MSmask twin bed with storage

MSmask Farmhouse Twin Bed Frame User Manual

Model: twin bed with storage

INTRODUCTION

Thank you for choosing the MSmask Farmhouse Twin Bed Frame. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure safe and optimal use of your new bed frame. This bed frame features a bookcase headboard with storage, integrated LED lighting, a charging station, and four under-bed storage drawers.

IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not exceed the maximum weight limit of 800 pounds for the bed frame.
- Exercise caution with sharp edges during assembly and handling of components.
- Follow all assembly instructions precisely to prevent instability or collapse of the bed frame.
- Ensure all connections are securely tightened before use. Periodically check and retighten fasteners.
- Keep small parts and packaging materials away from children to prevent choking hazards.

PACKAGE CONTENTS

Before beginning assembly, verify that all parts and hardware are present. Refer to the included detailed assembly instructions for a complete list of numbered parts and tools.

Typically included components:

- Headboard components (including bookcase sections, LED strip, charging station)

- Footboard
- Side rails
- Metal slat system with support legs
- Four storage drawers with sliding wheels and fixed devices
- Assembly hardware (screws, bolts, nuts, etc.)
- Assembly tools (e.g., Allen wrench)
- Detailed assembly instructions manual

If any parts are missing or damaged, please contact MSmask customer service immediately.

SETUP AND ASSEMBLY

Assembly of this bed frame requires careful attention to detail. It is highly recommended that two people assemble the bed frame to ensure ease and safety.

1. **Preparation:** Clear a spacious area for assembly. Lay out all components and hardware, matching them against the parts list in your separate assembly manual.
2. **Headboard Assembly:** Begin by assembling the headboard sections, including the bookcase compartments and integrating the LED light strip and charging station according to the specific instructions.
3. **Frame Construction:** Attach the side rails to the headboard and footboard. Ensure all connections are firm.
4. **Slat System Installation:** Install the metal slat system. The U-shaped grooves are designed for easy assembly of the metal slats. Ensure the EVA strips are properly placed between the slats and metal frame to prevent noise. Secure all 9 support legs.
5. **Drawer Assembly:** Assemble the four storage drawers. Attach the sliding wheels and fixed devices as instructed. Ensure drawers slide smoothly. If a drawer does not fit flush or overhangs, re-check the assembly steps for that drawer and its corresponding frame section.
6. **Final Checks:** Once assembled, double-check all screws and bolts to ensure they are tightened. Place your twin mattress (recommended height 8"-10") onto the frame. The embedded design of the footboard helps prevent the mattress from sliding.

