PAPIFEED PPATFD-001

PAPIFEED Automatic Cat Feeder with Wide-Angle Camera

Model: PPATFD-001

Brand: PAPIFEED

1. PRODUCT OVERVIEW

The PAPIFEED Automatic Cat Feeder is designed to provide convenient and reliable feeding for your pets. Featuring a wide-angle camera and WiFi connectivity, this feeder allows for remote control via a smartphone application. Its detachable design ensures easy cleaning, and a dual power supply system guarantees continuous operation. This feeder supports scheduling up to 10 meals per day, suitable for multiple pets.

Image 1: The PAPIFEED Automatic Cat Feeder allows you to supervise your pet's diet and record wonderful moments.

2. KEY FEATURES

- **1080P HD Camera with Night Vision:** Monitor your pet's activities and mealtimes with a 1080P HD camera and 140° wide-angle lens. Enhanced infrared night vision provides clear views day and night.
- **2.4G/5G WiFi Remote APP Control:** Schedule and dispense meals remotely using the Smart APP, supporting both 5GHz and 2.4GHz Wi-Fi networks. Share device access with family members and view feeding records.
- **Two-Way Audio & Interaction:** Communicate with your pet in real-time, adjust speaker volume, and record personalized meal calls.
- **Easy to Clean & Portion Control:** Features a removable food tank and a premium 304 stainless steel bowl for hygienic feeding. The 6L (25 Cup) capacity food storage with desiccant bags keeps food fresh.
- **Dual Power Supply:** Operates with a DC 5V power adapter and includes a backup system for 4 AA batteries (not included) to ensure continuous feeding during power outages. Note: Remote control via app is not supported on

battery power alone, but schedules will execute.

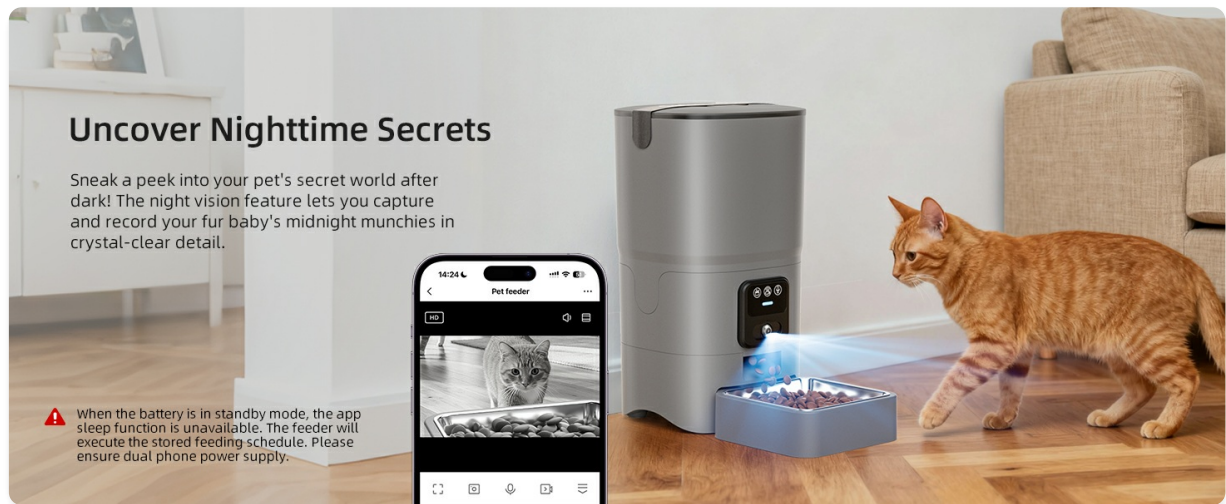

Image 2: The feeder's 1080P Ultra HD camera provides encrypted and smooth video transmission for clear monitoring.

3. COMPONENTS (WHAT'S IN THE BOX)

- Feeder Base Unit with Dispensing Mechanism
- Food Storage Tank (6L capacity)
- Lid with Desiccant Holder
- Stainless Steel Feeding Bowl
- Plastic Bowl Holder
- DC 5V Power Adapter
- USB Power Cable
- Desiccant Bag
- User Manual

Image 3: Key components of the feeder, including the secure lid, desiccant compartment, large capacity food tank, and easy-to-clean stainless steel bowl.

4. SETUP INSTRUCTIONS

1. **Assemble the Feeder:** Place the food tank onto the feeder base. Ensure it clicks securely into place. Insert the stainless steel bowl into the plastic bowl holder, then attach the holder to the front of the feeder base.
2. **Install Desiccant:** Open the lid and place the desiccant bag into its designated holder on the underside of the lid. Close the lid securely.
3. **Power Connection:** Connect the USB power cable to the feeder and plug the adapter into a wall outlet. For battery backup, insert 4 AA batteries into the compartment at the bottom of the feeder (batteries not included).
4. **Download and Install App:** Scan the QR code in the user manual or search for "Smart Life" in your mobile app store (Google Play Store for Android, App Store for iOS). Install the app and register an account.
5. **Connect to Wi-Fi:** Open the Smart Life app, click the "+" icon to add a device. The app should automatically detect the feeder. Follow the on-screen instructions to connect the feeder to your 2.4GHz or 5GHz Wi-Fi network. Ensure your phone is connected to the same Wi-Fi network during setup.

