## Mesqool MEU-CR1001F

# Mesqool Projection Alarm Clock MEU-CR1001F User Manual

Model: MEU-CR1001F | Brand: Mesqool

## INTRODUCTION

This manual provides detailed instructions for the setup, operation, and maintenance of your Mesqool Projection Alarm Clock, model MEU-CR1001F. Please read this guide thoroughly to ensure proper use and to maximize the features of your device.

## PRODUCT OVERVIEW

The Mesqool Projection Alarm Clock features a large LED display, a 180° rotatable projection, adjustable brightness, dual alarms with snooze, and a USB charging port. It is designed for clear time display and convenient functionality.

Figure 1: Front view of the Mesqool Projection Alarm Clock, highlighting its large LED display and compact dimensions.

## Key Features:

- **180° Rotatable Projection:** Projects time onto a wall or ceiling with adjustable focus.
- **Large LED Display:** Clear time visibility, especially for elderly users.
- **5-Level Brightness Dimmer:** Adjust display intensity for comfort.
- **Dual Alarms:** Set two separate alarms with adjustable volume (levels 1-5).
- **9-Minute Snooze Function:** Provides extra sleep time.
- **USB Charging Port:** Conveniently charge smartphones and tablets.
- **Battery Backup:** Maintains time and alarm settings during power outages (requires 2 AAA batteries, not included).
- **DST Function:** Easily adjust for Daylight Saving Time.

## SETUP

1. **Power Connection:** Connect the alarm clock to an AC power outlet using the provided power adapter. The clock requires AC power for full functionality.

2. **Battery Backup Installation:** Open the battery compartment on the back of the unit. Insert 2 AAA batteries (not included), ensuring correct polarity (+/-). These batteries will preserve time and alarm settings in case of a power interruption.

Figure 2: Rear view of the alarm clock, illustrating the AAA battery backup compartment.

3. **Initial Power On:** Upon connecting to AC power, the display will illuminate.

## OPERATING INSTRUCTIONS

## 1. Setting the Time (12/24H Format)

- Press and hold the "SET TIME" button. The hour digits will flash.
- Use the "HOUR" and "MIN" buttons to adjust the hour and minute respectively.
- Press "SET TIME" again to confirm.
- To switch between 12-hour and 24-hour format, press the "12/24H" button. In 12-hour mode, "AM" or "PM" indicators will be displayed.

## 2. Setting Alarms (Alarm 1 & Alarm 2)

Mcsquu

# Loud Adjustable Volume

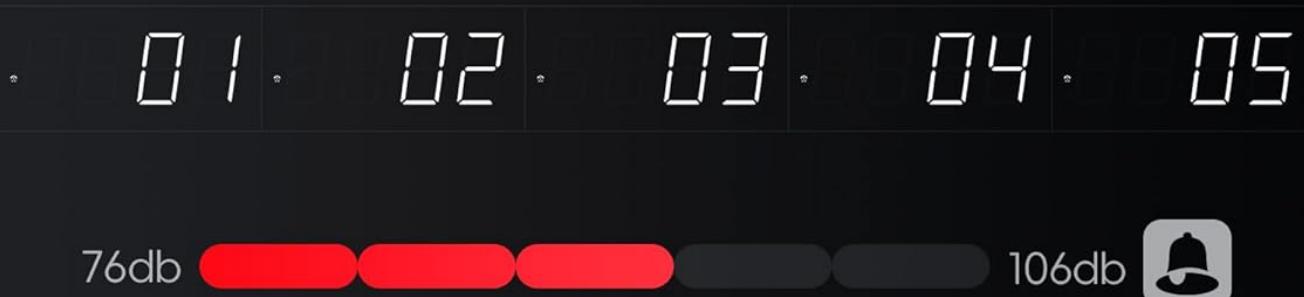

Figure 3: Side view of the alarm clock, illustrating the adjustable alarm volume feature.

- Press and hold the "ALARM1" or "ALARM2" button. The alarm hour digits will flash.
- Use the "HOUR" and "MIN" buttons to set the desired alarm time.
- Press "ALARM1" or "ALARM2" again to confirm the time.
- To activate/deactivate an alarm, press the "ALARM1" or "ALARM2" button briefly. An alarm icon will appear/disappear on the display.

- To adjust alarm volume (levels 1-5), use the "VOL-" or "VOL+" buttons located on the side of the unit. The alarm sound will gradually increase in volume.

### 3. Snooze Function

Figure 4: Top view of the alarm clock, highlighting the SNOOZE/OK button for easy access.

