## AECOJOY 16325

# AECOJOY 7x3 Lean-to Metal Storage Shed

MODEL: 16325 - USER MANUAL

## 1. Introduction

---

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your AECOJOY 7x3 Lean-to Metal Storage Shed, Model 16325. Please read this manual thoroughly before beginning assembly or use to ensure safe and correct installation and to maximize the lifespan of your product. Keep this manual for future reference.

## 2. Safety Information

---

**WARNING:** Safety warnings related to assembly and use are provided with the product. Always adhere to these warnings to prevent injury or damage. Ensure all parts are securely fastened before use. Do not use the shed in extreme weather conditions beyond its specified wind resistance.

- Always wear appropriate safety gear during assembly.
- Ensure the assembly area is clear of obstructions and hazards.
- Do not allow children to play near the shed during assembly or unsupervised.
- Secure the shed to a level, stable foundation to prevent tipping.

## 3. Setup and Assembly

---

The AECOJOY 7x3 Lean-to Metal Storage Shed requires assembly. A user-friendly guide and detailed manuals are included to ensure a hassle-free setup. It is highly recommended to have at least two people for assembly to help hold components in place and ensure stability.

### 3.1 Preparation

- Unpack all components and verify against the included parts list.
- Ensure you have all necessary tools (e.g., screwdriver, wrench, gloves).
- Choose a level and stable location for the shed. A solid foundation is recommended.

## 3.2 Assembly Steps (General)

1. Assemble the base frame according to the detailed instructions.
2. Attach the wall panels, ensuring they are correctly aligned and secured.
3. Install the roof structure, paying attention to the sloping design for water runoff.
4. Mount the single hinged door, ensuring smooth operation and proper latching.
5. Secure all bolts and screws firmly, but do not overtighten until all components are in place.

The shed features a stable and sturdy interior structure, designed for enhanced stability. The latch design on the door provides security for stored items.

## 4. Operating Instructions

Your AEOJOY Lean-to Metal Storage Shed is designed for outdoor storage, offering a footprint of 22.5 Sq.Ft. It can accommodate various items such as up to 5 bikes, 4 regular lawnmowers, or 3 snowmobiles, providing a versatile solution for your outdoor storage needs.

### 4.1 Accessing the Shed

- To open the shed, disengage the door latch and pull the door outwards.
- To close, push the door firmly until it aligns with the frame, then engage the latch for security.

## 5. Maintenance

Regular maintenance will ensure the longevity and optimal performance of your AECOJOY storage shed.

- **Cleaning:** Clean the exterior surfaces periodically with mild soap and water. Avoid abrasive cleaners or harsh chemicals that could damage the galvanized coating.
- **Inspection:** Regularly inspect all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary.
- **Weather Protection:** The shed features a galvanized coating for resistance against rust, oxidation, and moisture. The sloping roof design is engineered to prevent rainwater leakage. Despite these features, ensure proper drainage around the base of the shed.
- **Anti-Rust Process:** The shed utilizes an automotive-grade anti-rust process to effectively prevent mold and rust by minimizing oxygen contact with the material.

## AUTOMOTIVE GRADE ANTI-RUST PROCESS

No mold and rust, effectively avoid oxygen contact with the material, reducing the possibility of mold and rust.
