## 3. INSTALLATION GUIDE

---

Follow these steps carefully for a bubble-free and perfectly aligned installation of your screen protector.

# Install Guide:

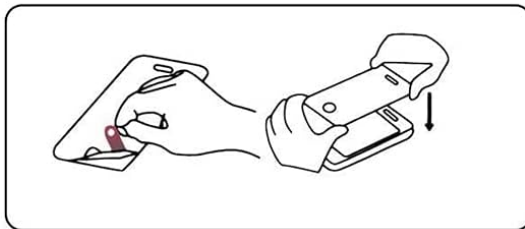

## Step 1

Gently clean phone screen with included wet wipe 1, then dry wipe 2.

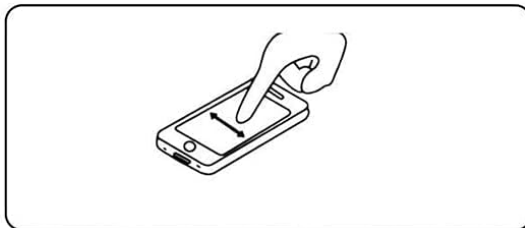

## Step 2

Use included dust absorber to remove all dust on phone screen.

## Step 3

Peel off the film on the back of the screen protector.

## Step 4

Align the screen protector to the screen and press the middle part with finger.

### 1. Step 1: Clean the Screen

Gently clean your smartwatch screen with the included wet wipe (labeled '1'). Follow this by drying the screen thoroughly with the dry wipe (labeled '2'). Ensure no moisture or residue remains.

### 2. Step 2: Remove Dust

Use the provided dust absorber sticker to carefully remove any remaining dust particles from the smartwatch screen. Inspect the screen closely under good lighting to ensure it is completely dust-free.

### 3. Step 3: Prepare the Protector

Carefully peel off the protective film from the adhesive side of the tempered glass screen protector. Avoid touching the adhesive surface to prevent fingerprints or dust.

### 4. Step 4: Apply the Protector

Align the screen protector precisely with your smartwatch screen. Once aligned, gently press the middle part of the protector with your finger. The adhesive will spread automatically. If any small bubbles remain, gently push them towards the edges with a soft cloth.
