**Brand:** AKORD

## 1. SAFETY INFORMATION

Please read all instructions carefully before assembly and installation. Retain this manual for future reference.

- Install the cabinet at a safe and accessible height.
- Follow the provided assembly instructions to ensure safety during installation.
- Avoid prolonged contact with water to preserve the structural integrity of the engineered wood.
- Ensure all mounting hardware is securely fastened to a suitable wall structure.

## 2. PACKAGE CONTENTS

Verify that all components are present before beginning assembly.

- AKORD VAMI 90 cm Bathroom Mirror Cabinet unit
- Assembly hardware kit (screws, dowels, hinges, etc.)
- Assembly instructions (paper manual)

If any parts are missing or damaged, please contact AKORD customer support.

## 3. SETUP AND INSTALLATION

The AKORD VAMI 90 cm Bathroom Mirror Cabinet requires assembly and wall-mounting. Basic tools (e.g., screwdriver, drill, level) are required and not included.

### 3.1. Dimensions Overview

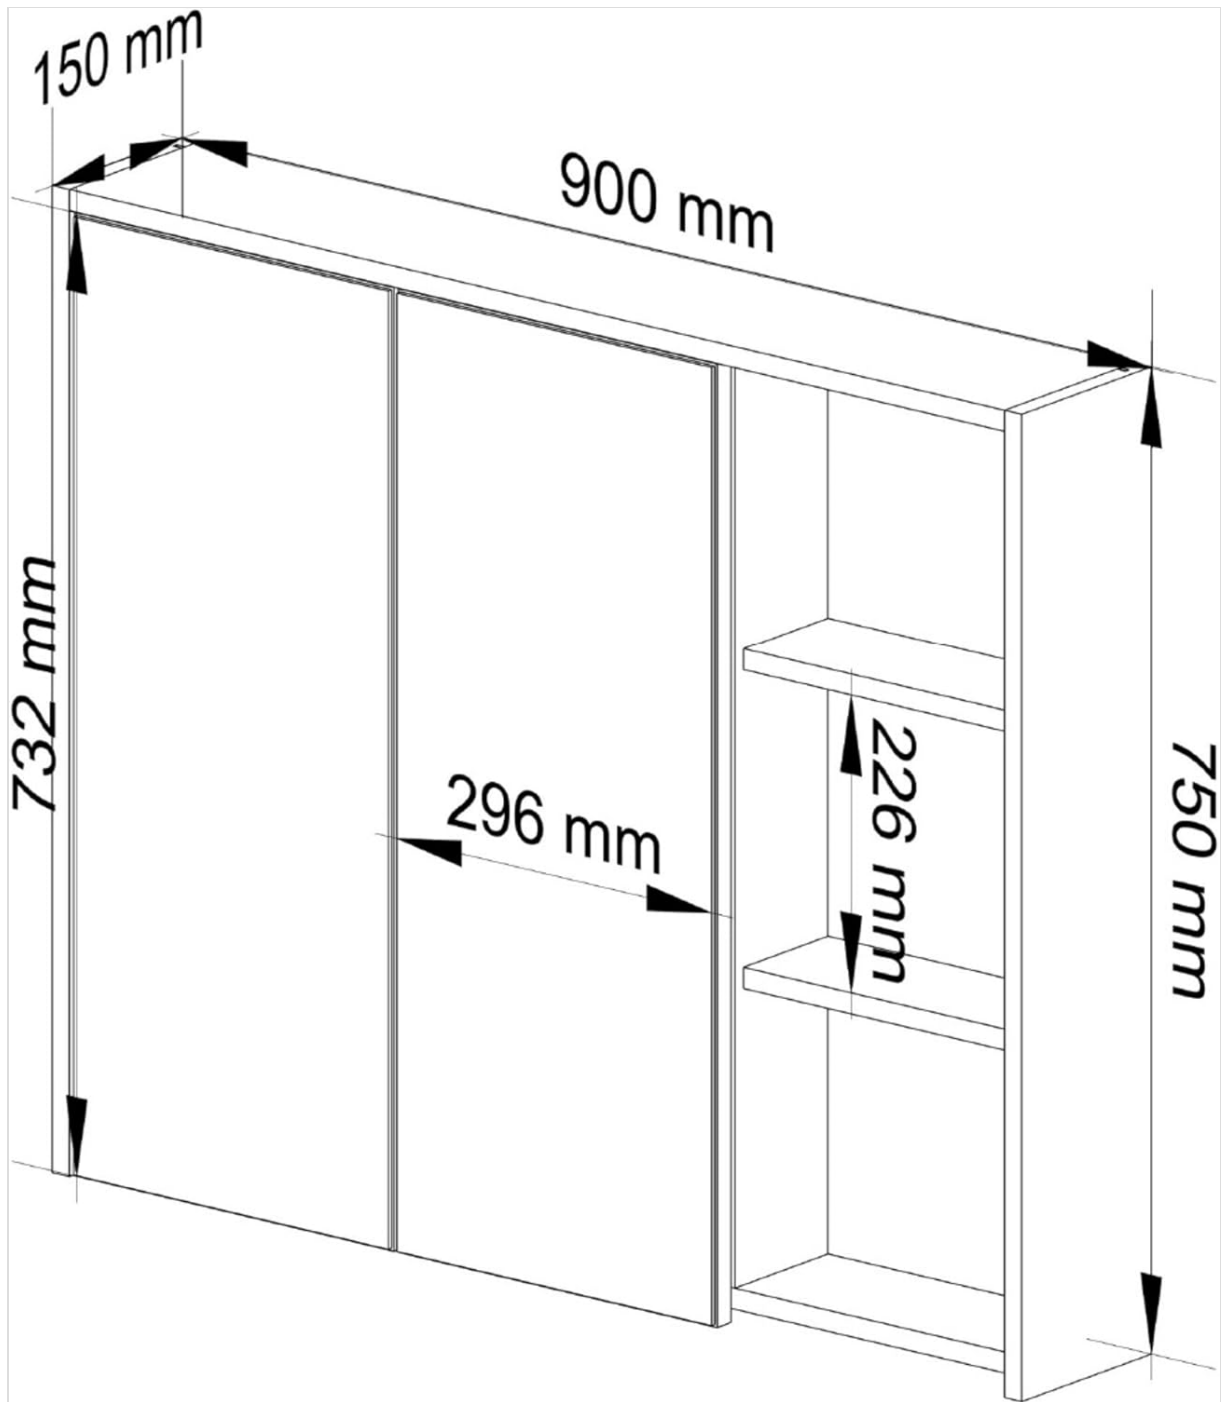

Figure 1: Cabinet Dimensions (Width: 900mm, Height: 750mm, Depth: 150mm)

### 3.2. Assembly Steps

1. Unpack all components and verify against the parts list in the included paper manual.
2. Assemble the cabinet frame according to the detailed diagrams in the paper manual. Ensure all connections are tight.
3. Attach the hinges to the cabinet frame and doors as instructed.
4. Install the internal shelves at your desired height. The cabinet features 6 shelves for flexible storage.

### 3.3. Wall Mounting

1. Choose a suitable location on a solid wall, ensuring it is clear of electrical wires or plumbing.
2. Mark the drilling points on the wall using a level to ensure the cabinet will be straight. Refer to the paper manual for specific mounting bracket locations.
3. Drill holes and insert appropriate wall anchors (provided in the hardware kit).
4. Secure the mounting brackets to the wall.

- Carefully lift the assembled cabinet and hang it onto the wall mounting brackets. Ensure it is securely seated.
- Adjust the doors for proper alignment if necessary.

## **4. OPERATING INSTRUCTIONS**

The AKORD VAMI Mirror Cabinet is designed for convenient storage and daily use in your bathroom.

