Tobocoy 33127

Tobocoy Jesus Crucifixion Building Blocks Set

Model: 33127
Brand: Tobocoy

Introduction

This instruction manual provides detailed guidance for assembling the Tobocoy Jesus Crucifixion Building Blocks Set. This 588-piece set allows you to construct a detailed replica of the Jesus Crucifixion scene, suitable for display in various settings. Please read all instructions carefully before beginning assembly.

Safety Information

- **Small Parts Warning:** This set contains small parts which may pose a choking hazard for children under 3 years of age. Keep all pieces out of reach of infants and toddlers.
- **Age Recommendation:** Recommended for ages 8 and up. Younger builders may require adult assistance due to the detailed nature of the 588 pieces.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger users, to ensure proper handling of pieces and adherence to instructions.

Package Contents

Verify that all components are present before starting assembly:

- 588 Building Block Pieces
- Instruction Manual

Assembly Instructions

Before You Begin

Carefully open the packaging and sort the building blocks by color and shape. This will significantly streamline the assembly process and help prevent missing pieces.

Assembly Steps

1. **Assemble the Base:** Begin by constructing the sturdy base for the cross. Ensure all connections are firm to provide a stable foundation for the model.
2. **Assemble the Cross:** Connect the vertical and horizontal beams of the cross. Pay attention to the orientation of the pieces as shown in the manual.
3. **Assemble the Figure of Jesus:** Construct the figure of Jesus using the designated pieces. This involves assembling the body, arms, and legs, along with smaller details like the crown of thorns and loincloth.
4. **Attach the Figure to the Cross:** Carefully secure the assembled figure of Jesus to the cross. Ensure it is centered and firmly attached.
5. **Connect Cross to Base:** Finally, attach the assembled cross with the figure to the base. The cross is designed to be detachable from the base for versatile display options.

Video: This video demonstrates the assembly process and features of the Tobocoy Jesus Crucifixion Building Blocks set, including how pieces connect and the final appearance.

Operating and Display

Once assembled, your Tobocoy Jesus Crucifixion model is ready for display. Its dimensions are approximately 16.7 inches (H) x 9.8 inches (L) x 3.9 inches (W), making it a significant piece for various locations.

- **Display Options:** The model can be displayed on its base on a flat surface such as a desk, shelf, or altar.
- **Detachable Cross:** The cross portion of the model is detachable from the base, allowing for alternative display methods, such as hanging (mounting hardware not included).

Maintenance

To ensure the longevity and appearance of your building block set, follow these maintenance guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more thorough cleaning, gently wipe with a slightly damp cloth.

Avoid using harsh chemicals or abrasive cleaners, as these can damage the plastic.

- **Storage:** If disassembling for storage, keep all pieces in a secure container to prevent loss. Store in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic.

Troubleshooting

Missing Pieces

If you discover any missing pieces during assembly, please contact Tobocoy customer support with your product model number and a description of the missing parts. We will assist you in obtaining the necessary components.

Difficulty Connecting Blocks

Ensure that the blocks are correctly oriented according to the instruction manual. Apply gentle, even pressure to connect pieces. If a connection feels unusually tight, double-check the piece selection and orientation.

Model Instability

If the assembled model feels unstable, re-examine the connections, particularly in the base and where the cross attaches. Ensure all pieces are fully pressed together and that the base is on a flat, level surface.

Specifications