- When an alarm sounds, press the large "SNOOZE/OK" button on top of the clock. The alarm will pause for 9 minutes

and then sound again.

- To turn off the alarm completely, press and hold the "ALARM1" or "ALARM2" button corresponding to the active alarm.

#### 4. Projection Settings

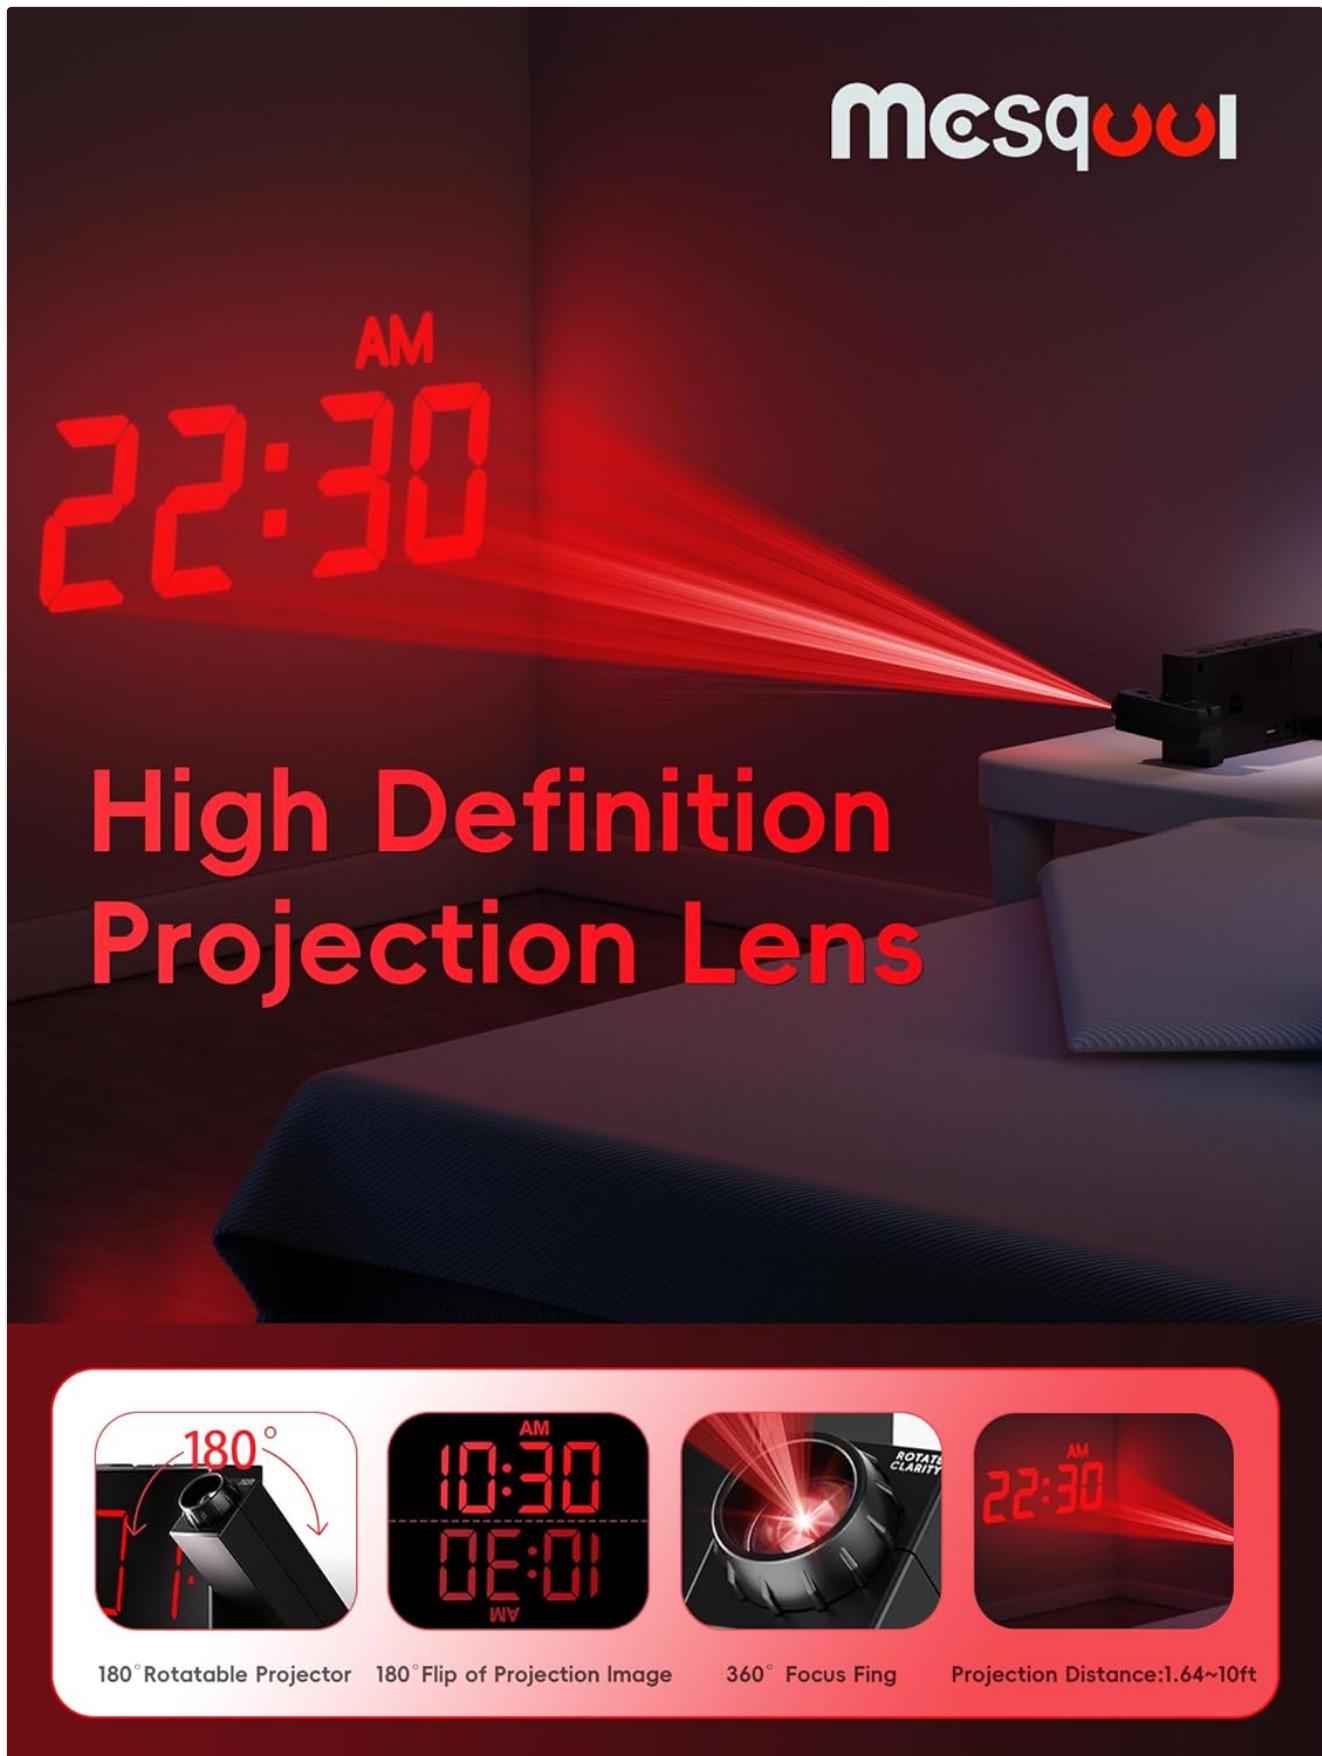

Figure 5: Illustration of the projection feature, demonstrating the rotatable projector and focus adjustment.

- **Activate/Deactivate Projection:** Press the "PROJECTION" button to turn the time projection on or off.
- **Rotate Projection:** The projector lens can be rotated 180° to adjust the projection angle on your wall or ceiling.
- **Adjust Focus:** Rotate the focus ring on the projector lens to achieve a clear projection image. Optimal projection distance is 0.5 to 3 meters (1.64 to 10 feet).
- **Invert Projection:** Press the "PROJECTION MODE" button to invert the orientation of the projected image if it appears upside down.

