68, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for up to 30 minutes. This makes it suitable for daily use, such as washing hands or light rain exposure. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seals.

### Battery Care

To prolong battery life:

- Avoid fully discharging the battery frequently.
- Store the watch in a cool, dry place when not in use for extended periods.
- Use only the provided charging cables.

## TROUBLESHOOTING

---

If you encounter issues with your LIGE EF21-B Smart Watch, refer to the following common solutions:

Problem	Possible Solution
Watch does not turn on	Ensure the watch is fully charged. Press and hold the power button for several seconds.
Cannot pair with phone	Ensure Bluetooth is enabled on your phone and the watch. Restart both devices. Make sure the FitCloudPro app has necessary permissions.
Notifications not received	Check app permissions for notifications on your phone. Ensure the watch is connected via Bluetooth. Verify notification settings within the FitCloudPro app.
Inaccurate health data	Ensure the watch is worn snugly on your wrist. Clean the sensor on the back of the watch. Remember, this is not a medical device.
Short battery life	Reduce screen brightness, disable unnecessary features (e.g., always-on display), and limit frequent heart rate monitoring.

If the problem persists, please contact customer support.

## SPECIFICATIONS

---

Key technical specifications for the LIGE EF21-B Smart Watch:
