JamesDonkey 830

James Donkey 830 Triple Mode Gaming Headset User Manual

Model: James Donkey 830

INTRODUCTION

The James Donkey 830 Triple Mode Gaming Headset offers versatile connectivity options including wired, 2.4G wireless, and Bluetooth 5.4, adapting to various usage scenarios. It features a 750 mAh battery for extended performance, 50mm neodymium drivers for 360° surround sound, a detachable microphone, and a lightweight 258g design with sound-isolating ear pads for superior comfort and audio quality. This manual provides detailed instructions for setup, operation, maintenance, and troubleshooting to ensure optimal use of your headset.

Key Features:

- **Triple Connectivity:** Wired (USB), 2.4G Wireless, and Bluetooth 5.4.
- **Long-lasting Battery:** 750 mAh capacity for extended usage.
- **Immersive Audio:** 50mm neodymium drivers delivering 360° surround sound.
- **Detachable Microphone:** Flexible and suitable for both gaming and music.
- **Lightweight Design:** Weighs only 258 grams for prolonged comfort.
- **Adjustable Headband:** Customizable fit for various head sizes.
- **Sound-Isolating Ear Pads:** Designed to block external noise for enhanced focus.
- **Wide Compatibility:** Works seamlessly with PCs, consoles, phones, and tablets.

750 MAH GÜÇLÜ BATARYA

James Donkey 830, 750 mAh bataryasıyla saatlerce kesintisiz müzik ve oyun keyfi sunar.

SETUP

1. Initial Charging

Before first use, fully charge the headset. Connect the included USB charging cable to the headset's charging port and a power source (e.g., computer USB port or USB wall adapter). The LED indicator will show charging status and turn off or change color when fully charged. A full charge takes approximately 2 hours.

2. Attaching the Microphone

The James Donkey 830 features a detachable microphone. Align the microphone's connector with the port on the left earcup and gently push it in until it clicks into place. Ensure it is securely connected for optimal voice pickup. To remove, gently pull the microphone straight out.

IKARILABİLİR MİKROFON

İster oyunda takıl, ister m  zik dinle.
Mikrofonu ıkar, konforu yakala.

Image: Close-up of the detachable microphone, illustrating its flexible design and connection point.

3. Adjusting the Headband

Adjust the headband to fit comfortably on your head. Extend or retract the earcups until they rest gently over your ears and the headband sits securely without excessive pressure. The adjustable design ensures comfort during long gaming sessions.

AYARLANABİLİR KAFA BANDI

Kafa yapına tam oturacak şekilde kolayca ayarla.
Uzun oyun maratonlarında bile konforunu koru.

OPERATING MODES

The James Donkey 830 offers three distinct connectivity modes:

1. Wired Mode (USB)

For a stable, zero-latency connection, use the headset in wired mode. Connect the USB cable directly from the headset to your PC, console, or other compatible device. The headset will automatically switch to wired mode and draw power from the connected device.

2. 2.4G Wireless Mode

For low-latency wireless gaming, use the 2.4G wireless mode.

1. Insert the 2.4G USB dongle into a USB port on your PC or console.
2. Turn on the headset. It should automatically connect to the dongle.
3. If connection is not automatic, press and hold the mode button on the headset until the indicator light shows 2.4G pairing mode, then ensure the dongle is properly inserted.

3. Bluetooth 5.4 Mode

For mobile devices and general wireless use, connect via Bluetooth 5.4. This technology provides faster, more stable, and longer-range connections.

Image: An illustration highlighting the advanced Bluetooth 5.4 technology integrated into the headset, ensuring fast and stable wireless connections.

1. Turn on the headset and switch to Bluetooth mode (refer to the headset's control layout for the mode button). The indicator light will flash, indicating pairing mode.
2. On your device (phone, tablet, PC), go to Bluetooth settings and search for available devices.
3. Select "James Donkey 830" from the list to pair.

4. Once paired, the indicator light will become solid.

GENİŞ PLATFORM UYUMLULUĞU

Bilgisayarından konsoluna, telefonda tabletine kadar her yerde sorunsuz çalışır. Tek kulaklık, tam özgürlük.

AUDIO EXPERIENCE

The James Donkey 830 is engineered to provide an immersive audio experience with its 50mm neodymium drivers and 360° surround sound capability. This allows for precise sound localization in games and rich, detailed audio for music and media.

ÇEVRENİ SARAN 360° SES

Her yönden gelen net ve derin detaylarla oyunun dünyasına adım at. Gerçekten oradaymışsın gibi hisset.

MAINTENANCE

Proper maintenance ensures the longevity and performance of your headset.

- **Cleaning:** Use a soft, dry cloth to wipe the earcups and headband. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the speaker grilles or ports. Do not use harsh chemicals or abrasive cleaners.
- **Storage:** When not in use, store the headset in a cool, dry place, away from direct sunlight and extreme temperatures. Avoid placing heavy objects on the headset.
- **Cable Care:** Avoid sharp bends or kinks in the cables. Store cables neatly to prevent damage.

TROUBLESHOOTING

If you encounter issues with your James Donkey 830 headset, refer to the following common solutions:

1. **No Sound / Low Volume:**

- Check the volume controls on the headset and your connected device.
- Ensure the headset is properly connected (wired, 2.4G dongle, or Bluetooth paired).
- Verify that the correct audio output device is selected in your device's sound settings.
- Recharge the headset if using wireless modes.

2. **Microphone Not Working:**

- Ensure the detachable microphone is securely plugged into the headset.
- Check if the microphone mute button on the headset is engaged.
- Verify that the correct microphone input device is selected in your device's sound settings.
- Test the microphone with another application or device.

3. **Wireless Connection Issues (2.4G/Bluetooth):**

- Ensure the headset is in the correct mode (2.4G or Bluetooth).
- For 2.4G, ensure the USB dongle is firmly inserted and recognized by your device.
- For Bluetooth, unpair and re-pair the headset with your device.
- Move closer to the connected device to rule out range issues.
- Avoid interference from other wireless devices.

4. **Headset Not Turning On:**

- Charge the headset fully.
- Ensure the power button is pressed and held for a few seconds to power on.

SPECIFICATIONS

Brand	JamesDonkey
Model Name	James Donkey 830
