Magazoopet MY-PET72-TI

Magazoopet Small Insulated Cat House Weatherproof

Model: MY-PET72-TI

Brand: Magazoopet

INTRODUCTION

This instruction manual provides essential information for the assembly, operation, and maintenance of your Magazoopet Small Insulated Cat House Weatherproof. Please read this manual thoroughly before use to ensure proper setup and to maximize the product's lifespan and your pet's comfort.

SAFETY INSTRUCTIONS

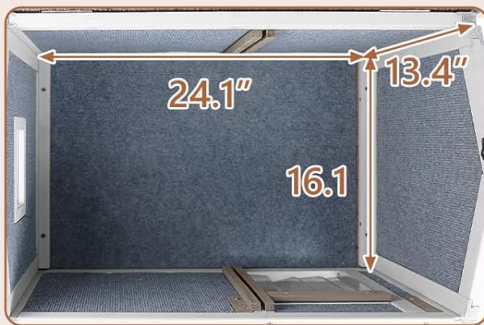

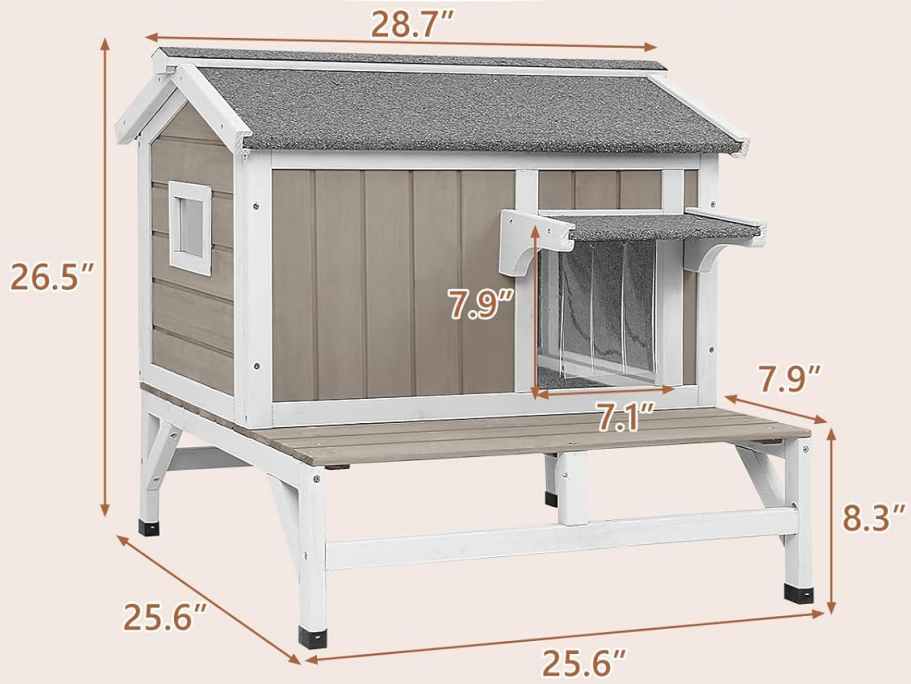

- Ensure all parts are securely fastened during assembly to prevent instability.
- Place the cat house on a level, stable surface.
- Regularly inspect the house for any damage or loose components.
- Keep small children away during assembly.

SETUP AND ASSEMBLY

The Magazoopet Small Insulated Cat House is designed for straightforward assembly. While one person can assemble it, having two people may simplify the process.

1. Unpack all components and verify against the parts list (not provided in this manual, refer to packaging).
2. Begin by assembling the base and elevated feet, ensuring they are stable.
3. Attach the side panels, making sure the window panel is correctly oriented.
4. Install the internal divider if desired. It can be removed to create a larger space.
5. Secure the roof sections. The sloped design aids in water runoff.
6. Attach the PVC curtain door to the entrance.

Provide A Comfortable Space for Your Cats

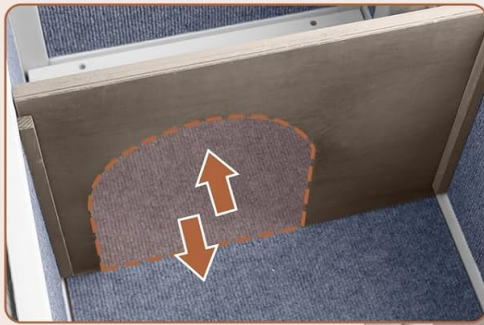

Suitable for cats, rabbits and other small animals

OPERATING INSTRUCTIONS

The cat house is designed for both indoor and outdoor use, providing a comfortable and secure shelter for your cat.

- **Access:** The house features a front entrance with a PVC curtain door for easy access and ventilation. The roof is also openable for convenient interaction and cleaning.
- **Internal Space:** Utilize the internal pull-out divider to customize the interior space. Keep it in place for two separate areas or remove it for a larger single space.
- **Observation:** The clear window allows your cat to observe its surroundings from within the shelter.
- **Insulation:** The insulated design and warm lining provide comfort, especially in colder weather.

MAINTENANCE

- **Cleaning:** The openable roof allows for easy access to the interior for cleaning. Regularly wipe down surfaces with a damp cloth.
- **Scratching Cloth:** The inner cat scratching cloth is designed to be soft and scratch-resistant. Periodically check and clean it to maintain hygiene and prevent debris accumulation.
- **Weather Protection:** The sloped roof and elevated feet are designed to protect against rain and wet ground. Ensure the roof remains clear of heavy debris or snow to maintain its integrity.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight.

TROUBLESHOOTING

- **Instability:** If the house feels unstable, re-check all screw connections and ensure it is placed on a flat surface.
- **Water Leakage:** Verify that the roof panels are correctly aligned and securely fastened. Ensure no gaps are present.
- **Cat Reluctance:** Some cats may need time to adjust to a new shelter. Place familiar bedding or treats inside to encourage use.
