INSTALLATION

Vehicle Compatibility Check

This car stereo is designed for Mazda Miata MX-5 models from 2006-2015. Before installation, verify that the power cord is compatible with your vehicle. If you encounter any wiring or installation issues, please contact customer support.

Perfect Fit for Mazda Miata MX-5 2006-2015

Attention: Before purchasing, please verify that the power cord is compatible. If you encounter any wiring or installation issues, please contact us.

SETUP

Language Settings

To change the system language: Go to Settings > More Settings > Language & input > Language Settings. Select "Add a language" and choose your desired language.

Video: Tutorial demonstrating how to adjust language settings on the Roinovou car stereo.

Time Settings

To set the time: Go to Settings > Date and time. Enable "The use of GPS to provide time" for automatic synchronization.

Video: Tutorial demonstrating how to set time settings, including GPS synchronization.

Wi-Fi Connection

To connect to Wi-Fi: Go to Settings > Wi-Fi. Turn on Wi-Fi, select your network, enter the password, and connect. This enables online apps like YouTube and Google. For subsequent uses, simply pull down the notification bar and tap the Wi-Fi icon to connect.

Video: Tutorial demonstrating how to connect the car stereo to a Wi-Fi network.

Screen Brightness Adjustment

To adjust screen brightness: Go to Settings > Display > Day/Night. Adjust the sliders as needed. You can also swipe down the status bar to make quick adjustments.

Video: Tutorial demonstrating how to adjust screen brightness settings.

Touch Calibration (Five-Point Calibration)

If touch response is inaccurate: Go to Settings > Factory Setup (password: 1234) > Touch Calibration. Follow the on-screen prompts to tap the cross centers. For five-point calibration, place all five fingers on the screen simultaneously to activate.
