

Rapoo E9310M

Rapoo Blade-Series E9310M Wireless Keyboard and M300G Mouse Combo User Manual

Model: E9310M Keyboard, M300G Mouse

Brand: Rapoo

1. INTRODUCTION AND OVERVIEW

This manual provides detailed instructions for setting up and using your Rapoo Blade-Series E9310M Wireless Keyboard and M300G Silent Mouse Combo. This combo offers multi-device connectivity and a compact design for enhanced productivity across various operating systems.

Key Features:

- **Compact Wireless Combo:** Features a 99-key layout with number pad and arrow keys, paired with a silent mouse with side buttons. This design optimizes typing and browsing efficiency while occupying 20% less space.
- **Multi-Device and Multi-OS Support:** Connects to up to 4 devices across Windows, Mac OS, and Linux via Bluetooth 5.0/4.0 and a plug-and-play USB receiver.
- **Fluid Typing Experience:** Laptop-like profile with incurve rounded keys ensures a fast, fluid, precise, and quiet typing experience.
- **5-DPI Adjustable Silent Mouse:** The M300G mouse offers good portability and ergonomics, with 5 preset DPI levels (800/1000/1200/1600/2400) for smooth tracking.
- **Multimedia Keys:** Supports Windows and Mac OS dual system shortcuts for 12 common functions like play/pause and volume control.
- **Aesthetic and Durable Design:** Constructed with an aluminum alloy frame and a matte antioxidant finish for a delicate texture and enhanced durability.
- **Refined Details:** Includes device and capitalization indicator lights for improved user awareness and an upgraded Bluetooth 5.0/4.0 for extended battery life.

99-KEY COMPACT DESIGN

Compact with number pad and all the keys you need

2. SETUP INSTRUCTIONS

2.1 Battery Installation

The keyboard and mouse require AAA batteries. Two AAA batteries are included with the product.

1. Locate the battery compartment on the underside of the keyboard and mouse.
2. Open the battery compartment cover.
3. Insert the AAA batteries, ensuring correct polarity (+/-).
4. Close the battery compartment cover securely.

2.2 Connecting to Devices

Your Rapoo combo supports connection via 2.4GHz USB receiver or Bluetooth 5.0/4.0, allowing connection to up to 4 devices (3 via Bluetooth, 1 via 2.4GHz).

2.2.1 2.4GHz USB Receiver Connection

1. Locate the USB receiver, typically stored within the mouse's battery compartment.

2. Plug the USB receiver into an available USB port on your computer.
3. Turn on the keyboard and mouse using their respective power switches.
4. The devices should automatically connect to your computer. If not, press the 2.4G pairing button on the keyboard/mouse (refer to device for exact button location).

2.2.2 Bluetooth Connection (for up to 3 devices)

1. Turn on the keyboard and mouse.
2. On the keyboard, press and hold one of the Bluetooth pairing keys (e.g., Fn + 1, Fn + 2, or Fn + 3) until the indicator light flashes, indicating pairing mode.
3. On your device (PC, tablet, phone), go to Bluetooth settings and search for new devices.
4. Select the Rapoo keyboard from the list and follow any on-screen prompts to complete pairing.
5. Repeat steps 2-4 for the mouse, pressing its Bluetooth pairing button (usually on the underside) until its indicator flashes.
6. To switch between paired Bluetooth devices, simply press the corresponding Bluetooth key (Fn + 1/2/3) on the keyboard or the Bluetooth switch on the mouse.

MULTI-DEVICE AND MULTI-OS

Wireless connectivity to 4 devices via 2.4GHz or Bluetooth 5.0/4.0

The diagram shows a Rapoo keyboard and mouse at the bottom, connected via 2.4GHz, Bluetooth 5.0, and Bluetooth 4.0 to a desktop monitor, a laptop, a tablet, and a smartphone. The devices are shown displaying the Rapoo website. Below the devices are icons for Windows, Mac OS, Linux, and Chrome.

3. OPERATING INSTRUCTIONS

3.1 Keyboard Functions

The E9310M keyboard features a 99-key layout, including a number pad and dedicated arrow keys, designed for efficient input.

3.1.1 Multimedia Keys

Access 12 widely used function keys by pressing the **Fn** key in combination with the corresponding F-keys (F1-F12). These shortcuts are compatible with both Windows and Mac OS.

- **Fn + F1:** Play/Pause
- **Fn + F2:** Stop
- **Fn + F3:** Previous Track
- **Fn + F4:** Next Track
- **Fn + F5:** Mute
- **Fn + F6:** Volume Down
- **Fn + F7:** Volume Up
- **Fn + F8:** Search
- **Fn + F9:** Home
- **Fn + F10:** Mail
- **Fn + F11:** My Computer
- **Fn + F12:** Favorites

3.2 Mouse Functions

The M300G Silent Mouse provides precise control with adjustable DPI settings and a quiet click design.

3.2.1 DPI Adjustment

The mouse features 5 adjustable DPI levels (800/1000/1200/1600/2400) to suit different screen resolutions and user preferences. Press the DPI button (usually located near the scroll wheel) to cycle through the settings.

4. MAINTENANCE

4.1 Cleaning

- Use a soft, dry cloth to clean the surfaces of the keyboard and mouse.
- For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- Do not use abrasive cleaners, solvents, or aerosol sprays.

4.2 Battery Replacement

When the battery indicator light flashes or performance degrades, replace the batteries. The upgraded Bluetooth 5.0/4.0 technology extends battery life up to 12 months.

1. Turn off the device.
2. Open the battery compartment.
3. Remove old batteries and dispose of them according to local regulations.
4. Insert new AAA batteries, observing correct polarity.

5. Close the compartment.

5. TROUBLESHOOTING

5.1 Connection Issues

- **Device not connecting:** Ensure the keyboard/mouse is turned on and in pairing mode (indicator light flashing). Check your device's Bluetooth settings to ensure Bluetooth is enabled and the correct Rapoo device is selected.
- **2.4GHz connection unstable:** Ensure the USB receiver is securely plugged into a working USB port. Try a different USB port. Ensure no other wireless devices are causing interference.
- **Bluetooth connection dropping:** Ensure the devices are within the effective range (typically 10 meters/33 feet). Check battery levels. Remove and re-pair the device if issues persist.

5.2 Keyboard/Mouse Not Responding

- **No input:** Check battery levels and replace if necessary. Ensure the correct connection mode (2.4GHz or Bluetooth channel) is selected on the keyboard/mouse.

- **Keys not working:** Clean around the affected keys to remove any debris.
- **Mouse cursor erratic:** Clean the mouse sensor. Ensure the mouse is used on a suitable surface. Adjust DPI settings if sensitivity is an issue.