TWIN SIZE STORAGE BED FRAME

 Noise Free  800 LBS Weight Capacity

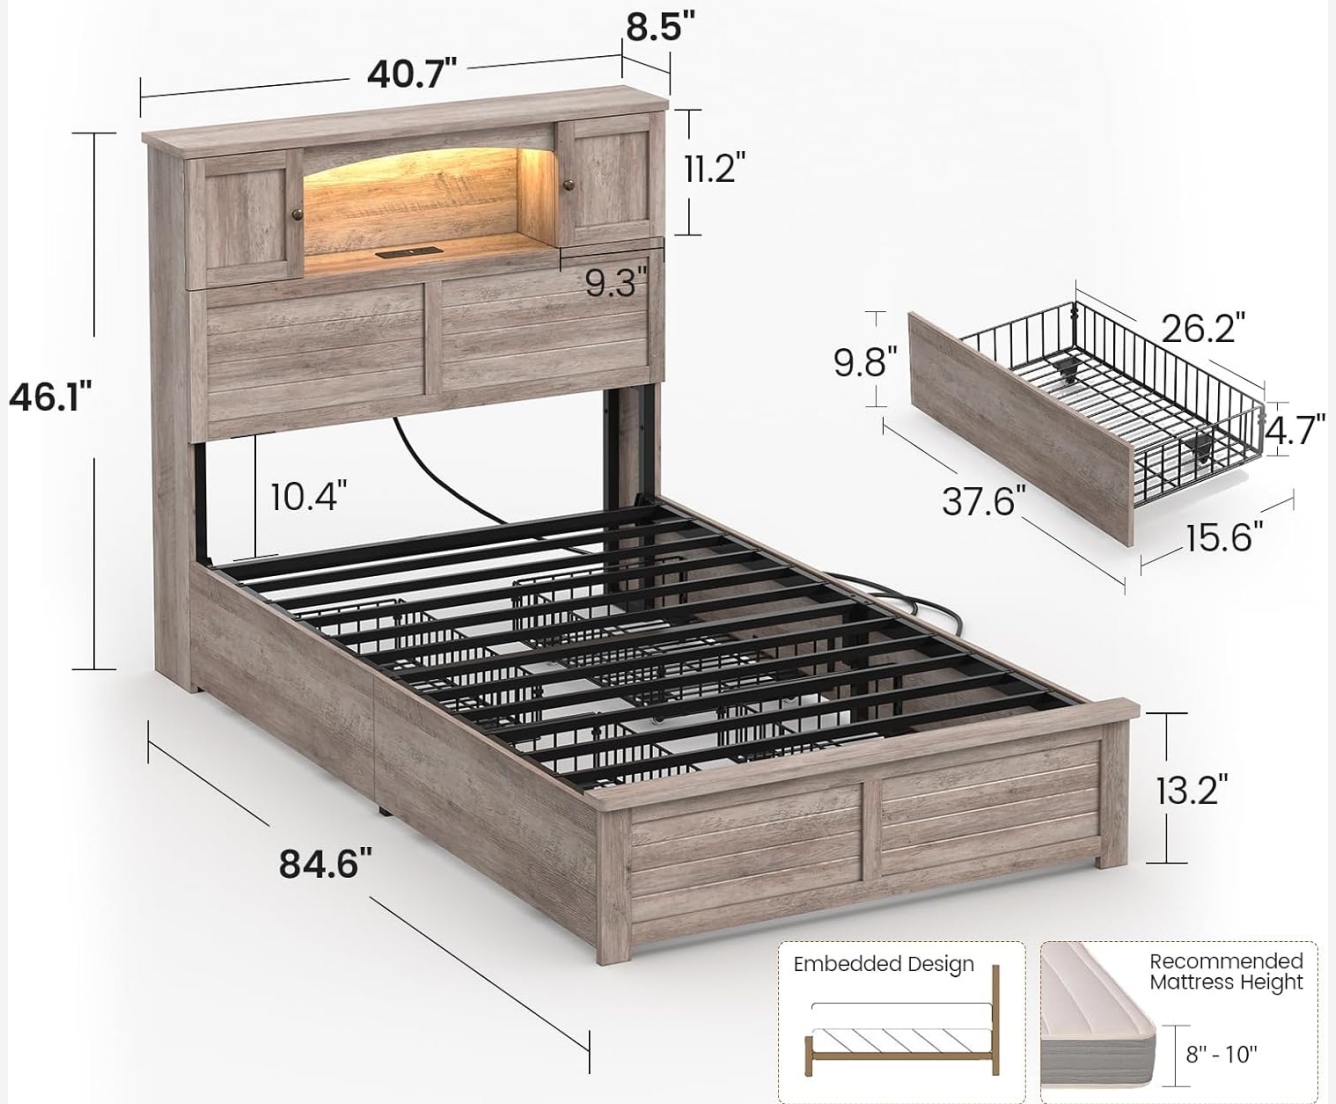

Image: Detailed dimensions of the MSmask Twin Bed Frame, including headboard height, frame length, and drawer size.

