Polibi Full Size Gaming Bunk Bed with Desk Instruction Manual

Model: B0FSCZJCTM

1. INTRODUCTION

This manual provides essential information for the safe assembly, operation, and maintenance of your Polibi Full Size Gaming Bunk Bed with Desk. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

The Polibi Gaming Bunk Bed is designed to maximize space, offering a comfortable sleeping area, a dedicated desk for gaming or study, integrated storage, and convenient charging capabilities. It features a robust wood and MDF frame, LED lighting, and a built-in charging station.

2. SAFETY INFORMATION

WARNING: Failure to follow these safety instructions could result in serious injury or property damage.

- Always assemble the bed strictly according to the provided instructions.
- Keep the desk clear of heavy objects to prevent tip-over.
- Exercise caution with sharp edges during assembly and use.
- Do not overload the bed. The maximum weight capacity is 600 lbs.
- Ensure electrical outlets and USB ports remain dry and free of debris.
- Do not place the bed near heat sources such as radiators or fireplaces.
- Maintain adequate clearance around the bed, keeping it away from walls and other structures to prevent tip-over hazards.
- Always supervise children when they are using or near the bed.
- Only use mattresses that comply with the recommended dimensions for a full-size bed.

3. SETUP AND ASSEMBLY

Assembly of the Polibi Gaming Bunk Bed requires two adults. Please ensure all parts are present before beginning. Refer to the separate assembly guide included with your product for detailed step-by-step instructions and diagrams.

3.1. Pre-Assembly Checklist

- Verify all hardware and components are accounted for against the parts list in your assembly guide.
- Clear a spacious area for assembly, ensuring enough room to maneuver large components.
- Gather necessary tools (typically a Phillips head screwdriver and Allen wrench, often included).

3.2. Assembly Steps (General)

1. Begin by assembling the main bed frames according to the provided diagrams.
2. Attach the ladder and guardrails securely.
3. Install the desk and storage shelf components.
4. Integrate the charging station and LED lighting system. Ensure all electrical connections are secure.
5. Place the mattress on the upper bunk.
6. If using as a bunk bed, place a mattress on the lower bed frame. If using as a loft bed, the lower area remains open for a playing or working area.

4. OPERATING INSTRUCTIONS

4.1. Using the Built-in Charging Station

The integrated desk features a charging station with 2 standard AC outlets and 2 USB ports. To use, simply plug the bed's main power cord into a wall outlet. Then, connect your devices to the available AC or USB ports.

- Ensure the power cord is fully inserted into a functional wall outlet.
- Do not exceed the maximum power rating of the charging station.
- Avoid spilling liquids near the charging station.

4.2. Controlling the LED Lights

The bed features customizable 7-color LED lighting integrated into the shelves. The lights are typically controlled via a switch or remote (if included). Refer to the specific LED light controller instructions for details on changing colors, brightness, and modes.

- Ensure the LED light power cable is properly connected.
- Avoid direct exposure of the LED strips to water.

5. MAINTENANCE

5.1. Cleaning

- Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- For the charging station, ensure it is unplugged before cleaning and use a dry cloth.

5.2. Inspection

- Periodically check all bolts and fasteners to ensure they are tight. Retighten as necessary.
- Inspect the ladder and guardrails for any signs of wear or damage.
- Check the electrical cords for the charging station and LED lights for any fraying or damage. Discontinue use if damage is found and contact support.

6. TROUBLESHOOTING

6.1. Power Issues (Charging Station/LED Lights)

- **No power to outlets/USB ports:** Ensure the bed's main power cord is securely plugged into a working wall outlet. Check the circuit breaker.
- **LED lights not working:** Verify the LED power cable is connected. Check the light controller for proper settings.

6.2. Structural Stability

- **Bed feels wobbly:** Re-check all assembly bolts and fasteners. Ensure they are tightened securely. Verify the bed is on a level surface.
