Feonase 0326B1

Feonase Floating Bed Frame Full User Manual

Model: 0326B1 | Brand: Feonase

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Feonase Floating Bed Frame Full. Designed for comfort and modern aesthetics, this bed frame features integrated LED lighting and a convenient charging station. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

Important Safety Information:

- Be cautious when using the bed frame in the dark to avoid injury from the light feature.
- Ensure the bed frame is assembled correctly to prevent instability and potential collapse.
- Do not exceed the maximum weight capacity of 1000 lbs.

Package Contents

Verify that all components listed below are present before beginning assembly:

- Metal Bed Frame x 1
- Charging Station x 1
- LED Light Strip x 2
- Remote Control x 1
- Installation Manual (this document)
- All necessary hardware and tools for assembly

Setup and Assembly

Assembly of the Feonase Floating Bed Frame is designed to be straightforward. It is recommended to have a second person for assistance during certain steps. All parts are clearly labeled. Refer to the included installation manual for detailed diagrams and step-by-step instructions.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all components against the package contents list.
2. **Assemble the Metal Frame:** Connect the main metal frame sections using the provided hardware. The buckle design facilitates easy installation. Ensure all connections are secure.

3. **Attach Support Slats:** Place the heavy-duty metal slats onto the frame. The silent bar design helps reduce friction and noise.
4. **Install Headboard:** Secure the wooden headboard to the assembled frame.
5. **Integrate LED Light Strips:** Attach the LED light strips to the designated areas on the headboard and underneath the bed frame. The strips feature a Velcro design for firm fixation.
6. **Connect Charging Station:** Install the charging station into the headboard and connect its power cord to a suitable outlet.

Operating Instructions

LED Lights System

The bed frame is equipped with colorful RGB LED lights on the headboard and underneath the frame. These lights can be controlled via a dedicated remote control or a smartphone application.

- **Remote Control:** Use the included remote to turn the lights on/off, change colors (over 60,000 options), adjust brightness, select various modes (e.g., music mode, mic mode), and set a timer.
- **Smartphone App:** Download the compatible app (refer to the installation manual for QR code or app name) to access advanced control features, including custom color settings and dynamic lighting effects.

Charging Station

The integrated charging station in the headboard provides convenient power access for your devices.

- **Outlets:** Features 2 standard AC outlets (110V/12A).
- **USB Ports:** Includes 1 USB-A port and 1 USB-C port (5V/2A) for charging mobile devices.
- **Usage:** Simply plug your devices into the appropriate ports for instant charging at your bedside.

Maintenance

- **Cleaning:** For the wooden components, use a dry cloth for dusting. For deeper cleaning, follow dry clean only instructions for the furniture finish. Avoid harsh chemicals that may damage the surface.
- **Hardware Check:** Periodically check all screws and bolts to ensure they remain tight and secure. Tighten if necessary to maintain stability.
- **LED Strips:** Ensure LED strips are free from dust and debris. If they become loose, re-secure them using the Velcro design.

Troubleshooting

- **Bed Frame Noise:** If the bed frame produces noise, check all metal slat connections and ensure they are properly seated and secured. The silent bar design should minimize friction.
- **LED Lights Not Working:** Verify that the power cord for the LED lights is securely plugged into an outlet and that the remote control has working batteries. Check for any loose connections in the light strips.
- **Charging Station Not Functioning:** Ensure the charging station's power cord is firmly plugged into a live AC outlet. Test with different

devices and cables to rule out device-specific issues.

- **Instability:** If the bed frame feels unstable, re-check all assembly points, especially the reinforced diagonal supports, to ensure all hardware is tightened correctly.

Specifications

Feature	Detail
Model Number	0326B1
Size	Full
Product Dimensions	81"L x 54.5"W x 38"H
Color	Black
Material	Wood (Particle Board with Laminate Finish) and Metal
Weight Capacity	Up to 1000 lbs
Special Features	Floating Design, Colorful RGB LED Lights, Charging Station (2 AC outlets, 1 USB-A, 1 USB-C), Storage Headboard, Heavy Duty Metal Slats, Noise-Free Design
Assembly Required	Yes
Compatible Mattress Size	Full
