JUMMICO VC-0769A-3-0925

JUMMICO VC-0769A-3-0925 Smart Self-Cleaning Cat Litter Box User Manual

INTRODUCTION

Thank you for choosing the JUMMICO VC-0769A-3-0925 Smart Self-Cleaning Cat Litter Box. This manual provides detailed instructions for the setup, operation, maintenance, and troubleshooting of your new device. Please read it thoroughly to ensure safe and efficient use, providing a clean and comfortable environment for your feline companion.

IMPORTANT SAFETY INFORMATION

- Always ensure the device is placed on a stable, level surface.
- Do not immerse the main unit in water or other liquids.
- Keep children and pets away from the device during operation to prevent injury.
- Unplug the device before cleaning or performing any maintenance.
- Use only the provided power adapter.
- Do not use the device if any part is damaged. Contact customer support for assistance.

PACKAGE CONTENTS

Upon unboxing, you should find the following components:

- Main Unit (with pre-installed rotating drum)
- Cat Ear Shaped Top Cover
- Waste Collection Drawer
- 4 Support Legs
- Cleaning Brush
- Scented Pebble with Holder
- Power Adapter
- User Manual

- Plastic Waste Bags

SETUP GUIDE

1. **Unboxing:** Carefully remove all components from the packaging. Note the secure packaging with thick padding and protection around main parts.
2. **Remove Shipping Protection:** Locate and remove all shipping tape and the red safety tabs that secure the rotating drum during transit.
3. **Install Support Legs:** Turn the main unit upside down. Insert the four support legs into their designated slots on the base until they click into place.
4. **Prepare Waste Drawer:** Take the waste collection drawer. Line it with one of the provided plastic waste bags, ensuring it fits snugly. Insert the scented pebble into its holder and place it inside the waste drawer to help control odors.
5. **Insert Waste Drawer:** Slide the prepared waste drawer into the base of the main unit until it locks securely.
6. **Attach Top Cover:** Place the cat ear shaped top cover securely onto the top of the main unit.
7. **Connect Power:** Plug the power adapter into the designated port at the back of the unit, then connect it to a power outlet.

The entire assembly process is straightforward and typically takes about 10 minutes.

OPERATING INSTRUCTIONS

Automatic Cleaning Cycle

The JUMMICO Smart Self-Cleaning Cat Litter Box is designed for convenience. After your cat uses the litter box, the system automatically initiates a cleaning cycle. The internal drum slowly rotates, sifting the clean litter and separating clumps, which are then deposited into the sealed waste drawer below. The clean litter is returned to the main compartment, ensuring a fresh and hygienic environment for every use.

Nettoyage automatique pratique

Le ramassage des déchets s'effectue d'un simple geste sur l'écran tactile ou depuis votre téléphone

Image: The automatic cleaning mechanism sifting litter, ensuring a clean surface after each use.

Quiet Operation

The cleaning process is remarkably quiet, operating at approximately 35 decibels. This ensures that neither you nor your cat will be disturbed by the cleaning cycles, even during nighttime hours.

Fonctionnement ultra-silencieux préservant le sommeil de votre chat

Gardien de bons rêves pour vous et votre chat

Smart App Control

Connect your litter box to the dedicated mobile application via 2.4 GHz Wi-Fi. The app allows you to:

- Monitor your cat's weight, visit frequency, and duration.
- Receive alerts and track your pet's health status in real-time.
- Adjust cleaning settings and ambient lighting.

Surveillez la santé de votre chat en temps réel

Contrôlez le poids et la fréquence des toilettes de votre chat sur votre téléphone portable

Odor Control System

The litter box features a triple-action odor control system:

- A sealed waste collection bin prevents odors from escaping.
- An integrated scent filter neutralizes unpleasant smells.
- The overall design helps contain odors within the unit.

Double barrière anti-odeur pour un espace frais

Réservoir à déchets séparé empêchant les odeurs de s'échapper.
Livré avec un diffuseur de parfum au freesia pour neutraliser les odeurs

Advanced Safety Sensors

Equipped with 9 intelligent sensors (infrared, weight, and radar), the litter box ensures your cat's safety. The anti-pinch protection system immediately stops operation if any movement is detected, preventing accidents.

Système de Détection Intelligent

Sécurité optimale pour votre chat
- arrêt automatique pendant utilisation, aucun risque de coincement

MAINTENANCE

Waste Bag Replacement

The integrated 8.5-liter waste collector allows for up to 10 days of autonomous operation for a single cat. To replace the waste bag:

1. Unlock and pull out the waste collection drawer from the base.
2. Carefully tie the used waste bag and dispose of it.
3. Line the drawer with a new plastic waste bag.
4. Reinsert the waste drawer into the base until it clicks into place.

Cleaning the Unit

Regular cleaning ensures optimal performance and hygiene. Unplug the device before cleaning.

- Wipe the exterior of the unit with a soft, damp cloth.
- The rotating drum can be removed for thorough cleaning. Unlock the drum, remove it, clean with mild soap and water, rinse, and dry completely before reassembling.
- Use the provided cleaning brush for quick spot cleaning of the interior.

TROUBLESHOOTING

Issue	Possible Cause	Solution
No response after connecting to power.	Power cord not properly connected.	Check if the power cord is properly connected.
Unable to connect to Wi-Fi.	Incorrect Wi-Fi password or network issues.	Ensure correct Wi-Fi password and that your device supports 2.4 GHz Wi-Fi.
Litter box not cleaning automatically.	Automatic mode not activated or cat detected.	Ensure automatic mode is active. If a cat is detected, the cleaning cycle will be delayed.
Drum not rotating correctly.	Drum not installed securely.	Ensure the drum is properly secured.
Anti-pinch function triggered abnormally.	Obstruction or sensor malfunction.	Check for obstructions. Clean infrared sensors.
Indicator lights flashing rapidly.	Error or malfunction.	Refer to the app for specific error codes or contact support.
Cat's actual weight differs from displayed weight.	Device not placed on a flat surface or movement during weighing.	Place the device on a flat, stable surface. Ensure no movement during weighing.

SPECIFICATIONS

- **Model Number:** VC-0769A-3-0925
- **Dimensions (L x W x H):** 51 x 53 x 55 cm
- **Product Weight:** 13 Kilograms
- **Color:** White
- **Material:** Polypropylene (PP)
- **Capacity:** 90 Liters (litter compartment), 8.5 Liters (waste collector)
- **Special Features:** Cover, Smart App Control, 9 Safety Sensors, Odor Control
- **Specific Uses:** Cat Litter Box
- **UPC:** 788418912022