### **4.1. Door Operation**

- The cabinet features two mirrored doors equipped with ball-bearing slides for smooth and quiet opening and closing.
- Gently pull or push the doors to access the interior compartments.

### **4.2. Storage Utilization**

*Figure 3: Cabinet Interior with Shelves*

- The cabinet provides six internal shelves for organizing cosmetics, toiletries, and other bathroom essentials.
- Arrange items on the shelves according to your preference for easy access.

#### **4.3. Mirror Use**

- The exterior of the cabinet doors features integrated mirrors for daily grooming.

### **5. MAINTENANCE**

Proper care will ensure the longevity and appearance of your mirror cabinet.

- **Cleaning the Cabinet:** Wipe surfaces with a soft, damp cloth. For stubborn marks, use a mild, non-abrasive cleaner specifically designed for furniture. Dry immediately with a clean cloth.
- **Cleaning the Mirror:** Use a glass cleaner and a soft, lint-free cloth. Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into edges.
- **Moisture Protection:** While the cabinet is resistant to humidity, avoid prolonged exposure to standing water or excessive moisture. Promptly wipe away any spills.
- **Hardware Check:** Periodically check all screws and fittings to ensure they remain tight. Tighten if necessary to maintain stability.

## 6. TROUBLESHOOTING

If you encounter any issues with your AKORD VAMI Mirror Cabinet, consider the following common solutions:

- **Wobbly Cabinet:** Ensure all wall mounting brackets are securely fastened and that the cabinet is properly seated. Check internal assembly screws for tightness.
- **Misaligned Doors:** Adjust the hinges on the doors. Most hinges allow for minor adjustments to align doors horizontally, vertically, and in depth. Refer to the hinge manufacturer's instructions if available.
- **Stiff Door Movement:** Check hinges for any obstructions. A small amount of silicone spray can be applied to the ball-bearing slides if movement is not smooth, but avoid over-lubrication.
- **Mirror Fogging:** This is normal in humid bathroom environments. Ensure adequate ventilation in your bathroom.

For persistent issues, please contact AKORD customer support.
