BARBERBOSS QR-2301

BARBERBOSS 3-in-1 Precision Grooming Kit

Model: QR-2301 | Brand: BARBERBOSS

INTRODUCTION

Thank you for choosing the BARBERBOSS 3-in-1 Precision Grooming Kit. This versatile device is designed for comprehensive personal grooming, offering solutions for beard, hair, body, nose, and ear trimming. Please read this manual carefully before use to ensure safe and optimal performance.

IMPORTANT SAFETY INFORMATION

To reduce the risk of electric shock, injury, or damage to the appliance, always follow these basic safety precautions:

- Do not use the trimmer while it is charging.
- Keep the trimmer away from water while it is plugged in to prevent electrical hazards.
- Exercise caution when using the trimmer in sensitive areas to avoid cuts or skin irritation.
- If you have sensitive skin, use the trimmer with extra care.
- This appliance is not intended for use by persons with reduced physical, sensory, or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

PACKAGE CONTENTS

Verify that all items listed below are included in your package:

Image: All components of the BarberBoss 3-in-1 Grooming Kit, including the main trimmer unit, interchangeable heads, guide combs, charging cable, and cleaning brush.

- 1 x Hair and Beard Trimmer (Main Unit)
- 1 x Nose and Ear Trimmer Head
- 1 x Body Trimmer Head
- 5 x Guide Combs (1mm, 2mm, 3mm, 5mm, 7mm)
- 1 x USB Charging Cable
- 1 x Cleaning Brush

PRODUCT FEATURES

- **3-in-1 Grooming System:** This multifunctional kit combines a beard and hair trimmer, a nose and ear trimmer, and a body grooming head into one device, providing a complete solution for men's personal care.

Kit de aseo multifuncional 3 en 1

Image: The main trimmer unit with its three interchangeable heads: hair/beard trimmer, body trimmer, and nose/ear trimmer.

- **Dual-Edge Blade Technology:** Equipped with a sharp, durable stainless steel dual-edge blade, this trimmer allows for smooth shaving and styling in any direction. It is ideal for defining styles, outlining edges, and creating precise lines while minimizing irritation.

SETUP

1. Initial Charging

Before first use, fully charge the trimmer. The device requires approximately 2 hours for a full charge, providing up to 90 minutes of cordless operation.

1. Rotate the base of the trimmer to open the charging port.
2. Connect the USB charging cable to the trimmer and a compatible USB power source (e.g., adapter, laptop, power bank).
3. Allow the device to charge completely.
4. Once charging is complete, disconnect the cable and rotate the base back to close the port.

2. Attaching/Changing Trimmer Heads

The trimmer comes with three interchangeable heads for different grooming needs.

1. To attach a head, align the head with the main unit and gently push it down until it clicks into place.
2. To remove a head, twist it slightly and pull upwards.

OPERATING INSTRUCTIONS

1. Using the Hair and Beard Trimmer

Attach the hair and beard trimmer head. Select the desired guide comb (1mm, 2mm, 3mm, 5mm, or 7mm) and snap it onto the trimmer head. Turn on the device and move it against the direction of hair growth for an even trim.

2. Using the Body Trimmer

Attach the body trimmer head. This head is designed for sensitive areas and general body grooming. Use without a comb for a close trim or with a suitable guide comb for desired length. Move the trimmer gently over the skin.

DISEÑADO PARA CORTAR PELO, NO PIEL

3. Using the Nose and Ear Trimmer

Attach the nose and ear trimmer head. Gently insert the trimmer tip into your nostril or ear canal. Move it in a circular motion to trim unwanted hair. Do not insert too deeply.

4. Guide Combs

The five included guide combs allow you to achieve various hair lengths. Ensure the comb is securely attached before use. Experiment with different comb lengths to find your preferred style.

MAINTENANCE

1. Cleaning

Regular cleaning ensures optimal performance and hygiene.

- After each use, turn off the trimmer and remove the trimmer head.
- Rinse the trimmer head and blades under running tap water. The IPX6 rating allows for easy wet cleaning.
- Use the included cleaning brush to remove any stubborn hair particles from the blades and inside the head.
- Allow all parts to air dry completely before reattaching the head or storing the device.
- Do not use abrasive cleaners or harsh chemicals on any part of the trimmer.

2. Storage

Store the trimmer in a cool, dry place, away from direct sunlight and out of reach of children. Ensure the trimmer is fully dry before storing.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Trimmer does not turn on.	Battery is depleted.	Charge the trimmer for 2 hours.
Trimmer pulls hair or cuts poorly.	Blades are dirty or dull.	Clean the blades thoroughly. If the issue persists, the blades may need replacement.
Trimmer head is loose.	Head not properly attached.	Ensure the trimmer head is aligned and pushed down until it clicks securely into place.
Reduced battery life.	Battery not fully charged or aging.	Ensure a full 2-hour charge. Over time, battery capacity may decrease.
