## MAHANCRI ETNA18E01

# MAHANCRI ETNA18E01 Modern End Table with Charging Station and Sensor Light Instruction Manual

### 1. INTRODUCTION

---

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your MAHANCRI ETNA18E01 Modern End Table. Designed for small spaces, this versatile table features a built-in charging station and an integrated sensor light, making it ideal for living rooms, bedrooms, or guest rooms.

## 2. SAFETY INFORMATION

- Always follow the assembly instructions carefully to ensure proper construction and stability.
- Do not exceed the maximum weight recommendations: **Top shelf: 33 lb (15 kg), Middle shelf: 22 lb (10 kg), Bottom shelf: 33 lb (15 kg)**. Exceeding these limits can lead to instability and potential damage or injury.
- Ensure the power cord for the charging station is not pinched or damaged during assembly or use.
- Plug the charging station into a properly grounded electrical outlet. Do not overload the outlets.
- Keep liquids away from the charging station to prevent electrical hazards.
- Periodically check all connections and fasteners to ensure they remain tight.

## 3. SETUP AND ASSEMBLY

Your MAHANCRIS ETNA18E01 End Table requires assembly. Please ensure all parts are present before beginning. A

detailed assembly guide is included in the packaging. Recommended tools for assembly include a hammer, screwdriver, and wrench.

### 3.1. Unpacking and Part Identification

1. Carefully unpack all components from the box.
2. Refer to the included parts list in your assembly guide to identify each piece of hardware and furniture panel.
3. Place all components on a soft, clean surface to prevent scratches during assembly.

### 3.2. Assembly Steps

Follow the step-by-step instructions provided in the separate assembly guide. Ensure all screws and fasteners are tightened securely but do not overtighten.

### 3.3. Adjustable Feet Installation

The table includes adjustable feet to ensure stability on uneven surfaces. Install these feet as per the assembly guide. Once assembled, you can rotate the feet to level the table.

## 4. OPERATING INSTRUCTIONS

### 4.1. Charging Station

The integrated charging station provides convenient power access for your electronic devices.

- **Power Connection:** Plug the 59-inch power cord from the charging station into a standard wall outlet.
- **AC Outlets:** Two 3-hole AC sockets (120V/12A) are available for larger electronics.
- **USB Ports:** One USB-A port (5V/2A) and one Type-C port (5V/2A) are provided for charging smartphones, tablets, and other compatible devices.
- **Usage:** Simply connect your device's charging cable to the appropriate port.

### 4.2. Sensor Light

The round LED sensor light offers adjustable illumination for your convenience.

- **Installation:** The sensor light comes with installation accessories. Choose a suitable location on the table's shelves or frame and attach it securely.
- **Modes:** The light features two modes: *Induction Mode* (motion-activated) and *Long Light Mode* (constantly on). Switch between modes as needed.
- **Charging:** The sensor light is rechargeable. Refer to its specific charging instructions if provided separately.

### 4.3. General Use

Utilize the three tiers of open storage for books, magazines, decorative items, or other essentials. The compact design allows it to fit snugly next to a sofa, bed, or recliner.

## 5. MAINTENANCE

- **Cleaning:** Wipe the surface of the table with a damp cloth. Avoid harsh chemicals or abrasive cleaners that could

damage the finish.

- **Stability Check:** Periodically check the adjustable feet and all assembly hardware to ensure they are tight and the table remains stable. Adjust the feet as necessary to maintain a level surface.
- **Electrical Safety:** Inspect the power cord and charging station for any signs of wear or damage. Discontinue use and replace if any damage is found.

## 6. TROUBLESHOOTING

---

- **Table is wobbly:** Ensure all assembly screws are tightened. Adjust the leveling feet on the bottom of the table to compensate for uneven floors.
- **Charging station not working:** Check if the power cord is securely plugged into both the charging station and a functional wall outlet. Test the outlet with another device. Ensure devices are properly connected to the USB/Type-C ports or AC outlets.
- **Sensor light not working:** Ensure the sensor light is charged. Check its mode setting (induction vs. long light). If in induction mode, ensure there is sufficient motion or darkness to trigger it.