## 5. Display Brightness

USB interface

# Power Up Your Devices

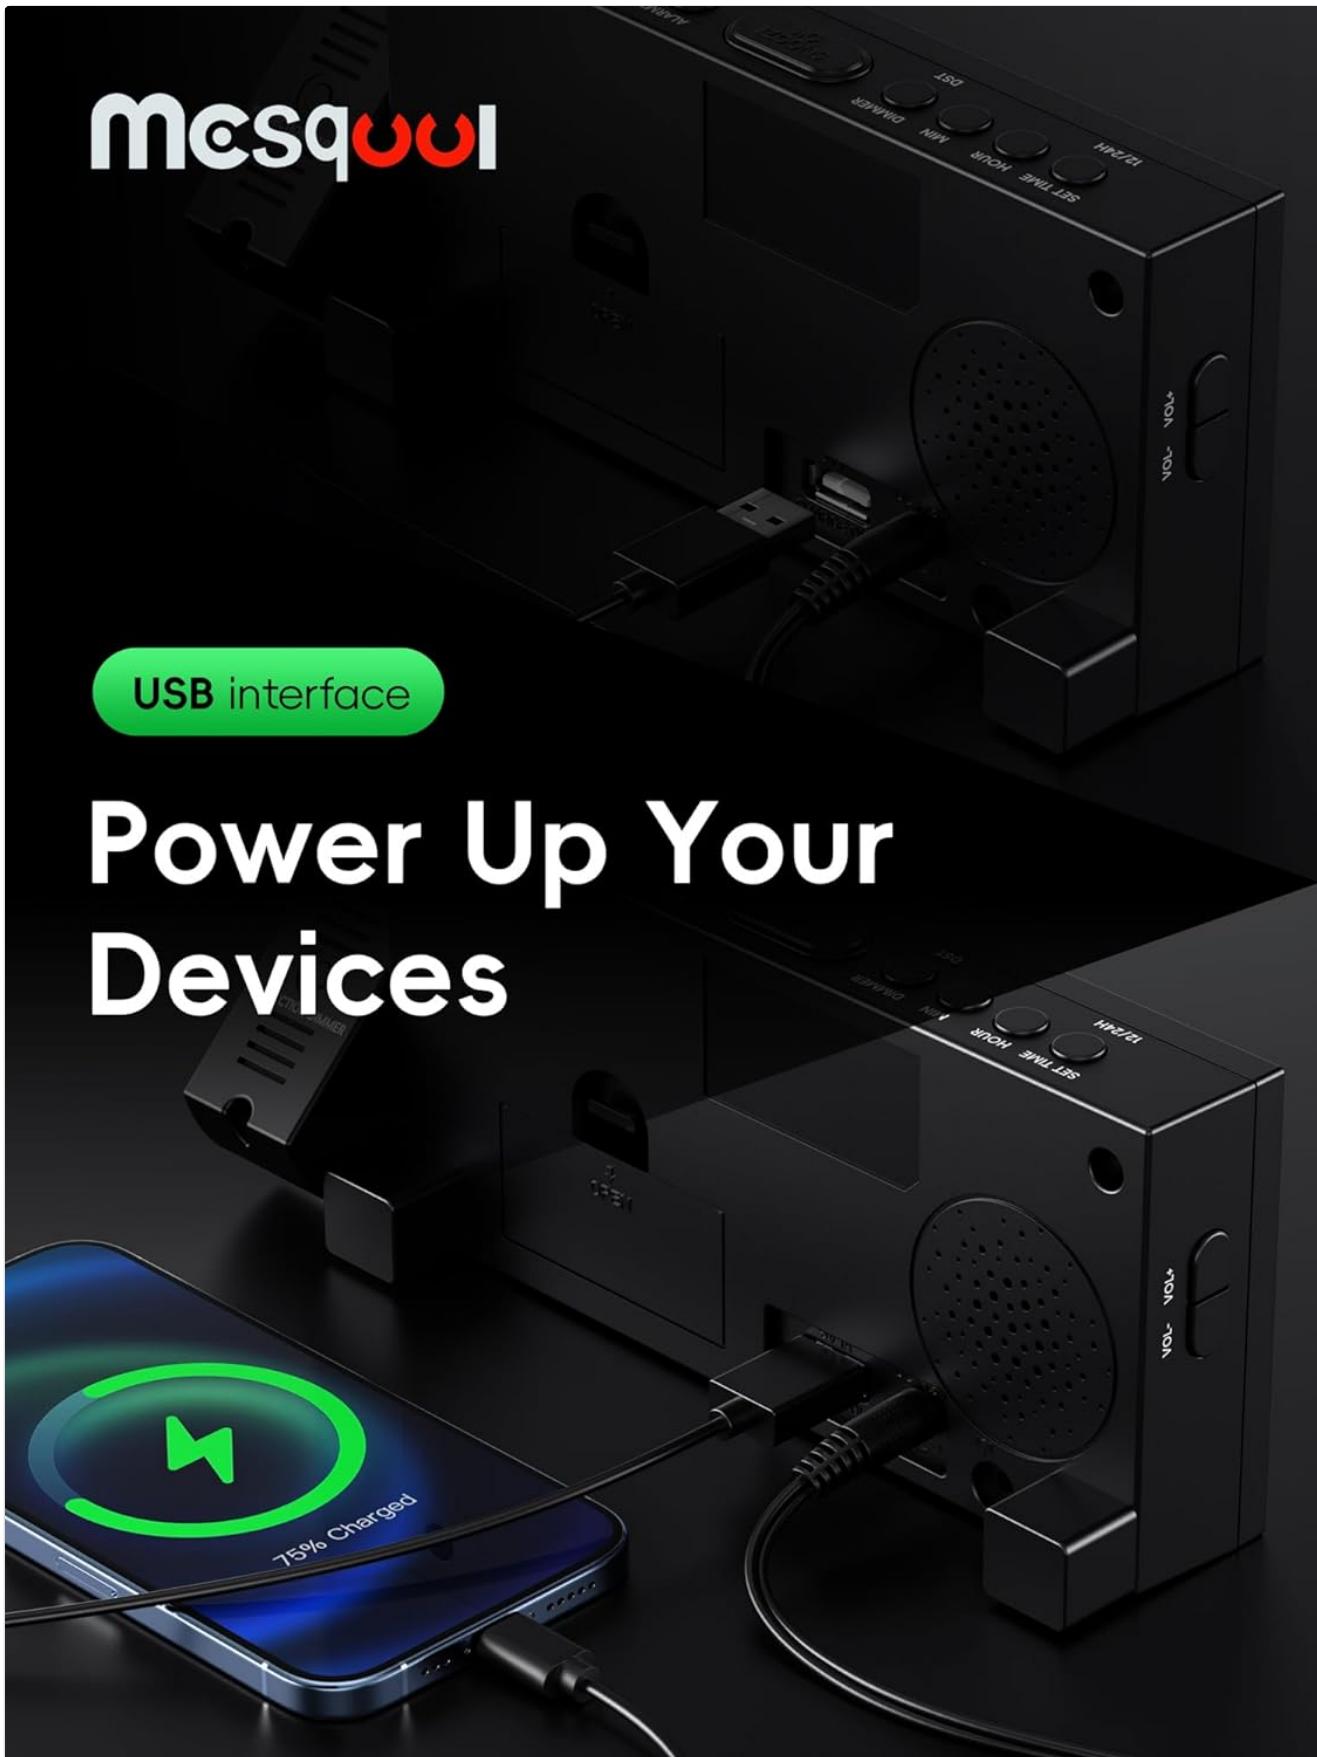

Figure 7: Side view of the alarm clock, illustrating the USB charging interface in use.

- The USB output interface on the side of the clock allows you to charge compatible devices such as smartphones and tablets. Connect your device's USB charging cable to this port.

## 7. Daylight Saving Time (DST) Function

- Press the "DST" button on the top of the clock to activate or deactivate the Daylight Saving Time function. This will

adjust the time by one hour forward or backward.

## MAINTENANCE

- Cleaning:** Use a soft, dry cloth to clean the surface of the clock. Do not use abrasive cleaners or solvents.
- Battery Replacement:** Replace the AAA backup batteries annually or when the battery indicator (if present) suggests low power, to ensure settings are retained during power outages.
- Storage:** If storing the clock for an extended period, remove the AAA batteries to prevent leakage.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Display is blank or not working.	No AC power; power adapter not connected properly.	Ensure the power adapter is securely plugged into the clock and a working AC outlet.
Alarm does not sound.	Alarm is not activated; alarm volume is too low.	Verify the alarm icon is displayed. Adjust the alarm volume using the VOL+ button.
Projection is blurry.	Projection focus is not adjusted; projection distance is too far/close.	Rotate the focus ring on the projector lens. Ensure the clock is within the optimal projection distance (0.5-3m).
Projected image is upside down.	Projection orientation needs adjustment.	Press the "PROJECTION MODE" button to invert the image.
Time/settings reset after power outage.	AAA backup batteries are not installed or are depleted.	Install fresh AAA batteries or replace existing ones.

## SPECIFICATIONS

Brand	Mesqool
Model Number	MEU-CR1001F
Color	Red
Dimensions (L x W x H)	20.3 x 3.81 x 9.1 cm (8 x 1.5 x 3.6 inches)
Weight	370 grams (0.82 lbs)
Display Type	Digital LED
Power Source	Corded Electric (AC)
Backup Power	2 x AAA Batteries (not included)
Special Features	Loud Alarm, Projection Clock, Adjustable Brightness, USB Charging Station, Adjustable Volume
