## Sweetcrispy SWJ01QUEEN

# Sweetcrispy Queen Size Bed Frame SWJ01QUEEN

Instruction Manual

## INTRODUCTION

Thank you for choosing the Sweetcrispy Queen Size Bed Frame. This manual provides detailed instructions for assembly, usage, care, and troubleshooting to ensure a safe and enjoyable experience with your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Image: Overview of the Sweetcrispy Queen Size Bed Frame, highlighting its dimensions (81.8"L x 60.2"W x 45.2"H), 800 lbs weight capacity, and estimated 30-minute assembly time. Recommended mattress thickness is 6-14 inches.

## SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Always follow the assembly instructions carefully to prevent instability.
- Be cautious of sharp edges and heavy components during assembly and movement.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten fasteners.
- Do not exceed the maximum weight capacity of 800 pounds.
- Keep small parts away from children during assembly to avoid choking hazards.
- Use on a level surface to prevent tipping.

## PACKAGE CONTENTS

Before assembly, verify that all components are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard
- Bed Frame Components (Side Rails, Center Support, Legs)
- Wooden Slats
- Hardware Kit (Screws, Bolts, Allen Wrench)
- Installation Manual (this document)

## ASSEMBLY INSTRUCTIONS

---

Assembly typically requires two people and can be completed in approximately 40 minutes. Follow the steps below carefully.

1. **Unpack and Identify Parts:** Lay out all components on a clean, soft surface (like a carpet) to prevent scratches. Identify each part using the provided parts list.
2. **Assemble the Headboard:** Attach the headboard support bars to the upholstered headboard section. Ensure all bolts are finger-tight at this stage.
3. **Attach Side Rails:** Connect the side rails to the headboard and footboard (if applicable). Secure with the appropriate hardware. Do not fully tighten yet.
4. **Install Center Support:** Place the center support beam(s) and attach any support legs as indicated in the diagram.
5. **Place Wooden Slats:** Position the wooden slats across the bed frame. Many slats feature a Velcro design for quick and easy installation, ensuring they stay in place. Ensure slats are evenly spaced for optimal mattress support.

Image: Detail showing the Velcro design on the wooden slats, which facilitates quick and easy installation and helps keep the slats securely in position on the bed frame.

6. **Final Tightening:** Once all components are in place and aligned, systematically tighten all bolts and screws using the provided Allen wrench. Do not overtighten.
7. **Attach Non-slip Foot Mats:** Ensure the protective non-slip foot mats are securely attached to the bottom of each leg to protect your floors and minimize noise.

