4. **Select Program:** Plug in the blender. Choose one of the three Auto-iQ programs (Smoothie, Ice Crush, Blend) or use the Pulse button. The Auto-iQ programs feature unique pulsing, blending, and pausing patterns for optimal results.
5. **Blending:** Press the desired program button. The blender will run through its cycle and automatically stop when complete. For manual control, use the Pulse button.

6. **Remove Tumbler:** Once blending is complete, twist the tumbler counter-clockwise to unlock it from the motor base.
7. **Enjoy Your Blend:** Unscrew the blade assembly and replace it with the LeakProof Easy-Sip Chug & Straw Lid. The lid features an integrated chug spout and a detachable straw for convenient on-the-go consumption. Ensure the flip cap is locked to prevent leaks.