Indicator Light Description

- **Green Light:** Not connected to Wi-Fi.
- **Blue Light Flashing:** Waiting for Wi-Fi connection.
- **Solid Blue Light:** Wi-Fi already connected.

Setup Video Guide

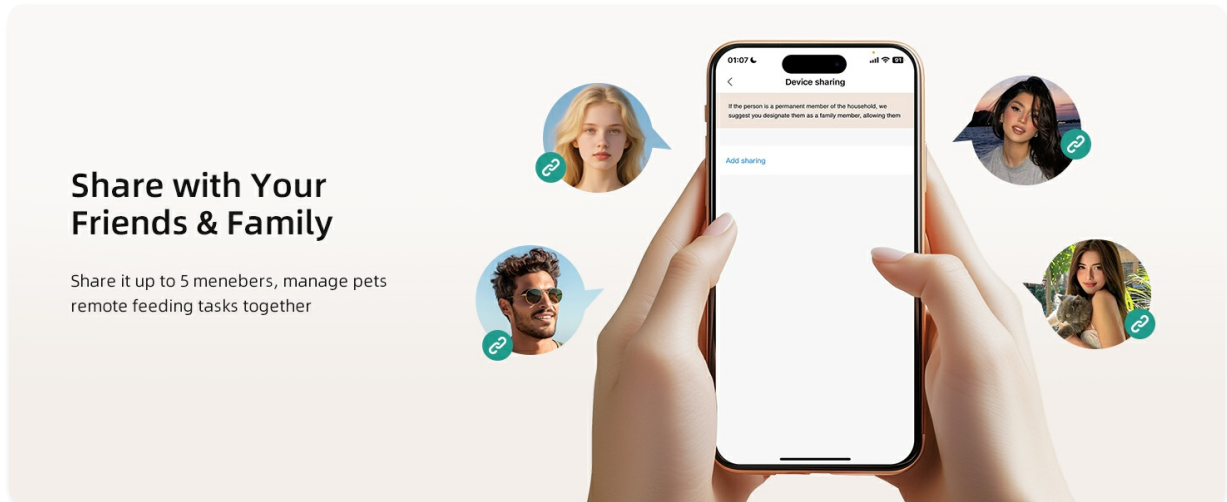

Image 4: The feeder's compact dimensions and power adapter for easy placement and reliable operation.

5. OPERATING INSTRUCTIONS

App Control

- **Scheduling Meals:** Use the app's timer function to set daily feeding schedules, including meal times and portion sizes (1-10 meals per day).
- **Manual Feeding:** Dispense food instantly by tapping the "Feed" button in the app. You can select the number of portions.
- **Two-Way Audio & Camera:** Access the live camera feed, speak to your pet, and listen to them through the app. Capture photos or videos of your pet.
- **Feed Records:** Review past feeding times and quantities to monitor your pet's eating habits.
- **Device Sharing:** Share access to the feeder with up to 5 family members, allowing multiple users to manage feeding tasks.
- **Smart Home Integration:** Supports Amazon Echo devices for voice control of feeding.

Manual Feeding Button

On the feeder's control panel, there is a "+" button. A short press will dispense one portion of food. A long press (for 10 seconds) will reset the Wi-Fi connection.

Kibble Size Recommendation

- Recommended kibble size: 0.2 to 0.4 inches (5-12mm).
- Do not use any kibble outside this range, or it may get stuck in the feeder and fail to dispense food.
- Suitable for single-shaped dry kibble, mixed-shaped dry kibble, and freeze-dried food.

6. MAINTENANCE AND CLEANING

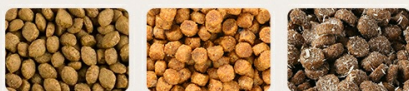

- **Detachable Food Tank:** The food tank is fully detachable and can be washed with water. Ensure it is completely dry before reassembling.
- **Stainless Steel Bowl:** The 304 stainless steel bowl is removable and dishwasher-safe for easy and hygienic cleaning.
- **Feeder Base:** The main feeder base containing electronic components is NOT washable. Wipe it clean with a damp cloth only.
- **Desiccant Bag:** Replace the desiccant bag periodically (e.g., monthly) to maintain food freshness and prevent moisture buildup.

Kibble Never Get Stuck Inside

7. TROUBLESHOOTING

- **Feeder not connecting to Wi-Fi:** Ensure your Wi-Fi network is 2.4GHz or 5GHz. Check that your phone is connected to the same network. Try resetting the feeder's Wi-Fi by long-pressing the "+" button for 10 seconds.

- **Food not dispensing:** Check the food tank for sufficient kibble. Ensure the kibble size is within the recommended range (0.2-0.4 inches) to prevent clogging. Clean the dispensing mechanism if necessary.
- **Battery backup not working:** Verify that 4 AA batteries are correctly installed and have sufficient charge.
- **App issues:** Ensure the Smart Life app is updated to the latest version. Restart the app or your phone if experiencing glitches.

For further assistance, please refer to the detailed troubleshooting section in the included user manual or contact PAPIFEED customer support.
