Hoenofly YJ886

Hoenofly 42 Inch Smart Low Profile Ceiling Fan User Manual

Model: YJ886

INTRODUCTION

Thank you for choosing the Hoenofly 42 Inch Smart Low Profile Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions thoroughly before installation and keep them for future reference.

SAFETY INFORMATION

- Always turn off power at the circuit breaker before beginning installation or performing any maintenance.
- All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- Ensure the installation location can support the fan's weight (approximately 11 pounds).
- This fan is designed for flush mounting on flat ceilings only. It is not suitable for sloped or vaulted ceilings.
- Do not install on plaster or drywall ceilings. Suitable ceiling types include metal, concrete, and wood.
- Ensure blades are installed at least 7 feet (2.1 meters) from the floor.
- Do not insert objects into the path of the fan blades.

PACKAGE CONTENTS

Verify that all components are present before installation:

- Ceiling Fan Base
- 5 Fan Blades
- Light Kit
- Remote Control
- Installation Hardware (screws, wire nuts, etc.)

- User Manual

SPECIFICATIONS

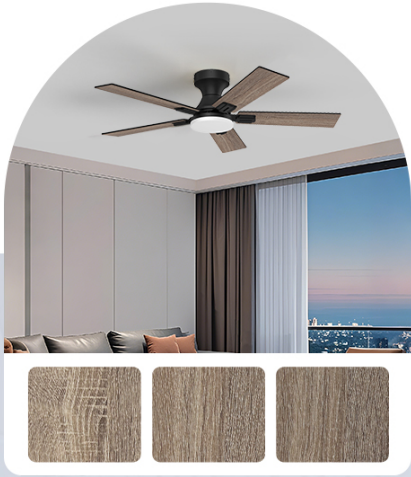

Brand	Hoenofly
Model Name	YJ886-42-FGWB-QH
Product Dimensions	9.19"D x 42"W x 42"H
Power Source	Quiet DC Motor
Wattage	23 watts
Voltage	110 Volts
Air Flow Capacity	2538 Cubic Feet Per Minute
Noise Level	30 Decibels
Number of Blades	5
Control Method	App, Push Button, Remote, Voice
Special Feature	Color-changing & Dimmable LED Light, 6 Reversible Speeds, Voice & App Control, Timer
Indoor/Outdoor Usage	Indoor, Outdoor (covered spaces)
Installation Type	Flush Mount

SETUP AND INSTALLATION

Installation typically takes 40-60 minutes for beginners. Experienced users may complete it in 30 minutes. Refer to the included installation video and manual for detailed visual guidance.

Pre-Installation Checks:

- **Power Off:** Ensure power is completely off at the circuit breaker before starting.
- **Ceiling Type:** This fan is suitable for metal, concrete, and wood ceilings. It is **not** applicable for plaster or drywall ceilings.
- **Mounting:** Designed for flat mounted ceilings only. Not suitable for sloped or vaulted ceilings.
- **Wall Switch:** Compatible with standard ON/OFF wall switches. Not compatible with dimmer or fan speed control wall switches.

Subtle Differences, Same Quality

Slight variations in grain and tone may occur between batches and do not affect performance.

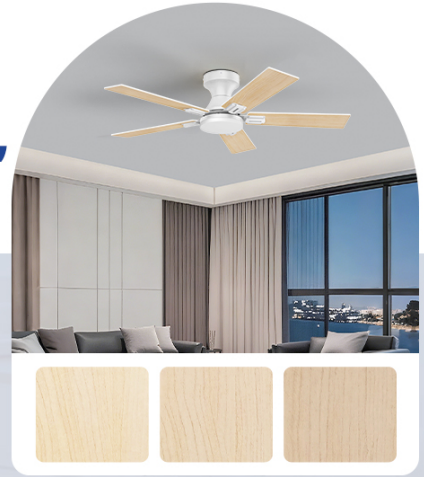

Image: Installation considerations including dimensions, mounting types, and compatible ceiling materials.

General Installation Steps:

1. **Secure Mounting Bracket:** Attach the mounting bracket to the ceiling junction box. Ensure it is securely fastened and can support the fan's weight.
2. **Wiring:** Connect the fan's electrical wires to your household wiring according to the provided wiring diagram. Use appropriate wire nuts.
3. **Assemble Fan Body:** Attach the fan motor assembly to the mounting bracket.
4. **Attach Blades:** Securely fasten the five fan blades to the motor housing. Ensure all screws are tightened.
5. **Install Light Kit:** Connect the light kit wiring and attach the light fixture to the fan body.
6. **Restore Power:** Once installation is complete and all connections are secure, restore power at the circuit breaker.

<h4>Ceiling Conditions</h4> <p>Not Applicable : Plaster /Drywall Ceilings</p> <p>Metal Concrete Wood Plaster ceiling</p>	<h4>Mounting Option</h4> <p>Flat Ceiling Sloped Ceiling</p>	<h4>Hanger Size</h4>

OPERATING INSTRUCTIONS

Remote Control Functions:

The included remote control allows for comprehensive operation of your ceiling fan.

Image: Overview of the remote control and its various functions.