Stable and Sturdy Structure

Easy to Assemble Slats

U-shaped grooves make assembly of metal slats a breeze

Noise Free

EVA sponge between the slats and the metal to reduce noise, Say goodbye to squeaks

Embedded Design

The foot of the bed is raised to prevent the mattress from sliding

Recommended Mattress Height

8" - 10"

OPERATING INSTRUCTIONS

Bookcase Headboard and Storage

The headboard features two cabinets and three large hidden compartments, ideal for storing books, pillows, and other bedside essentials. The top platform also provides additional display or storage space.

Image: Close-up view of the bookcase headboard, showing open compartments for books, decorations, pillows, and gift boxes.

Under-Bed Storage Drawers

The four large storage drawers located under the bed provide ample space for linens, out-of-season clothing, and other items. These drawers are equipped with sliding wheels for easy access and fixed devices to keep them in place when not in use.

Image: View of the four large under-bed storage drawers, demonstrating their capacity for various items like clothing and linens.

Built-in Charging Station

The headboard includes a convenient charging station with:

- 2 Standard AC Outlets (125V/12A)
- 1 USB Port (5V/2A)
- 1 Type-C Port (5V/3A)

Simply plug your devices into the appropriate ports for charging. Ensure the bed frame is connected to a power source.

RGB LED Lights

The integrated RGB LED light strip offers over 60,000 color options. Control the lights using the provided remote control or a compatible mobile application.

- **Color Selection:** Choose from a wide spectrum of colors to match your mood or room decor.
- **Dynamic Modes:** Explore 29 dynamic lighting modes for various effects.
- **Music Sync Mode:** Lights can synchronize with music played in the room.

- **Microphone Mode:** Lights respond to sounds detected by a built-in microphone.
- **Timer Function:** Set a timer for the lights to turn on or off automatically.

MAINTENANCE AND CARE

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Dusting:** Regularly dust all surfaces, including the headboard compartments and under-bed drawers, to prevent buildup.
- **Fastener Checks:** Periodically inspect all screws, bolts, and connections to ensure they remain tight. Retighten as necessary to maintain stability.
- **Drawer Functionality:** Keep drawer tracks clean and free of debris to ensure smooth operation.
- **Electrical Components:** Ensure the charging station and LED light connections are secure. Do not attempt to repair electrical components yourself; contact qualified personnel if issues arise.

TROUBLESHOOTING

Bed Frame Squeaks or is Unstable

- **Solution:** Check all bolts and screws, especially those connecting the side rails to the headboard and footboard, and the slat system. Tighten any loose fasteners. Ensure the EVA strips are correctly positioned between the metal slats and the frame to reduce metal-on-metal friction.

Drawers Do Not Slide Smoothly or Fit Correctly

- **Solution:** Verify that the drawer assembly steps were followed precisely. Ensure the sliding wheels are correctly installed and the fixed devices are aligned. Check for any obstructions in the drawer tracks. If a drawer overhangs, re-examine the assembly of that specific drawer and its corresponding frame section for proper alignment.

LED Lights Not Functioning

- **Solution:** Ensure the bed frame's power cord is securely plugged into a working electrical outlet. Check the connection of the LED strip to its power source. Verify that the remote control or app is properly paired and has working batteries (if applicable).

Charging Station Not Working

- **Solution:** Confirm the bed frame is plugged into a live power outlet. Check the connection of the charging station module within the headboard. Test with different devices and cables to rule out device-specific issues.

Missing Parts During Assembly

- **Solution:** Thoroughly check all packaging materials, including inside larger components or boxes, as smaller parts can sometimes be nested. If parts are still missing, contact MSmask customer service with your purchase details and the specific part numbers required.

SPECIFICATIONS

Feature	Detail
Brand	MSmask
Model Number	twin bed with storage
Size	Twin
Product Dimensions (L x W x H)	84.6" x 40.7" x 46.1"
Color	Grey
Material	Engineered Wood
Headboard Material	Wood
Weight Capacity	800 lbs
Charging Station	1 Type-C port (5V/3A), 1 USB port (5V/2A), 2 AC outlets (125V/12A)
LED Lights	RGB, 60,000+ colors, dynamic modes, music sync, mic function, timer