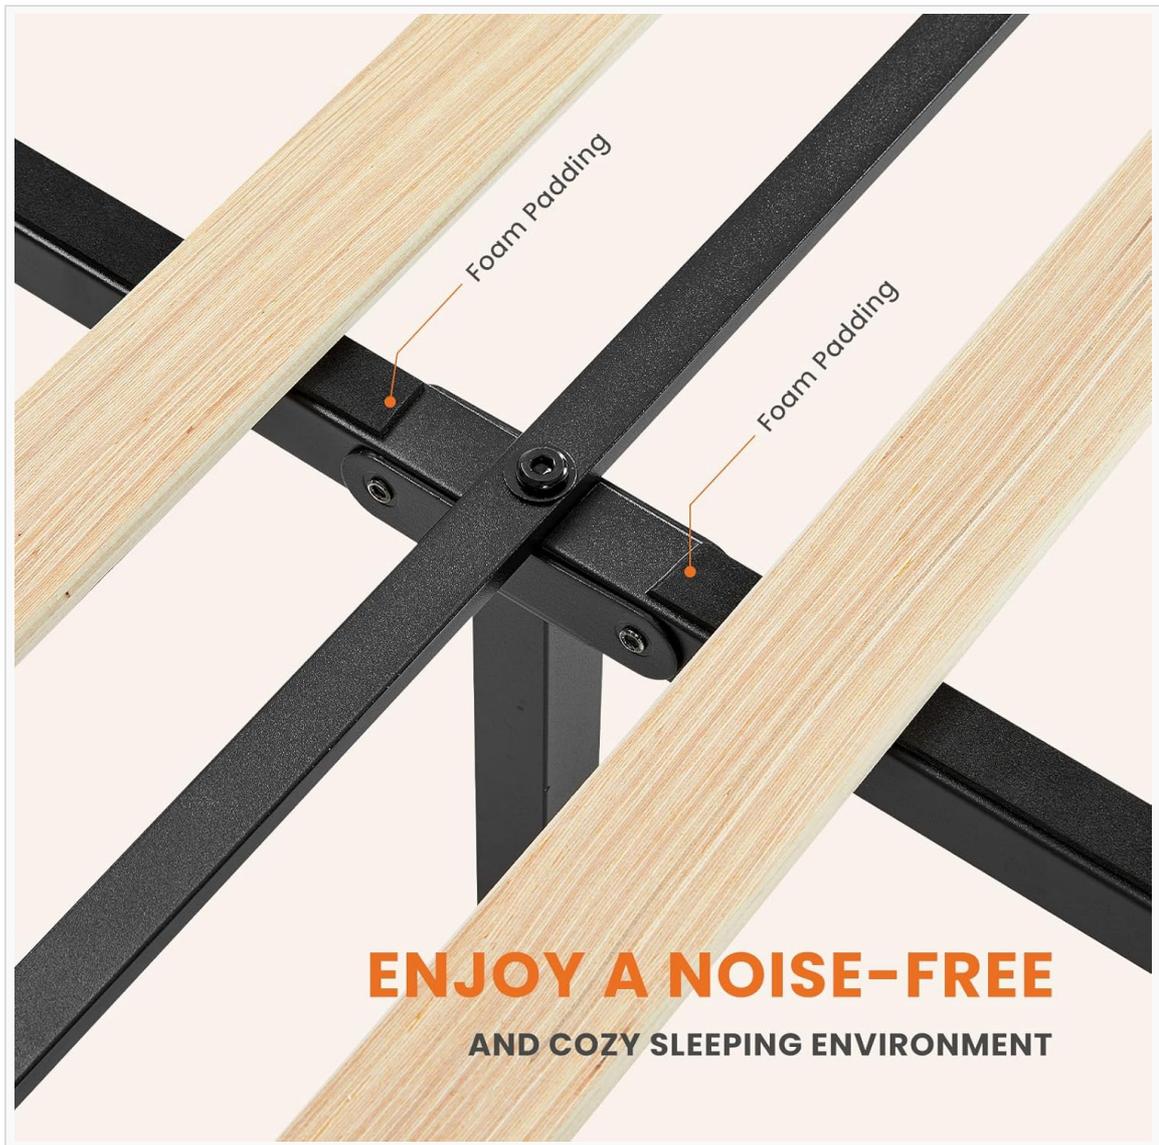

Image: Illustrates the strong and stable metal slats, the breathable linen fabric of the headboard, and the non-slip foot mats designed for floor protection and long-term use.

## PRODUCT FEATURES & USAGE

### Adjustable Headboard

The upholstered headboard features three height adjustment options (40.2", 42.7", 45.2") to accommodate mattresses ranging from 6 to 14 inches thick. Adjust the headboard to your preferred height by repositioning the attachment bolts during assembly or by loosening and re-tightening them if already assembled.

Image: Demonstrates the three adjustable height settings for the upholstered headboard: 40.2 inches, 42.7 inches, and 45.2 inches, allowing customization for various mattress thicknesses.

### **Noise-Free Design**

The bed frame is engineered for a quiet sleeping environment. It incorporates foam padding between the wooden slats and the metal frame to reduce friction and eliminate squeaks. The sturdy construction and non-slip foot mats further contribute to stability and silence.

Image: A close-up view illustrating the foam padding integrated into the bed frame structure, designed to prevent noise and provide a quiet sleeping experience.

### **Under-Bed Storage**

The bed frame provides 6.3 inches of clearance underneath, offering convenient space for storage baskets or other items, helping to keep your bedroom organized.

Image: Shows the 6.3-inch clearance beneath the bed frame, demonstrating the available space for storage, exemplified by a wicker basket placed underneath.

## CARE AND MAINTENANCE

To maintain the quality and appearance of your Sweetcrispy bed frame, follow these care instructions:

- **Cleaning:** Wipe the frame and headboard with a dry, soft cloth. For upholstered fabric, spot clean with a mild detergent and water solution if necessary, then blot dry. Avoid harsh chemicals.
- **Inspection:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent squeaks.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or floor.

## TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

- **Squeaking Noises:**
  - Ensure all bolts and screws are securely tightened.

- Check that the wooden slats are properly seated and not rubbing against the metal frame. The integrated foam padding should prevent this, but verify placement.
- Confirm the bed frame is on a level surface.
- **Instability/Wobbling:**
  - Re-check all connections and tighten any loose hardware.
  - Ensure all legs are firmly on the ground and the bed frame is not rocking.
- **Parts Not Fitting:**
  - Double-check the assembly instructions to ensure you are using the correct parts for each step and that they are oriented correctly.
  - Do not force parts together. If a part does not fit, re-examine the instructions and the part itself.

If these steps do not resolve the issue, please contact Sweetcrispy customer support for further assistance.

## SPECIFICATIONS

Feature	Detail
Model Number	SWJ01QUEEN
Size	Queen
Product Dimensions (L x W x H)	81.83" x 60.28" x 45.27"
Adjustable Headboard Height	40.2" - 45.2"
Recommended Mattress Thickness	6" to 14"
Weight Capacity	Up to 800 lbs