- **Fan ON/OFF:** Turns the fan on or off.
- **Light ON/OFF:** Turns the light on or off.
- **Natural Wind Mode:** Simulates a natural breeze by varying fan speed.
- **Timer (1/2/6H):** Sets the fan to turn off automatically after 1, 2, or 6 hours.
- **Fan Speed (1-6):** Adjusts the fan speed from 1 (lowest) to 6 (highest).
 - Speed 1-2: Ideal for sleeping.
 - Speed 3-4: Perfect for relaxation or study.
 - Speed 5-6: Suitable for higher airflow needs.
- **Forward/Reverse:** Changes the direction of blade rotation for summer or winter mode.
- **Light Dimmable Mode:** Adjusts the brightness of the LED light (0-100%).
- **Light Color-changing:** Cycles through color temperatures (3000K Warm White, 4000K Natural Light, 5000K Cool White).

Image: Reversible function for year-round comfort (Summer Mode: Cool Down, Winter Mode: Warm Up).

Image: Dimmable and color-changing LED light options (3000K, 4000K, 5000K) with 0-100% brightness adjustment.

SMART CONTROL (APP & VOICE)

Your Hoenofly ceiling fan offers advanced control options via smart devices.

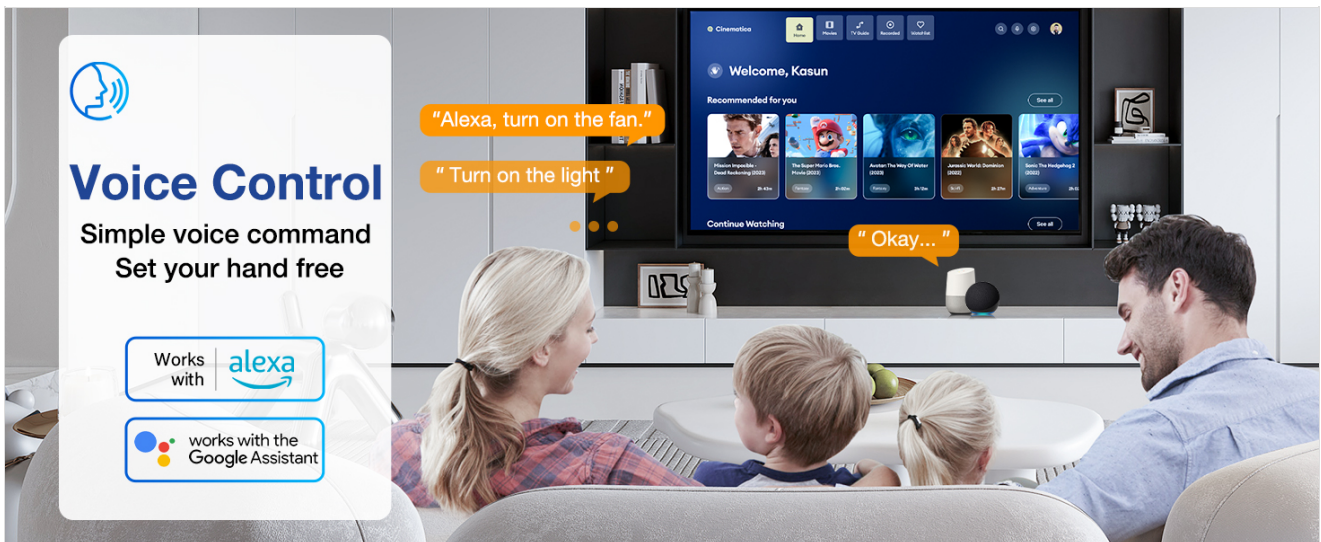

Image: Voice control integration with Alexa and Google Assistant.

- **Voice Control:** Compatible with Alexa and Google Assistant. Use simple voice commands like "Alexa, turn on the bedroom fan" or "Hey Google, set fan speed to 3."
- **App Control:** Control your fan from anywhere using the Tuya App via WiFi. Adjust speed, lighting, set schedules, and more.
- **Remote Backup:** The included handheld and wall-mounted remote controls provide an alternative control method if WiFi is unavailable.

Tuya APP Control from Anywhere

MAINTENANCE

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Care:** The fan features double-sided high-quality plywood blades that are sturdy, stable, and moisture-proof. Wipe clean as needed.
- **LED Panel:** The LED panel is replaceable. Refer to the full installation manual for replacement instructions if necessary.
- **Periodic Checks:** Periodically check all connections and mounting hardware to ensure they remain secure.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not operate.	No power, loose wiring, remote not paired.	Check circuit breaker. Ensure all wiring connections are secure. Resync remote control (button typically on remote).
Light does not turn on.	No power, loose wiring, LED panel issue.	Check power. Verify light kit wiring. If issue persists, LED panel may need replacement.
Fan or light flickers when both are on.	Defective fan unit or control module.	Ensure proper voltage supply. If wiring is correct, contact customer support for assistance, as this may indicate a defective component.
Remote control not responding.	Low battery, remote not paired.	Replace remote batteries. Resync remote control.
Smart features (App/Voice) not working.	WiFi connectivity issue, app not configured.	Ensure your home WiFi is active and the fan is connected. Reconfigure the fan in the Tuya App. Check router settings.

WARRANTY AND SUPPORT

Hoehnfly is committed to providing high-quality products and customer satisfaction.

- **Warranty:** This product comes with a 3-year quality period (warranty) from the date of purchase.

- **Returns:** A 30-day return policy is guaranteed for your purchase.
- **Customer Support:** Our 24/7 customer support team is available to assist you with any questions or issues. Please refer to your purchase documentation for contact details.
