## Fastrack 6319WL02

# Fastrack TIK Tok 5.0 Women's Analog Watch

Model: 6319WL02 - Instruction Manual

## 1. INTRODUCTION

---

This manual provides essential information for the proper use, care, and maintenance of your Fastrack TIK Tok 5.0 Quartz Green Shaped Dial Women's Analog Watch, Model 6319WL02. Please read these instructions carefully to ensure optimal performance and longevity of your timepiece.

## 2. PRODUCT OVERVIEW

---

The Fastrack TIK Tok 5.0 is a quartz-movement analog watch featuring a distinctive shaped dial, a green leather strap, and multifunction subdials for day, date, and 24-hour display. It is designed for everyday wear with a durable mineral crystal and water resistance up to 30 meters.

Figure 2.1: Front view of the Fastrack TIK Tok 5.0 watch, highlighting the unique green shaped dial and leather strap.

Figure 2.2: Side view of the watch, illustrating the crown and the attachment of the green leather strap to the case.

Figure 2.3: Rear view of the watch, displaying the stainless steel case back with engraved product information and water resistance rating.

## 3. SETUP

---

### 3.1 Setting the Time

1. Pull the crown (the small knob on the side of the watch) out to position 2.
2. Turn the crown clockwise or counter-clockwise to set the hour and minute hands to the correct time.
3. Push the crown back into position 1 (normal operating position) to start the watch.

### 3.2 Setting the Date and Day

Your watch features multifunction subdials for date and day. These are typically adjusted by the crown or small pushers, depending on the specific movement. For this model:

1. Pull the crown out to position 1 (first click).
2. Turn the crown clockwise or counter-clockwise to adjust the date and day subdials. Refer to the specific markings on your dial for direction.
3. Once set, push the crown back into the normal operating position.

*Note: Avoid setting the date between 9 PM and 3 AM, as this can interfere with the automatic date change*

*mechanism and potentially damage the movement.*

## 4. OPERATING THE CHRONOGRAPH (IF APPLICABLE)

---

This watch features a chronograph function. A chronograph is a type of watch that combines a stopwatch with a display watch. The subdials on your watch include a 24-hour indicator, which is part of the main time display, not a chronograph function. The term 'Chronograph' in the specifications refers to the watch's overall design and functionality, not necessarily a separate stopwatch feature with start/stop buttons. The 24-hour subdial displays the current hour in a 24-hour format, which is synchronized with the main hour hand. It cannot be operated independently.

## 5. MAINTENANCE

---

### 5.1 Cleaning Your Watch

To maintain the appearance of your watch:

- Wipe the case and crystal with a soft, dry cloth.
- For the leather strap, avoid prolonged exposure to water, direct sunlight, and harsh chemicals. Clean with a slightly damp cloth and allow to air dry.

### 5.2 Water Resistance

Your Fastrack TIK Tok 5.0 watch is water resistant up to 30 meters (3 ATM). This means it is suitable for everyday use and can withstand splashes or brief immersion in water, such as washing hands or rain. It is **not** suitable for swimming, showering, diving, or any water sports. Always ensure the crown is fully pushed in before any contact with water.

### 5.3 Battery Replacement

This watch is powered by a quartz battery. When the watch stops or the second hand begins to skip, it indicates that the battery needs replacement. Battery replacement should be performed by a qualified watch technician to ensure proper sealing and water resistance.

## 6. TROUBLESHOOTING

---

- **Watch not running:** Check if the crown is fully pushed in. If it is, the battery may need replacement.
- **Incorrect time/date:** Refer to Section 3 for instructions on setting the time, day, and date. Ensure the crown is fully pushed in after adjustment.
- **Condensation under crystal:** This may indicate a loss of water resistance. Avoid further contact with water and seek professional service immediately.

## 7. SPECIFICATIONS

---

Feature	Detail
Brand	Fastrack
Model Number	6319WL02
Model Name	Tik Tok 5.0
Display Type	Analog

Movement	Quartz
Special Features	Multifunction (Day, Date, 24-hour subdial)
Water Resistance	30 Meters (3 ATM)
