3. Setup Instructions

Follow these steps to assemble and prepare your digital piano for use.

3.1 Assembling the Keyboard Stand

1. Unfold the double-X stand.
2. Locate the adjustment knob on the side of the stand.
3. Loosen the knob and adjust the stand to your desired height. Ensure the stand is stable and level.
4. Tighten the adjustment knob securely to lock the stand in place.
5. Carefully place the digital piano onto the stand, ensuring it is centered and stable.

3.2 Powering the Digital Piano

Your digital piano can be powered using the included power adapter or 6 D-cell batteries (not included).

- **Using the Power Adapter:** Connect the power adapter to the DC IN port on the back of the piano and plug the other end into a standard electrical outlet.
- **Using Batteries:** Open the battery compartment on the underside of the piano and insert 6 D-cell batteries, observing correct polarity.

3.3 Connecting Accessories

- **Sustain Pedal:** Plug the sustain pedal into the 'SUS' port on the piano's rear panel.
- **Headphones:** Connect the headphones to the 'OUT' port for private practice.
- **Microphone:** Connect a microphone to the 'MIC' port.
- **Music Rest:** Insert the music rest into the designated slots on the top panel of the piano.
- **Key Stickers:** For beginners, carefully apply the included key stickers to the corresponding keys as a visual aid.

4. Operating Instructions

Learn how to use the various features of your Kdfdfsa digital piano.

4.1 Power On/Off and Volume Control

- **Power On:** Press the 'POWER' button. The display will illuminate.
- **Power Off:** Press and hold the 'POWER' button until the display turns off.
- **Volume:** Use the 'VOLUME' knob or buttons to adjust the output level.

4.2 Selecting Sounds, Rhythms, and Demo Songs

Your piano features 200 rhythms, 200 sounds, and 70 demo songs.

- **Sounds (Tones):** Press the 'TONE' button, then use the number pad or '+' / '-' buttons to select a desired instrument sound.
- **Rhythms:** Press the 'RHYTHM' button, then use the number pad or '+' / '-' buttons to select a rhythm. Press

'START/STOP' to begin/end the rhythm.

- **Demo Songs:** Press the 'DEMO' button, then use the number pad or '+' / '-' buttons to select a demo song. Press 'PLAY/PAUSE' to start/pause.

4.3 Bluetooth Connectivity

Connect your smartphone or tablet via Bluetooth for interactive lessons and music playback.

1. Ensure Bluetooth is enabled on your external device.
2. On the digital piano, activate Bluetooth mode (refer to the piano's display or specific button if available).
3. On your external device, search for available Bluetooth devices and select 'Kdfdfsa Piano'.
4. Once paired, you can use compatible music learning applications or stream audio through the piano's speakers.

4.4 MIDI Functionality

The MIDI function allows connection to computers or other external MIDI devices for music editing, recording, and advanced control.

- Connect a USB cable from the piano's 'MIDI/USB' port to your computer.
- Install any necessary drivers or software as prompted by your computer or MIDI application.
- Configure your music software to recognize the digital piano as a MIDI input/output device.

4.5 Recording and Playback

The piano includes a basic recording function.

- **To Record:** Press the 'RECORD' button. Play your desired piece.
- **To Stop Recording:** Press 'RECORD' again or 'PLAY'.
- **To Playback:** Press the 'PLAY' button to listen to your recorded performance.

5. Maintenance

Proper care will extend the life and performance of your digital piano.

- **Cleaning:** Use a soft, dry cloth to wipe the surface of the piano. For stubborn dirt, slightly dampen the cloth with water. Avoid abrasive cleaners, solvents, or waxes.
- **Storage:** When not in use, cover the piano with the included keyboard bag to protect it from dust. Store in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid placing heavy objects on the keys or control panel. Do not drop or subject the piano to strong impacts.

6. Troubleshooting

If you encounter issues, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
No sound from speakers/headphones	Volume too low; headphones connected; power issue	Increase volume; disconnect headphones; check power connection/batteries.
Keys not responding	Power issue; internal malfunction	Check power; restart piano. If problem persists, contact support.
Sustain pedal not working	Pedal not connected properly	Ensure pedal is fully inserted into the 'SUS' port.
Bluetooth connection fails	Bluetooth not enabled; device out of range; interference	Ensure Bluetooth is on for both devices; move closer; restart devices.
MIDI connection issues	Incorrect cable; driver issues; software settings	Use correct USB cable; install/update drivers; check MIDI settings in software.

If the problem persists after attempting these solutions, please contact Kdfdfsa customer support for further assistance.

7. Specifications
